

## **PROJECT TITLE**

Pre-Major Service Learning Practicum: Assessment through Reflection

## **PROJECT ABSTRACT**

EDU 211 – Exploring Child and Adolescent Development is a Magis Core Curriculum Understanding Social Science course that includes a 35 hour required practicum in an assigned school classroom. This project proposes the creation, testing and assessment of student learning within a Practicum Reflection structure for those 35 hours of practicum. The structure will require each student to develop a routine of systematic reflection on each element of the practicum experience. Creation of a “reflective decision maker” is an outcome for all programs of Creighton’s Education Department.

## **PROJECT PARTICIPANTS/INVESTIGATORS**

Charles Timothy (Tim) Dickel, Ed.D.  
Professor of Education  
Principal Investigator

Max Engel, Ph.D.  
Assistant Professor of Education and Theology  
Co-Investigator
