Monthly Payment: \$ _____

D. Down Payment Calculation

Enter number of months missed from start of plan:

= Down Payment Amount: \$ _____ -

Enter Application Fee (\$150, \$90, or \$52):

= Total Amount Due: _____ -

MET Plan Options:

12-Month Plan:

Plan begins in June and ends in May. Application fee is \$150.

10-Month Plan:

Plan begins in June and ends in March. Application fee is \$90.

4-Month Plan:

Plan begins in August and ends in November for the Fall semester.

Plan begins in January and ends in April for the Spring semester.

Application fee is \$52 for each semester you wish to participate.

All MET Plan options are processed on the 10th day of each month. If the 10th falls on a weekend or holiday, then the MET plan will process on the next business day.

You may enter the MET plan at anytime. A down payment will be required in addition to the application fee for any months you have missed since the start of the plan. Example: 10-month plan begins June 10th and you mail in your application July 12th, you would submit a down payment of two months (June & July) plus the application fee with your mailed MET application. Creighton would then set up automatic deductions from your bank account for your remaining eight monthly MET payments, beginning August 10th.
