RefWorks Now at Creighton

Creighton University’s Health Sciences Library has purchased a site-license for RefWorks, a web-based bibliographic and database manager, and RefShare, an add-on module to RefWorks that provides users with a quick and easy way to share all or part of their databases with others.

RefWorks allows users to:

- create and organize a personal database online
- integrate with Microsoft Word to format citations and bibliographies
- input references from a wide variety of databases

RefShare greatly enhances collaborative projects. Users may share their references with members of the Creighton community as well as globally with any individual having Internet access.

To access RefWorks, go to the Databases page of the Health Sciences Library website (http://www.hsl.creighton.edu/HSL/Databases.html), scroll down and locate the RefWorks link. To get started using RefWorks, take advantage of the online tutorials, the online help, and the Quick Start Guide provided by RefWorks. In addition, a RefWorks tutorial used for RefWorks training sessions at Creighton University is available. Links to all of these resources can be found at the RefWorks link on the Databases page noted earlier.

Creighton University faculty, students, and staff have access to both RefWorks and RefShare at no cost to the individual user. Watch for announcements for RefWorks training sessions starting in September. Please contact the HSL Reference Department (refdesk@creighton.edu or 280-5138) with any questions.

Web of Science Coming to Creighton

The Health Sciences Library is pleased to announce the purchase of Web of Science, effective January 1, 2006. This rich research-oriented database has been purchased with initial seed money from the Vice President for Health Science Future Foundation Discretionary Funds. The Health Sciences Library and Reinert-Alumni Library are pleased that they are able to work together to provide joint, continuous funding to support research for Creighton University.

Look for more details about Web of Science in the November issue of the BiCInformer. Please contact Jim Bothmer, Library Director (280-5120 or jbothmer@creighton.edu) with any questions.
LRC Offers New Atmosphere for Fall 2005

Eight new Gateway Profile All-In-One PCs were added to the LRC computer area over the summer. There are now 32 PCs for student use. The Profile PCs are part of a remodeled LRC area that has been converted to ergonomically correct work stations. In addition, five student laptops have been replaced; there are now a total of eight high-performing laptops available for student use. All have built-in wireless for use anywhere in the Bio-Information Center Building.

LRC Hot Picks

Visible Human Dissector – This virtual cadaver includes over 2000 identified anatomic structures and all of the cross-sections from which they were derived. (VH Dissector will be accessible remotely after the rewiring of the Bio-Information Center. Presently, the virtual cadaver is located in the LRC Computer Lab.)

Exam Master Online – Users can take preset tests or create personalized tests from over 15,000 questions across the basic and clinical sciences. This resource is available at no cost to Creighton users. Go to the LRC web site to access Exam Master (http://www.exammaster2.com/wdsentry/cuhsl-1.htm).

Interactive Anatomy (Primal Pictures) – Images cover the entire body from skeletal to dermatomes, and include skeletal and muscular animations. All titles are based on the Visible Human project. Go to the LRC web site to access Interactive Anatomy (http://www.anatomy.tv/home.aspx).

Wired.MD – Provide education to patients on treatment plans and procedures using Wired.MD. This software includes up to 340 multimedia videos as well as over 1350 associated text handouts. (Some of these resources are available in non-English languages.)

LRC Adds New Streaming Title to Web Site

Video Atlas of Human Anatomy, by Dr. Richard Acland, University of Louisville, is the latest streaming video to be added to the LRC streaming product line. All health sciences students and faculty may remotely access this resource.

Through the Table of Contents or by searching a comprehensive index, the user may access six volumes of the video atlas. To access this series, go to LRC Streaming Videos at http://www.hsl.creighton.edu/HSL/lrc/streams.html.

LRC Offers New DVD Series: Visual Histology

The LRC now has David Moran’s Visual Histology series in DVD format as well as in VHS. Ask for VC3385 or DVD35.
Photocopy Service

The library supports all research with a pull and copy service (within copyright laws) of materials in our collection. This service is available at a cost of $.20/page to all faculty and distance education students. Copied articles may be delivered via campus mail, U.S. mail, e-mail (PDF), or picked up at the library. Request forms are available at all service centers or via the library website (www.hsl.creighton.edu/). If requesting via the website, select Library Services; next, select Request Materials. Payment can be by departmental accounts, cash, check or Jaybucks.

Call 280-5109 or e-mail the reference desk at refdesk@creighton.edu for more information.

Material Checkout

Loan periods differ with the type of material (books, periodicals, or reserves). Staff and students have a four-week loan period for books; Faculty has a one semester loan period. Books may be renewed once. Renewal may be done either online or by calling the circulation desk (280-5109). Bound periodicals (journals) may be checked out for one week by faculty, staff, or students and may be renewed once. Periodicals that are not bound (single issue journals) may be checked out for 24 hours and cannot be renewed. Reserve material is to be used only in the library and may be checked out for 2 or 4 hours depending on the material and the wishes of the instructor placing the item(s) on reserve. Contact the circulation desk: 280-5109.

