

SWAN-I-GAMI

Origami Swan Instructions

1. Start with the square Swan-i-gami paper, design side up. Fold in half and open. Then fold in half the other way.

2. Turn the paper over to the white side. Fold the paper in half, crease well and open. Then fold again in the other direction.

3. Using the creases you've made, bring the top 3 corners of the paper down to the bottom corner. Flatten the paper. Make sure the wing is visible on one side and Swanson Spirit Week logo is visible on the other

4. Fold top triangular flaps into the center and unfold.

5. Fold top of model downward, crease well and unfold.

6. Open the uppermost flap of the model, bringing it upwards and pressing the sides of the model inward at the same time. Flatten down, creasing well.

7. Turn model over and repeat Steps 4-6 on the other side.

8. Fold top flaps into the center.

9. Repeat on the other side

10. Fold both legs of the model up. Crease well, then unfold.

11. Fold the legs along the creases you just made. Push each leg into the fold between the wings to create a neck and tail.

12. Fold one side to make a head, then fold down the two flaps to make wings.

13. Finished swan.
