A Presidential Welcome

Welcome to Creighton University! You are among a select group of academically successful and engaged students who we judge are prepared and poised for success in this next phase of your education.

Since becoming President of Creighton, I am convinced of the value of a Creighton education. On a daily basis I experience the supportive and nurturing environment that enhances our sense of campus community, and I also observe the multiple opportunities for student involvement on and off campus in co-curricular programs and service opportunities. Rooted in a 466-year tradition of excellence in Jesuit education, Creighton, as one of the leading comprehensive Jesuit universities in the United States, will provide you the opportunity to attain a first-rate education. I am personally committed to Creighton’s quality in the multiple aspects that will make up your college life.

Your time at Creighton will be challenging. You will learn to think for yourself, to judge issues in light of the facts, and to come to the most appropriate professional, moral and ethical conclusions. I hope you take up this challenge – to think, to judge and to act rightly – during your years among us and in your life beyond the University.

Creighton is a special place – enriching and enriched by its students. Creighton students have learned over the years not only to study hard, but also how to have fun, and in the process make lifelong friendships. It is this balance that can have your college experience most profitable for you, intellectually and socially. Underpinning all of this will be your moral and spiritual growth, your sense of community and your desire for service. These will become the foundation stones of your personal development.

Creighton begins its 130th year this September. There is a palpable momentum on campus, and the Omaha community senses that Creighton is “on the move.” And it is! You are joining the Creighton community at a most opportune and exciting time. Life on and off campus will not be dull! The new Harper Center will provide many new opportunities for student activities.

Over the generations, Creighton graduates have become leaders in their careers and professions; they have made a difference to society. It is my hope that you will join this partnership with us and that you develop into the person you want to be as you pursue the possibilities of Creighton and of Omaha. Again, welcome to Creighton. Be prepared to begin this journey and get engaged in leaving a legacy. Be prepared to be surprised!

Sincerely,

John P. Schlegel, S.J.
President, Creighton University

To the Newest Members of the Creighton Students Union:

Welcome to the Creighton family! You are joining our community at a very exciting time. New buildings on campus are being raised, innovative initiatives are being implemented, student leadership opportunities abound, the city around us is booming, and the community on Creighton’s campus has never been stronger. All of these factors come together to make the “perfect storm” for your individual formation, but you have to help Creighton help you.

As I told the students that attended Summer Preview, there are two things that you should do to get the most out of your Creighton experience. First, don’t miss out on the experiences out of the classroom. Keeping the Jesuit value of cura personalis (care of the whole person) in mind, it takes both academic and extracurricular activities to develop holistically. Get involved in something you are passionate about that will help hone skills you are learning in the classroom. Creighton is not lacking for different opportunities to get involved, and CSU is a wonderful place to start. The Creighton Students Union funds all student organizations, sports clubs, Program Board events, and is the all-encompassing student government representing all 6,800 students on campus to the Creighton administration, Omaha, and beyond. My second piece of advice is to find yourself a mentor. Creighton is brimming with faculty, staff, older students, and Jesuits that are interested in you reaching your highest potential.

As you begin your first semester here at Creighton, you are also about to embark on a new chapter of your life. Your time at Creighton will help you to realize your Dreams, Challenge you to make them a reality, and ultimately help you Grow into the person you want to become. As Welcome Week Coordinators, we are excited to introduce you to Creighton and help you achieve these dreams.

While you are at Creighton, many people will guide you through this exciting phase of your life. These people include staff members, professors, your Faculty Preceptor, Jesuits, and fellow students. The first people who will have the opportunity to help you with your journey are your Welcome Week Leaders. These students, wearing bright purple shirts, will be your guides throughout Welcome Week. They are here to help you and have a wealth of experience and knowledge to share with you, so please do not hesitate to approach them with any questions or concerns.

Filled with a detailed schedule and helpful hints, this booklet is your guide for a great Welcome Week. Like the rest of the University, our program is guided by Creighton’s Mission Statement and the Jesuit Values, and we hope that Welcome Week reflects the very best of Creighton. This week has been designed for you, so that you may discover what Creighton has to offer, meet new people, and realize what it means to be a student at Creighton. Make the most of this week so you can begin to incorporate these ideas and people into your own, unique journey through Creighton!

Jillian Liesemeyer and T.J. O’Neill
Welcome Week 2008 Coordinators

Thank You . . .

