

Report of the Executive Board for the Senate meeting 24 March 2009

The Executive Board has met once since the last Senate meeting. The meeting occurred on 17 March with the Committee chairs. At that meeting the Board heard reports from Committee chairs and discussed a written report from the Budget committee.

At the 17 March meeting two members of the UNO AAUP chapter were present and led an informal discussion on the processes and procedures involved in establishing a collective bargaining unit at Creighton. There was significant discussion following their presentation. As a result of the discussion, the Executive Board will organize a faculty forum on faculty governance for A&S faculty and we will invite Neil Norton to attend. In addition to the faculty forum, Dr. Cherney will continue to try to establish a formal liason between the A&S Faculty Senate and the University Faculty Council.

The agenda for the Faculty Senate meeting of 24 March was set.

Respectfully submitted,

HollyAnn Harris
