Review of Minutes

Decision made to unofficially approve minutes from the February 20, 2012 meeting.

Food Service Information

Wareham Court Updates: Mediterranean Café presentation by Mike Fleming. Will take the place of the wrap station. Wraps will be incorporated into Blimpie. This café will bring foods such as hummus, gyros, pita chips, spanikopita. Will help with “destination” dining concept. Entrees with sides of choice. Pricing in line with current meal pricing. Taste test will be held at next meeting.

Other popular brands (Starbucks, Chik-fil-A) will be a couple of years out if we do them. For now we will move on with low-cost changes that bring big impact. We will address other changes in time.

Creighton University Dining Application: A decision has been made to hire a developer for this phone app. We will have a few people (Android) as testers.

Campus Bagel Update: We will now use the Bagel Bin as our source for bagels for retail and catering. Catering will use Panera as a premium bagel choice. Price and convenience were the deciding factors.
