### 1.0 Animal Resource Facility Disaster Plan

The IACUC ensures that the Animal Resource Facility maintains an effective plan to respond to crisis events (Disaster Plan). The Creighton ARF Disaster Plan contains procedures to be followed in event of equipment (HVAC, electrical, plumbing) failures, natural disasters, disease outbreak, and animal rights activity. The Animal Resources Facility Disaster Plan is reviewed as part of the IACUC Semiannual Program Review. The Animal Resource Facility Disaster Plan can be found at <http://www.creighton.edu/researchcompliance/iacuc/sop/>.
