

# Changes to Exam Credit Guidelines

Effective Academic Year 2024/2025

## Overview of Changes

### *AP Guidelines*

- AP Precalculus with a score of 4 or higher will count as three credit-hours in MTH 139. This course does not meet the Magis Core Mathematical Reasoning component requirements.

### *IB Guidelines*

- No Changes

### *CLEP Guidelines*

- No Changes

### *A-Level Guidelines*

- No Changes

## Changes to AP Guidelines

AP recently added a Precalculus course and exam. In consultation with the Mathematics Department and the Dean of the College of Arts and Sciences, we determined that this course does not fulfill the Magis Core Mathematical Reasoning component. However, this course with a score of 4 or higher on the exam could be equivalent to 3 credit-hours in MTH 139.
