When did you begin graduate school at Creighton?

I matriculated in the summer of 2016.

Why would you be a good candidate for this position?

I believe that I would be a good candidate for the GSG treasurer position because I have a strong work ethic and am dedicated to representing and supporting my peers. I highly value the community at Creighton University and have enjoyed being able to interact with that community at the various events that GSG has helped put on in the past like the finals-week dinner at Block 16 and the trip to the zoo. I know that these events are only possible with the careful coordination and hard work of the government in addition to its responsible allocation of funds. As treasurer, I would work closely with the other members of the Creighton GSG to not only help plan these events, but to also ensure that our funds are being properly used while carefully documenting all incomes and expenditures. Furthermore, as a member of the government, I would use my position to reach to and listen to my peers and represent their voices and interests at meetings with other members of the government and with campus administration.

What experience or qualifications do you possess that would help you serve in this position?

I have been involved with student government throughout my high school and undergraduate experiences and am highly adept at working on a team to best represent my peers. I have also served as a treasurer within a student government and for various student organizations in the past which has enabled me to develop strong book-keeping skills. Furthermore, I served on the Finance Committee at my undergraduate institution through which I helped allocate funds to various student organizations and was responsible to reporting our activities and funds to the student government and administration.

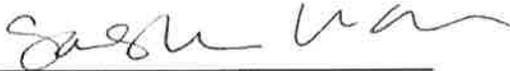

List potential goals and ideas for the position:

- Reach out to students from the various programs and organizations to ensure that funding allocation reflects the interests of all graduate students
- Propose a better distribution of events during the year so that students from the various programs can have more consistent interactions with each other
- Have a "meet and greet" event so that graduate students can meet the new government in person and have an easy means of providing feedback or voicing concerns

Besides graduate coursework, what other time commitments do you have (jobs, organizations, committees, etc.)?

I am currently not involved in any other organizations and would be able to devote as much time as needed to meet the demands of this position.

If elected, I understand and accept the duties of the office. Also I understand that my application will be made available online to all Graduate School students.
