# Memo

---

**Subject:** Medical Equipment/Supplies

Students generally need to have their own stethoscope, any basic calculator, and a watch with a second hand for their clinicals and preceptorship. In the past, we have had very good dealings with Standris Medical Supply for the stethoscopes. Most students order the Littman Classic II SE. We do not want you to be fooled that the best scopes cost the most money.

The web site for Standris is: <http://www.standris.com>.

Please indicate that you are a student at Creighton University – a designated group at Standris for our CU Student Nurses Association – group – when you place your order. The CUSNA gets points for orders and the prizes are given away at raffles.
