***Volunteers Needed  
for Diabetic  
Kidney Disease  
Research***

---

Marc Rendell, MD is conducting a research study at the Creighton Diabetes Center

This research is trying to determine if an investigational drug that is the first of its kind can be used to treat patients with Diabetic Kidney Disease.

We are looking for people who meet the following criteria:

1. People with a prior diagnosis of Diabetic Kidney Disease.
2. People between the ages of 19 and 75, inclusive.
3. A diagnosis of type 2 diabetes for at least 6 months.

If you are interested in knowing more about this research study, please call (or e-mail):

Merideth Dunn
