

Creighton University Department of Mathematics Invites You To Attend

Department of Mathematics Colloquium

Friday, October 5, 2018 | 3:30 p.m. – 5:30 p.m. | HLSB 522

Dr. Xijin Ge, Associate Professor of Bioinformatics at
South Dakota State University, Presents

“Learning R through Examples: an R Workshop for Total Beginners”

This hands-on workshop is designed to introduce new R users to the basic tools and options within R and R Studio. R is a free software environment for statistical computing and graphics. It has become a standard platform for analyzing data in both academic research and many industrial applications. All are welcome to attend this workshop and no experience is required. While it is helpful to watch the demonstration, bringing a laptop with R and R Studio installed is recommended. Join us in HLSB 503 at 3:00 p.m. for refreshments before the workshop.