Welcome Week would not be possible without the help of many University departments, students, and local sponsors. We would like to thank Student Services, Residence Life, Inter Residence Hall Government, Creighton Students Union, Program Board, Public Safety, Sodexo, Pepsi-Cola, Panhellenic and Interfraternity Councils, the individual colleges and schools, the many businesses who have generously donated prizes, and all of the other departments who contributed to the program. We would especially like to thank our advisors, Joe Ecklund and Kathleen Warner, our Executives, our Welcome Week Leaders, and the entire Office of Student Success.
The Office of Student Success
Mission Statement

The Office of Student Success (OSS) provides services and opportunities that enhance the personal development, academic success, and retention of Creighton University students. Three key elements of student learning and development that define student success and frame our efforts are: new student transitioning; peer-to-peer learning; and academic support. Throughout all of our work, we underscore the Jesuit tradition in striving for excellence, caring for the whole student, and unifying the heart and mind.

The Welcome Week program is housed within the Office of Student Success and is a vital component to assisting new students as they transition into college life and begin a successful career at Creighton!

Creighton Jesuit Values

Magis - Literally translated “more”. This is the challenge to strive for excellence.
Women & Men For and With Others - Sharing gifts, pursuing justice, and having concern for the poor and marginalized.
Cura Personalis - “Care for the individual person.” Respecting each person as a child of God and all of God’s creations.

Unity of Heart, Mind, and Soul - Developing the whole person.
Integrating all aspects of our lives.

Ad Majorem Dei Gloriam (AMDG) - “For the Greater Glory of God.”
Forming & Educating Agents of Change - Teaching behaviors that reflect critical thought and responsible action on moral and ethical issues.

Points System

In the spirit of college life, we have created a fun Welcome Week competition to reward you for your participation in our events. When you attend an event, please sign in with your Welcome Week Guide or Beadle. The group with the highest percentage of members attending our events gets a special prize at the end of Welcome Week! Prizes will also be given randomly to students who sign in at various events. Your Welcome Week Leaders will tell you which events will be worth double (or TRIPLE) points.

The Office of Student Success

Mission Statement

The Office of Student Success (OSS) provides services and opportunities that enhance the personal development, academic success, and retention of Creighton University students. Three key elements of student learning and development that define student success and frame our efforts are: new student transitioning; peer-to-peer learning; and academic support. Throughout all of our work, we underscore the Jesuit tradition in striving for excellence, caring for the whole student, and unifying the heart and mind.

The Welcome Week program is housed within the Office of Student Success and is a vital component to assisting new students as they transition into college life and begin a successful career at Creighton!

Creighton Jesuit Values

Magis - Literally translated “more”. This is the challenge to strive for excellence.
Women & Men For and With Others - Sharing gifts, pursuing justice, and having concern for the poor and marginalized.
Cura Personalis - “Care for the individual person.” Respecting each person as a child of God and all of God’s creations.
Unity of Heart, Mind, and Soul - Developing the whole person. Integrating all aspects of our lives.
Ad Majorem Dei Gloriam (AMDG) - “For the Greater Glory of God.”
Forming & Educating Agents of Change - Teaching behaviors that reflect critical thought and responsible action on moral and ethical issues.

Points System

In the spirit of college life, we have created a fun Welcome Week competition to reward you for your participation in our events. When you attend an event, please sign in with your Welcome Week Guide or Beadle. The group with the highest percentage of members attending our events gets a special prize at the end of Welcome Week! Prizes will also be given randomly to students who sign in at various events. Your Welcome Week Leaders will tell you which events will be worth double (or TRIPLE) points.

A Presidential Welcome

Welcome to Creighton University! You are among a select group of academically successful and engaged students who we judge are prepared and poised for success in this next phase of your education.

Since becoming President of Creighton, I am convinced of the value of a Creighton education. On a daily basis I experience the supportive and nurturing environment that enhances our sense of campus community, and I also observe the multiple opportunities for student involvement on and off campus in co-curricular programs and service opportunities. Rooted in a 466-year tradition of excellence in Jesuit education, Creighton, as one of the leading comprehensive Jesuit universities in the United States, will provide you the opportunity to attain a first-rate education. I am personally committed to Creighton’s quality in the multiple aspects that will make up your college life.

Your time at Creighton will be challenging. You will learn to think for yourself, to judge issues in light of the facts, and to come to the most appropriate professional, moral and ethical conclusions. I hope you take up this challenge— to think, to judge and to act rightly— during your years among us and in your life beyond the University.

