Creighton University Spanish Major & Minor

Knowing Spanish Brings Opportunities

Why Spanish?

“The language that will be essential for Americans and has far more day-to-day applications is Spanish...”

Nicholas D. Kristof
New York Times, 2011

Spanish, the second language of the United States, is an excellent choice for students pursuing a career in any field.

What can you expect?

Learning Spanish is not just learning grammar and vocabulary; it is learning how to act in another culture, how to know a new community from the inside.

Diverse courses: You will learn Spanish at Creighton University in exciting new ways, using technology and focusing on communication. A variety of courses with diverse focus are offered at every level.

Professional track: Courses for the professions such as Medical, Business and Translation provide the necessary knowledge to meet professional goals.

Study Abroad: There are several FLPA’s summer abroad programs that offer the opportunity to experience total immersion in the language and culture of Spain and Latin America.

Should you continue studying Spanish after high school?

Yes! Don’t waste your investment of time and effort; whatever you have learned is a foundation for further study. Stick with it.

Use your Spanish on the job. Seek out opportunities to use it in your community. In college, take more courses, study abroad for a summer, a semester, or a year.

More and more businesses work closely with companies in Spanish speaking countries.

They need many different kinds of workers who can communicate in Spanish and understand the culture.

No matter what career you choose, if you’ve learned Spanish, you’ll have a real advantage.

Spanish Major

Admission: SPN 201 w/ at least a “C”
