
Name: Victoria Graeve

Program: MALS

Years you have been at Creighton: I am just starting Grad school here

Years left in program: 2

Officer position running for: Treasurer

Why are you interested in being an officer:

I want to get involved at Creighton and give back to the university. Also, I want to be a voice for other students that are going through the same situations as me. As an undergraduate at UNO I was very involved in student government and Greek life; now that I am a "grown up," I really miss being involved on campus.

Previous experience/qualifications for the position:

At UNO, I held various leadership positions that relate to the positions I am interested in, such as: student government senator, Student Advisory Board Committee Chairperson, Sigma Kappa Sorority Vice President of Recruitment, SK Alumni Representative, SK Social Chair, SK Vice President of Philanthropy and Foundations, SK Sisterhood Chair, UNO Honor's Program Student Advisory Council Treasurer. When I am not attending classes, I work on campus, so I am always available at Creighton.

Goals/idea for the position:

As I mentioned above, I want to be a voice for other graduate students on campus. With either position that I am interested in, I will advocate for what the majority of other students want. For instance, if I am elected as the CSU Representative, I will accurately represent the interests of the members of the Graduate Student Government and other students on campus. As Treasurer, I would not only do my job precisely, but I would try to find ways of increasing our budget; having an increase budget would allow GSG to provide more programs and other things to the Graduate Student body on campus.
