

INTERNATIONAL PAYMENTS TO CREIGHTON UNIVERSITY JUST GOT EASIER!

The most efficient means for an international student who is not in the United States to pay their student fees is through Travelex's Bank to Bank Transfer. This option allows you to pay the U.S. Dollar student fees in the currency of your choice and provides you with a simple and secure way of initiating a payment electronically.

You have a lot to think about when applying to a university abroad, including entering international markets to make payments for tuition and other university fees. Some of the complications you can encounter using current payment processes (international wire transfers or bank drafts) include:

- Payments are in a currency different from your local currency
- International wires are costly due to high banking fees
- Retail exchange rates are high
- Payment details provided by your banking institution to the university are sometimes incomplete, which can cause additional time for the university to apply the payment to your student account

Advantages of using Travelex's Bank to Bank Transfer include:

- You can easily make a bank to bank transfer by choosing the "Travelex Bank to Bank Transfer" link from the NEST website.
- You make your payment in the currency of your choice which will then be converted to U.S. Dollars.
- There are NO transaction charges from Travelex or Creighton University, though you may be charged a transaction fee by your bank.
- The exchange rate is valid for 72 hours after you have initiated the transaction. Your confirmation and payment must be received by Travelex within that period.
- The exchange rate is competitive when compared to retail rates of your financial institution and for many students their bank service fees are also reduced because the transaction is being initiated as a local transfer.
- Payments received will include your reference information and will ensure that your payment reaches your student account quickly.
