CHAPTER: Human Resources	ISSUED: 7/1/86	REV. A 5/18/94	REV. B
POLICY: Malpractice Insurance	PAGE 1 OF 1		

The University has Vicarious Professional Liability Insurance to cover its own legal liability for hospital and medical malpractice. The insurance also covers all students and employees of the University while acting within their duties as students and employees. Licensed employees (doctors of medicine and dentistry, registered pharmacists and registered nurses) are covered by separate policies.

The above policy statement on malpractice insurance is made upon the advice and counsel of the University's attorneys and the University's insurance advisors. This statement is not a contract of insurance coverage. Any insurance coverage is subject to the terms and provisions of the policies and contracts of insurance provided.
