Name: Katie Johnson

Program: Clinical Anatomy

When did you begin graduate school at Creighton? August 8, 2016

Why would you be a good candidate for this position? I am very driven, hardworking, and organized. As Student Life Chair, being able to communicate and voice concerns of the graduate students is a major part of this position. Because I get along well with my peers and excel at communication, I would make a great candidate for this position.

What experience or qualifications do you possess that would help you serve in this position? As a small group leader in my bible study, I was responsible for organizing meetings and small team building events. I succeeded in this position by following through with emails and goals. I also worked as a TA in general and organic chemistry lab where I needed to teach and work with many students. Both of these positions required great communication skills.

List potential goals and ideas for the position:
I want to collaborate with both the Social Chair and Service Chair to better organize and advertise the events and programs offered to the graduate students. My goal is to increase the number of graduate students that attend events. One possible way of doing this would be through a rewards system for people who attend events.

Besides graduate coursework, what other time commitments do you have (jobs, organizations, committees, etc.)?
Intramurals

If elected, I understand and accept the duties of the office. Also I understand that my application will be made available online to all Graduate School students.
