Preschool Activities
Construction

Books we will Read
Diggers and Dump Trucks
Construction Zone

June 2nd-June 6th

Special Events
Water and Oil Bottles
Stumps and Nails

Things We Will Do
Build a Play City, Create a construction Site Poster,
Tire Track Art, Build a Bridge

Memo To Parents

We will be using a variety of materials to construct buildings and bridges. We will create a play city and design a construction site poster. While they are outside the children will do some tire track art and play with construction materials at the sensory table. We will paint sky scrapers using the easels that hang on the fence. The children will pound nails into tree stumps and tap golf tees into Styrofoam. We will discuss and observe things being built in our community.
