The afternoons included several activities. Tutors from the Student National Medical Association (SNMA) and Minority Health Science Student Association (MHSSA) begin meeting with students that requested their services especially for Physics and Calculus. On March 13th HCOP Program Supervisor Mark Patten an HIV/AIDS Educator, did a presentation on HIV/STD awareness for the students. At the end of the month the group began their PhotoVoice project. This is a project that has been discussed throughout the year. The students will be taking photographs of their community, with the goal of seeing how healthy their community is and what opportunities it provides to maintain a healthy lifestyle. The students have been issued their cameras and now are beginning to take the photographs.

Spring begins and there are only a few more months left of the Saturday Academy this academic school year. The month of March included the students spring break so the group only met 3 Saturdays. Most of March was dedicated to preparation for the SAT test that was taken at Central high school on March 13th. When the students returned to class on March 27th Kaplan continued on its review of the ACT with the students taking another practice ACT.

(HS-MACA Assistant Coordinator)
April starts off with Easter weekend so Creighton’s campus will not be open and there will not be a Saturday Academy. The following week the group will be taking its second ACT exam at Central high school on April 10th. April 17th the group will be back at work on ACT preparation. In the afternoon there will be interviews for those that have applied for the Summer Academy. The students will begin working with the Saturday Academy coordinator on their Individual Assessment Plans (IAP) and students will register for the June ACT exam. The afternoon of April 24th we will have a guest speaker from the office of admissions at Creighton at 1:30 p.m. Omar Valentine, Assistant Director of Admissions, will come speak about the College process and choices students and parents can make. The Saturday Academy would like to invite parents to come and listen to Omar’s presentation about college admission. He will also be speaking May 1st at 1:30 pm and we will be at our usual meeting place the Criss III