Creighton is a special place—enriching and enriched by its students. Creighton students have learned over the years not only to study hard, but also how to have fun, and in the process make lifelong friendships. It is this balance that can make your college experience most profitable for you, intellectually and socially. Underpinning all of this will be your moral and spiritual growth, your sense of community and your desire for service. These will become the foundation stones of your personal development.

Creighton begins its 130th year this September. There is a palpable momentum on campus, and the Omaha community senses that Creighton is “on the move.” And it is! You are joining the Creighton community at a most opportune and exciting time. Life on and off campus will not be dull! The new Harper Center will provide many new opportunities for student activities.

Over the generations, Creighton graduates have become leaders in their careers and professions; they have made a difference to society. It is my hope that you will join this partnership with us and that you develop into the person you want to be as you pursue the possibilities of Creighton and of Omaha. Again, welcome to Creighton. Be prepared to begin this journey and get engaged in leaving a legacy. Be prepared to be surprised!

Sincerely,

John P. Schlegel, S.J.
President, Creighton University

To the Newest Members of the Creighton Students Union:

Welcome to the Creighton family! You are joining our community at a very exciting time. New buildings on campus are being raised, innovative initiatives are being implemented, student leadership opportunities abound, the city around us is booming, and the community on Creighton’s campus has never been stronger. All of these factors come together to make the “perfect storm” for your individual formation, but you have to help Creighton help you.

As I told the students that attended Summer Preview, there are two things that you should do to get the most out of your Creighton experience. First, don’t miss out on the experiences outside of the classroom. Keeping the Jesuit value of cura personalis (care of the whole person) in mind, it takes both academic and extracurricular activities to develop holistically. Get involved in something you are passionate about that will help hone skills you are learning in the classroom. Creighton is not lacking for different opportunities to get involved, and CSU is a wonderful place to start. The Creighton Students Union funds all student organizations, sports clubs, Program Board events, and is the all-encompassing student government representing all 6,800 students on campus to the Creighton administration, Omaha, and beyond. My second piece of advice is to find yourself a mentor. Creighton is brimming with faculty, staff, older students, and Jesuits that are interested in you reaching your highest potential. Find a person that will help you discover your path here at Creighton and where it will lead you once you leave this institution.

However, you are beginning a journey that doesn’t stop in May of 2012. You are always welcome home because once a Bluejay, always a Bluejay. Good luck in your first weeks on campus, and I look forward to serving you as your CSU President.

All the best,

John P. Schlegel, S.J.
President, Creighton Students Union

Welcome to Creighton...

As you begin your first semester here at Creighton, you are also about to embark on a new chapter of your life. Your time at Creighton will help you to realize your Dreams, Challenge you to make them a reality, and ultimately help you Grow into the person you want to become. As Welcome Week Coordinators, we are excited to introduce you to Creighton and help you achieve these dreams.

While you are at Creighton, many people will guide you through this exciting phase of your life. These people include staff members, professors, your Faculty Preceptor, Jesuits, and fellow students. The first people who will have the opportunity to help you with your journey are your Welcome Week Leaders. These students, wearing bright purple shirts, will be your guides throughout Welcome Week. They are here to help you and have a wealth of experience and knowledge to share with you, so please do not hesitate to approach them with any questions or concerns.

Filled with a detailed schedule and helpful hints, this booklet is your guide for a great Welcome Week. Like the rest of the University, our program is guided by Creighton’s Mission Statement and the Jesuit Values, and we hope that Welcome Week reflects the very best of Creighton. This week has been designed for you, so that you may discover what Creighton has to offer, meet new people, and realize what it means to be a student at Creighton. Make the most of this week so you can begin to incorporate these ideas and people into your own, unique journey through Creighton!

Jillian Liesemeyer and T.J. O’Neill
Welcome Week 2008 Coordinators

Thank You...

Welcome Week would not be possible without the help of many University departments, students, and local sponsors. We would like to thank Student Services, Residence Life, Inter Residence Hall Government, Creighton Students Union, Program Board, Public Safety, Sodexo, Pepsi-Cola, Panhellenic and Interfraternity Councils, the individual colleges and schools, the many businesses who have generously donated prizes, and all of the other departments who contributed to the program. We would especially like to thank our advisors, Joe Ecklund and Kathleen Warner, our Executives, our Welcome Week Leaders, and the entire Office of Student Success.
