Extenuating circumstances required an online vote to approve a re-adjusted budget. Following the September 8th Cabinet meeting, a historical discrepancy of the rollover fund number was discovered rendering the budget passed by Cabinet inaccurate. The online vote was required to make funds available to CSU to cover expenses before student fees are collected in sufficient amounts.

The budget was passed via online vote of the CSU Cabinet on September 18th, 2013 on a vote of 9-0.