Reserves

The Health Sciences Library maintains both electronic and print reserves. Electronic reserves are available 24 hours a day via the link on the Health Sciences Library homepage (www.hsl.creighton.edu/). From the homepage, select the Library Resources tab; next, click on the E-Reserves link. Users of electronic reserves should have the latest version of Acrobat Reader loaded on their PC. Print reserves, such as personal copies, are placed on reserve and are available for four-hour check-out for use in the library only. For further information, please contact Madonna Knudson at 280-5109 or madonn@creighton.edu

Interlibrary Loan (ILL)

ILL service is offered to Creighton University faculty, staff and students for a fee (see below). Most items can be delivered within 10 working days; rush delivery (48 hours) is available at an additional cost. Delivery can be via campus mail, U.S. mail, e-mail (PDF), or picked up at the library. Request forms are available at all service centers or via the library website (www.hsl.creighton.edu/). If requesting via the website, select Library Services; next, select Request Materials. Payment can be by departmental accounts, cash, check or Jaybucks.

Interlibrary Loan Charges

- In-state lending library: $2.00 - $5.00 per item (cost is contingent upon lending library’s charges to HSL)
- Out-of-state lending library: $9.00 - $15.00 per item (cost is contingent upon lending library’s charges to HSL)
- Rush delivery service: an additional $5.00 - $10.00 per item (this applies to both in-state and out-of-state lending libraries)

For more information, please contact Cindy Abel at 280-5144 or brujne@creighton.edu
LRC Resources

The following resources are available at the Learning Resources Center: anatomical models, videos, slides, audio digests, anatomical charts, CDs, DVDs, video journals, NCME videos, streaming videos, kits, Microsoft Self-Teach Collection, Kaplan Collection, AV reserves, wireless laptops, AV cluster rooms, Clinical Software, and a PC computer lab. For more information regarding LRC resources and services, access the LRC homepage via the Health Sciences Library website. From www.hsl.creighton.edu, click on the Library Resources tab; next, click on the LRC Link. LRC contact: Jane Romack 280-5130 or jromack@creighton.edu

Copyright for Course Materials

Do you need assistance obtaining copyright permission for course-related materials? We can help! The Library staff will contact the publisher and submit all the required information for you. For more information about this service, please contact Judi Bergjord (280-5199 or bergjord@creighton.edu) or the reference staff (280-5138 or refesk@creighton.edu). You may also request assistance via the web. Click on the Copyright link on our Library Services web page (http://www.hsl.creighton.edu/Services.html).

Computer Search Service

Take advantage of our expertise: ask a reference librarian to conduct your next literature search. There is no cost for this service and most search requests are completed within a few hours and are usually delivered via e-mail, although other options are available. Besides searching the major health sciences databases, we have access to hundreds of other databases via the Dialog® search system. Contact the reference staff at 280-5138 or use the Search Request form on our Library Services web page (http://www.hsl.creighton.edu/Services.html).

Educational Services

The reference staff provides a wide variety of educational services to faculty and students. We are available for classroom presentations, small group tutorials, and library tours and orientations. We will also work with faculty to design customized web pages featuring the most appropriate resources for a particular assignment or project. For more information contact Jeanne Burke (280-5143 or jburke@creighton.edu) or the reference staff (280-5138 or refdesk@creighton.edu).

Get'em at the LRC

The LRC now has 128MB USB flash drives for sale for $20. The drives are translucent blue with the white Creighton University logo on one side. Drives come with lanyard, key ring, extension cable and installation CD. Larger drives are available at the DoIT Help Desk in the Old Gym. These are great back to school items for yourself or your kids.

Qualitative Research in Evidence-Based Rehabilitation
(Churchill Livingstone, 2004)
WB 460 Q1 2004
Contributor: Dr. Gail Jensen,
School of Pharmacy and Health Professions
MORE CHANGES FOR THE LIBRARY

Last October, beautiful blue carpet was installed in the front half of the library’s first floor. This past June, new carpeting was installed on the remainder of the first floor, the “Pit”, and the mezzanine level.

Also in the “pit” area, check out the new “pub” tables.

A new sign to the north of the building now welcomes patrons.

In the LRC area (to the west of the Computer Lab), study carrels have been replaced with ergonomically correct work stations.

Additional improvements are planned for the library. The rest of the HSL / LRC will eventually sport new carpeting and an upgrade of the heating, ventilation, and air conditioning control system is planned. This upgrade will allow for better temperature control in different parts of the library.

