ABOUT THE PROGRAM.....

What is the focus of hp?

Focus on Health Professionals is a program providing a service to teachers, parents and students in the Omaha area

Students receive inspiration and guidance on health careers, and discerning their path in life, including tutoring and shadowing.

Teachers receive help presenting science through hands-on demonstrations, role models for career exploration and speakers.

Parents receive advice on the proper preparation needed to help their child enter a health profession.

Where does “Focus take

Throughout the academic year, the classroom at Creighton University and the CUMC Hospital.

Summer Enrichment Programs entail a one-week science program for students in junior high.

Activities Include:

- Dissections and demonstrations with real animal hearts and eyes.
- Harvey Doll robot with real heart sounds.
- Medical students explaining body systems.
- Dental students help fill a real tooth.
- Pharmacy/OT & PT students demonstrate tools of the trade.
