~ MEMORIES ~

Rollie has been my boss, mentor and friend for over 7 years. I have learned so much from him in this time, I am going to miss him immensely. One thing I am left to always ask myself is, "What would Rollie do?"; this has gotten me through many situations in the past and I know it will help me get through the rest of my life. I wish him the best- *Tami Thibodeau*

I really appreciate how personable Rollie always is and how he is always willing to listen to what you have to say. He is not only willing to listen, but takes action as well. His presence will be missed. -

Jr. Building Manager Erin Takeuchi

During my tenure at the SSC Mr. Hughes has not only been a role model, but a proactive initiator of student ideals into campus life. He whole-heartedly believes in his work and commitment to the students.

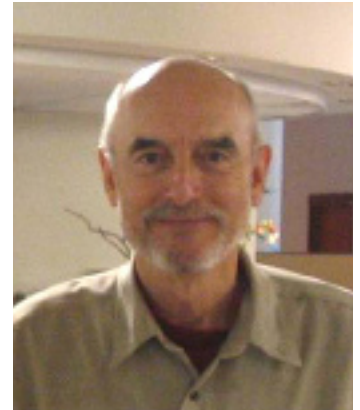

-*Sr. Marketing Coordinator Justin Hochstein*

Mr. Hughes is an amazing man whose presence always brightens your day. When you look in the main office after everyone has left and see his light on, you realize his dedication, which is an inspiration to us all. - *Sr. Building Manager Jake Webb*

MR. ROWLAND HUGHES

"An inspiration to many"

Since the inception of the Skutt Student Center into the heart of Creighton University, there has been a man charged with the task to uphold the ideals of a student union. This man hasn't been a shadowy figure or one to take refuge behind closed doors. Instead this duly chosen representative has made himself readily available not only to the staff, but to all the students who have entered the friendly confines of the student center. From his quirky jokes and the mind numbing trivia to the suspenders and bow ties, his character has always been an asset to the university. He has served as this guiding force for over twenty-two years. Mr. Rowland "Rollie" Hughes has been all of this and more. As a man who understands family, faith and friends, Rollie has shown us that dedication to something in which you firmly believe will spread like wild fire.

From the top floor in the Skutt Student Center a steady glow can always be found coming from Rollie's office. Demonstrating exuberance and dedication to his duties, Rollie has been a person to shoulder the responsibilities making the Skutt Student Center truly the "living room of campus." Additionally, he acquired the role of Director of the Harper Center in September when the building opened, and has continued to look out for the best interests of students on each end of campus.

Students aren't the only ones on whom Rollie has made an impact, though:

"While I have been at Creighton only for the last 9 years of Rollie's tenure, I know him to be the organizing force behind a well functioning facility; but more to the point, Rollie has truly been the Spirit of the Skutt Student Center as a generous, personal, and caring spirit. Thank you Rollie for all you accomplished. All best wishes and prosper in the next place of your life."

-*Fr. John P. Schlegel S. J.*

As the end of a chapter in life draws to a close for the Creighton family, tears will be shed, uneasy feelings forced back, and smiles representing times of happiness hang tenderly on the faces of those who knew Mr. Hughes. Always remember a new chapter will open, new pages will turn as the story progresses, not forgetting those who have departed and accepting those to come.

THANKYOU MR. HUGHES FOR ALL YOU HAVE DONE!
