Innovation Initiative Title:  
Periodic training for supervisors of student employees

Identified Innovation Opportunity:  
Seminar-style training for supervisors of student employees, once per semester.

Brief Description of Innovation Initiative:  
Our council was tasked with setting specific standards for student employees to enrich their student employment experience. One important component of this process is to provide additional tools for supervisors of student employees.

Objectives and/or Learning Outcomes:  
• Supervisors will have direct understanding of the desired outcomes for their student workers  
• Supervisors will gain additional insight on communicating with student workers  
• Supervisors will be exposed to differing styles to develop their student workers  
• Supervisors will see their integral role in the development of students

Who/what is better served by this Innovation Initiative:  
• Students of Creighton University  
• Staff with supervisory responsibilities

Who are key partners/collaborators?  
• Human Resources  
• Creighton Career Center