Online Access to American College of Physicians’ PIER

ACP’s PIER (Physicians’ Information and Education Resource) is now available online via STAT!Ref. PIER is peer reviewed information designed to be the clinician’s manual for the standard of care. This point-of-care, evidence-based, decision support tool provides authoritative and current guidance for quality patient care.

To access PIER, go to the Health Sciences Library’s E-Books page (http://www.hsl.creighton.edu/HSL/ElectronicBooks.html) – scroll down until you find the PIER link. (Please be sure to use the logoff link at the top right when you are finished.)

Free Personal Print Subscription to Cell

As a benefit of the library’s license to Cell Online, Cell Press is offering Creighton University faculty, students, and staff the opportunity to subscribe to Cell in print at no charge, under the Cell Affiliated Subscription Program.

Why order your own print subscription when you already have online access to Cell via Science Direct? There are several reasons:

✦ **Convenience.** You can read the print version whenever and wherever you want; no computer or printer necessary.

✦ **Image Quality.** The graphics are better than what you typically see online or when printing out a PDF.

✦ **Browsing.** The print version is easier to flip through and find material that is interesting and relevant to your work that you may not have been searching for.

✦ **Advertising.** Stay informed about new products and services, conference announcements, and job opportunities found in print version ads that are not available online.

To order your free subscription, fill out the order form at http://www.Cell.com/freesub

The print subscription is for 26 biweekly issues (1 year) and the first issue of your subscription should arrive 4-6 weeks from the time of ordering.

If you have questions, contact Bryan Stack, Serials Librarian, at 280-5137 or cuhsl-serials@creighton.edu
PROFESSIONAL ACTIVITIES OF HSL/LRC STAFF

Nannette Bedrosky (Head of Technical Services) attended the following conferences: American Library Association Conference (Chicago, IL), Nebraska Library Association (NLA)/Nebraska Educational Media Association (NEMA) Conference, and Sirsi Midwest Users Group (SMUG) Conference.

Judi Bergjord (Reference Librarian) attended the following conferences: Medical Library Association (MLA) Conference, (San Antonio, TX) and Midcontinental Chapter of the Medical Library Association (MCMLA) Conference (Kansas City, MO). She was on the panel of the seminar, “Copyright” (Creighton University).

Diana Boone (Senior Library Specialist) served as member of: HSL/LRC Staff Development Committee, Web Team, Institutional Repository Group, Network Advisory Group, Public Services Committee, and Sirsi Technical Services Committee.

Jim Bothmer (Library Director) attended the following professional conferences and meetings: Medical Library Association (MLA) Conference (San Antonio, TX), Association of Medical Publishers Annual Meeting (Philadelphia, PA), Managing Digital Assets (Charleston, SC), Nebraska Library Association Annual Meeting (Grand Island, NE), Midcontinental Chapter of the Medical Library Association (MCMLA) Conference (Kansas City, MO), and the Sirsi Midwest Users Group (SMUG) Conference (Omaha, NE). He served as Chapter Chair of MCMLA, served as Advisory Committee President on the State Advisory Committee on Libraries, and presented a paper at the Nebraska Library Association annual meeting (Grand Island).

Jeanne M. Burke (Education Coordinator – Reference) attended the following conferences: Medical Library Association (MLA) Conference (San Antonio, TX) and Midcontinental Chapter of the Medical Library Association (MCMLA) Conference (Kansas City, MO). She served as Chair of the following committees: MCMLA Nominating Committee, ICON Education Committee.

Marcella Dial (Serials Assistant) attended the Sirsi Midwest Users Group (SMUG) Conference (Omaha, NE); presented a workshop – “Serials Processing Procedures” – at SMUG.

Jane Fishkin (Acquisitions Coordinator) attended the Sirsi Midwest Users Group (SMUG) Conference (Omaha, NE).

Jane Romack (Head of the Learning Resources Center) served in the following capacities: Program Development Chair and Publicity Chair for the Special Libraries Association (SLA) Omaha Chapter, Chair for Exhibits Committee of upcoming 2007 Midcontinental Chapter of the Medical Library Association (MCMLA) Meeting. She attended several seminars including: “Copyright” (Creighton University), “Go Digital” (Bellevue University), “Copyright Management” [Nebraska Library Commission (NLC)], “NEBASE Meeting/Content DM” (NLC), “PeopleAdmin” (Creighton University), “EEO Compliance Training for Managers and Supervisors” (Creighton University), and “Designing Publications” (Omaha, NE).

Bryan Stack (Serials Librarian) attended the North American Serials Interest Group (NASIG) Conference (Minneapolis, MN) and the Sirsi Midwest Users Group (SMUG) Conference (Omaha, NE).
