Health Sciences Library Conducting UpToDate Trial

The Creighton University Health Sciences Library (HSL) is conducting a trial of UpToDate, a clinical information resource. To access the UpToDate trial, go to http://www.hsl.creighton.edu/misc/trials/trials-Spring06-utd.html. Upon completion of the trial, fill out the evaluation form (http://www.hsl.creighton.edu/misc/trials/Form-Trial-Eval.html) and compare UpToDate with the other clinical decision tools (FIRSTConsult, eMedicine, ACP's PIER) that the HSL has purchased.

Please consider the following factors in your evaluations: 1) If UpToDate is licensed by the HSL, access will likely be only from on campus and in the hospital. Remote access to UpToDate requires an additional license at considerable cost. 2) Institutional access to UpToDate does not include software to load in PDA memory; Institutional access to FIRSTConsult and eMedicine includes such software. (Note: Remote access is available with FIRSTConsult, eMedicine, and ACP's PIER).

Your feedback during the trial period is of great importance to the HSL. If you have questions or comments, please contact the HSL’s Reference Service (refdesk@creighton.edu, IM name=cuhslrefdesk, or call 280-5138). The UpToDate trial ends May 31st.
