Name: _____ Student NET ID _____

CU College/School enrolled in: _____ Class level _____ # Hours enrolled Fall _____ #Hours enrolled Spring _____

Name: _____ Student NET ID _____

CU College/School enrolled in: _____ Class level _____ # Hours enrolled Fall _____ #Hours enrolled Spring _____

For students first enrolled at Creighton University after May 1, 2005, a \$1,500 grant per academic year will be given to students meeting the criteria listed below. The Family Scholarship is applicable toward direct tuition costs only, on a term by term basis. Family Scholarship applicants receiving a full-tuition internal scholarship or remission will not be allowed the monetary benefit of any other Creighton University scholarship or remission. If the first member of the family has received a full-tuition internal scholarship, the reduction will not apply to the second member.

Families that have more than one student registered full time in any Creighton college or school are eligible for the undergraduate Family Scholarship program. The scholarship is available to the second, third and any other immediate family member enrolled in an undergraduate program, when two or more are registered as full-time students in the same term.

Immediate family is defined as father, mother, husband, wife, son, daughter, or brother and sister. This reduction is applicable only to students enrolled in the College of Arts and Sciences, Business Administration, Nursing (four-year program), University College. The first member of the family may be enrolled in any school/college of the University. However, if the first member is enrolled in the Graduate School, the second and third members will be eligible for the reduction only if the graduate student is registered for eight or more hours in a semester.

A Family Scholarship application must be submitted each year you are applying for the scholarship.
