

FLP SEMINAR ATTIRE 2016-17

Hello Ladies!

- As I'm sure you know, as a part of FLP we will have weekly seminars with influential leaders of the Creighton and Omaha community! At these seminars, we will have four different types of attire: **themed casual**, **snappy casual**, **business casual**, and **business formal**.

Themed Casual

For fun seminars involving portfolios and community activist!

Snappy Casual

Snappy casual is basically looking nice...
But casually. Things you can wear include: nice jeans,
nice shirts, dresses, skirts, etc. Shoes can be flats, boots, or sandals.

Business Casual

Business casual is a bit tricky, but it is basically one step below business formal. It consists of nice pants/skirts, nice shirts, maybe a blazer (if your shirt doesn't have capped sleeves). Shoes are flats or heels 😊

Colored pants ARE allowed as long as they are not obscenely bright!!

Business Formal

Business Formal is probably the easiest of all!
This consists of a suit/ pencil skirt and
black/navy/tan/white/grey blazer

Or

A “formal” dress with a blazer. By formal,
I mean an appropriate length
with little to no patterns on it and
capped sleeves. If the sleeves
are not capped, a blazer **MUST** be worn.
Shoes are close-toed flats or heels.
