

Change Notification

23 December 2016

Notification Number: CN-41569901

The purpose of this notification is to inform you of a change impacting product(s) purchased by your company within the past two years or for which a change agreement / commitment has been established.

Affected Product(s)

Item No.	Item Description
See Table 1	All products currently manufactured in St. Charles, MO

This change notification is related to

Production site location

Description of Change

To address improvement in reagent manufacturing supply, our company has recently announced that the reagent manufacturing currently occurring at the St. Charles site, located at 6 Research Park Dr, St. Charles, MO 63304, will be moved to our St. Louis site located at 3050 Spruce St, St. Louis, MO 63103.

There will be no change to manufacturing methods, materials or suppliers as part of this transition.

Reason for Change

The purpose of this project is to transfer the immunoassay production from our St. Charles site to our St. Louis site. This will increase our capacity to manufacture and deliver reagents in a more efficient manner.

Implementation Date/Batch Number

The anticipated timing of this transition is April 2017. Product is expected to be manufactured and shipped from the St. Louis location in Q2 2017.
