Memo

To: Health Care Providers
From: Amy Cosimano, EdD, RN, Assistant Dean for Student Affairs
Re: Attestation of Physical Exam & Review of the Safety & Technical Standards – Undergraduate Student

As the personal health care provider for the undergraduate nursing student named below, please complete the following attestation concerning a physical examination required for participation in the College of Nursing’s clinical experiences. In addition, please read the attached College of Nursing Safety and Technical Standards document for undergraduate nursing students and verify whether or not the student is able to meet those standards.

Each student has already completed a self-attestation when accepted into the College of Nursing graduate program. At that time and annually, students state whether they meet those standards with or without reasonable accommodation. It is the student’s responsibility to request reasonable accommodations.

My signature attests to the facts that:

1. I conducted a physical examination for ______________________________ (print name) on ____________________, 20___ (date and year). On the basis of the results of the examination, this individual was free from evidence of contagious disease on this date and would not otherwise present a health hazard to hospitalized patients, residents of long-term care facilities, or any other persons with which this individual may come into contact while participating in the clinical nursing program.

2. I reviewed the Safety and Technical Standards of the College of Nursing with this individual, and determined that this individual:
   ______ can meet these standards
   ______ cannot meet the standards (please provide the rationale).

Provider’s Signature ________________________________________________________________

6. Can you meet the immunization requirements for Health Science students (see list below and go to the following website for more information:
http://www2.creighton.edu/studentservices/studenthealthservices/immunizationrequirements/index.php

• MMR vaccine requirement: 2 MMR vaccines given after the 1st birthday and at least 30 days apart are required
• Tuberculosis screening requirement: Initial TB screening – 2 separate PPD tests within one year (a.k.a., “two step”) or Provider Review if history of positive PPD. Then annual TB screening is required.
• DPT/Td requirement: A series of 3 doses of DPT, DTaP, or Td -- one within past 10 years; one dose Tdap (Adacel or Boosterix) (date must be after vaccine release day of May 2006
• Polio requirement: A series of 3 vaccines or positive Polio titer is required.
• Hepatitis B vaccine requirement: A series of 3 vaccines and a positive blood titer is required.
• Varicella/Chicken Pox Immunity requirement: If a student has a history of chicken pox disease, a positive blood titer is required. If a student has no history of chicken pox disease, a 2 dose series of vaccine is acceptable.

Yes_____  No_____     If no, why?
