

**Graduate Student Government
Online Student Representative**

Name: Kathryn Folk

Program: Ed.D / Interdisciplinary Leadership

When did you begin graduate school at Creighton? January 2018

Why would you be a good candidate for this position? As an online student, I get the good, the bad, and the ugly that goes with being part of this special community. I would like to do my part in bringing the online community closer into the circle of the greater Creighton community. I'm not afraid to take on this additional accountability and responsibility in order to make it happen. Finally, Strategy has been my favorite class thus far, and I could see where it would dovetail nicely into this position.

What experience or qualifications do you possess that would help you serve in this position? I've served on a few boards (1 church Vestry, 3 non-profits) and ran a boutique management consulting business for four years before changing careers.

List potential goals and ideas for the position: Drawing the community circle wider may include creating smaller nationwide and international networks, encouraging social media participation (Facebook cohort groups, following one another on Instagram / Twitter, etc.), and helping the chaplain foster online soul-care communities that would help (keep) our spirits through the next few years of graduate school.

Besides graduate coursework, what other time commitments do you have (jobs, organizations, committees, etc.)? Family commitments, part-time work, and a sorority house association board meeting once a month.
