Double Majors

Students in the College of Arts and Sciences may complete more than one major. Students completing more than one major are responsible for all the normal requirements, including specified requisite courses, for those programs. Students must choose a primary major. Students in the College of Arts and Sciences do not receive dual degrees. All major programs of study completed are indicated on students’ official transcripts.

Minors

Minors offer students the opportunity to develop substantial knowledge in areas outside their majors and achieve the second and third College learning outcomes:

To think critically about information, assumptions, and arguments found in multiple forms of academic and cultural discourse; and
To integrate broad and diverse learning with at least one individually chosen academic discipline or professional field.

A student may not declare a minor until he or she has been accepted into a Major.

Eighteen credits of coursework are required to complete a minor. Students must achieve a cumulative GPA of 2.00 in courses toward the minor. Students declare minors online. The Minor Declaration Form can be found at http://www.creighton.edu/ccas/formsandlinks.

Associate Degrees

Associate Degrees at Creighton University are offered through University College. See page 287 for information.
