## Presents The Biomedical & Life Sciences Collection: A Workshop and Discussion

**When:** Wednesday, March 9<sup>th</sup>, 2016, at 10AM

**Where:** BIC 114 Seminar Rooms or via **WebEx** from your own device (**See login info below**)

**We are pleased to invite you to come and experience exactly how the Collection can be used to benefit you and your students.**

As you know, the Creighton University has subscription access to The Biomedical & Life Sciences Collection providing immediate access to over 2000 online seminar style talks, specially commissioned by many of the top researchers in the biomedical and life sciences.

Beth Cohen, our Henry Stewart Talks representative, and Dr Iris Margalit, Scientific Content Consultant, will be at this Webinar.

### **The agenda for this workshop will include but not be limited to:**

- A short history of Henry Stewart Talks, who we are and where we are going –including our view of partnering with our end-users (YOU) and our view of the future!
- Blended/Hybrid learning, Flipped Classrooms and how the collection fits in
- The services we offer, included with your subscription access, to assist and make using the collection for your educational purposes as simple as you need.
- A detailed tour of the website including **how to use** special features, functions, and services provided, including the ‘matching’ of talks to your courses.
- The possibilities that exist for **using the talks in class, embedding in curriculum, segmentation of individual talks, e-learning, easily integrating the talks in your virtual learning space**
- Questions, discussion

**Feel free to share this invitation with colleagues in other areas that may also have an interest in this collection. We are hoping you can join us on Wednesday, March 9<sup>th</sup>, 2016, at 10AM!**
