UNIVERSITY

General Information

OVERVIEW

The EMS Refresher Course is designed to provide current information helpful in providing quality patient care in the emergency medical service setting. The content of the course is based upon the defined requirements as established by the National Registry of EMTs under which all EMT-Intermediates and Paramedics must re-register. Completion of this entire program will satisfy the 48-hour refresher training requirements, sections 1A and 1B for nationally registered paramedics. EMT-Intermediates will also be able to attend sessions to satisfy all of their 36-hour refresher requirements. NOTE: All EMT levels are required to submit a total of 72-hours of Continuing Education for national re-registration.

Although this course has been designed to satisfy the requirements for National Re-registration, credit will be awarded to all levels of certified/licensed EMS providers seeking continuing education hour-for-hour of contact.

COURSE DATES/LOCATION

This program has been designed for the participant to satisfy refresher-training requirements in a relatively brief period of time. Courses will be conducted one weekend per month over a three month period on the following dates:

January 23 and 24, 2010

February 13 and 14, 2010

March 6 and 7, 2010

All lectures will be held at the Creighton University campus — exact location to be announced. Maps and other information in the Omaha Metro area can be found at www.omaha.com.

FEES

The cost for attending the EMS Refresher course, which includes all applicable classroom materials is as follows:

Entire 48-hours—\$250.00

Single day registration—\$50.00

REGISTRATION INFORMATION

To register for the EMS Refresher Course complete the enclosed registration form and mail with a check, money order, or credit card information with the appropriate fee payable to Creighton EMS Education.

Deadline for registration is 7 days prior to the beginning of each program. Creighton University EMS Education reserves the right to cancel any course offering because of insufficient enrollment or unforeseen circumstances such as foul weather with a full refund to the registrant. Additionally, EMS Refresher Course coordinators reserve the right to make speaker substitutions as necessary.

Class size is limited, so early registration is encouraged.
