

Sustainability is creating and maintaining conditions under which humans and nature can exist in productive harmony that permit fulfilling social and economic requirements.

Purchasing Pup e-News

Office supply purchasers ...you know that green is gold!

Survey results are in & you reported that:

- Sustainable purchasing is a priority for you now and in the future.
- You want more education on sustainability.
- You could be doing more at home and at work to reduce your impact.
- You are willing to spend about 15% more to purchase a green product.

MAKE A DIFFERENCE

Creighton purchases TONS of paper products through Pay-LESS. Purchasing supplies with higher amounts of recycled content makes a SIGNIFICANT difference for the environment. Look for the "Green Office" in the Pay-LESS catalog.

USE YOUR P-POWER

Creighton spent more than \$400,000 on office supplies last year—that's a lot of purchasing power! Make a BIG IMPACT by buying sustainable (green) products and by purchasing only what you need.

BE A SAVVY BUYER

Green products perform as well as traditional products and in most cases are not more expensive. If they cost more, you can still stay within your budget—and be even more green—by using less.

Not like a virgin

For every 1000 pounds of paper, switching from virgin paper to 100% recycled paper would save—

- ♥ 2 tons of wood
- ♥ 4 million BTU energy
- ♥ 1,230 pounds CO2 equivalents
- ♥ 5,924 gallons water
- ♥ 360 pounds solid waste
