

## Speed Dialing: Set Up

The website to edit speed dial information is <http://cu-cm-1/ccmuser>.

Log in using your net-id and password.

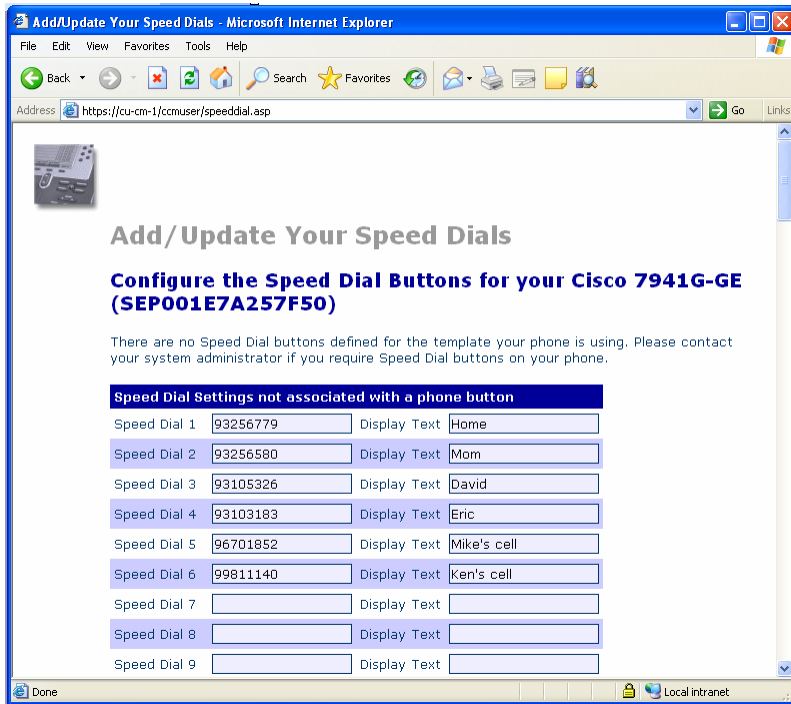

If you are unable to log in, please contact the service desk for assistance.

To the left is the menu after logging in.

If it says there are no devices registered to this user-id, please contact DoIT at x1111.

Otherwise, select the Add/Update your Speed Dials link.

Speed Dials can be added as at right.

The top group is designated as numbers displayed on the left hand side of the phone.

The second group is for numbers to be used with the abbreviated (speed) dial.

The update button is found at the bottom of the window.
