END OF IRHG BYLAWS
ARTICLE I: OVERVIEW OF IRHG HISTORY
In the Fall of 1985, a group of resident students and staff began to formulate a proposal for developing a governing committee comprised of students for the residence halls. That proposal, officially accepted in the Spring of 1985, gave birth to an organization entitled the Residence Hall Association. The original intent of this organization was to give resident students a chance to fulfill the aims of the University through impacting life in the halls. Steven Conroy and other students were largely responsible for our beginnings as a force in impacting residence hall life. Early in 1990s, this organization became known as the Executive Council with representation from each of the Residence Halls through their specific hall or quad councils.

In the Fall of 1994, another group of students and staff began to re-engineer the idea of hall government. They developed the Creighton University Inter Residence Hall Government, an association with affiliation from each of the residence halls, specifically the Residence Hall Councils.

Today, Creighton’s Inter Residence Hall Government (IRHG) serves as the umbrella organization for each of the Residence Hall Councils in order to create a unified resident government. All Residence Hall Councils, Creighton’s Father John Holbrook, S.J. Chapter of the National Residence Hall Honorary, and Residence Hall Students are affiliated and are members of the Inter Residence Hall Government at Creighton University.

ARTICLE II: TRADITIONS AND CUSTOMS
The Inter Residence Hall Government and the Fr. John Holbrook, S.J. chapter of NRHH are dynamic organizations that respond to the needs of their constituents. But there have also been several traditions and customs worth noting that have been a part of Creighton residents’ lives for many consecutive years:

ARTICLE III: IMPACTS ON CAMPUS BY IRHG

Numerous programs and events have been enhanced or made possible by Inter Residence Hall Government funds. Various objective needs of Residence Halls and Apartment Complexes were met as a direct result of Inter Residence Hall Government resolutions. And the dynamic conversations the organization has with food services have resulted in many student-driven changes in dining options. Aside from these, Inter Residence Hall Government has made other lasting impacts on Creighton University’s campus. The following is a condensed collection of changes, projects, programs, and/or new initiatives that were “spurred on” as a result of student input or student representation. The Inter Residence Hall Government, the Residence Hall Councils and Apartment Councils are the residence hall student’s voice on campus and, as the examples show, they make Creighton a unique place to live & to learn.

(Listed in reverse chronological order.)

- Recommended that when water fountains in residence halls expire they be replaced with Britta Filtering and Water Bottle Filling Stations (Fall 2013).
- Recommended the enacted change of allowing student I.D. card access to the Reinert-Alumni Memorial Library Commons 24 hours a day, 7 days a week (Fall 2012).
- Recommended the addition of the Guest Hosting Policy to theMontserrat which allows Junior and Senior residents of Davis and Opus halls the freedom to host their own guests in the hall without checking them in at the front desk. This change grants residents great responsibility and ownership of their communities (proposed Spring 2012, enacted Spring 2013).
- Recommended and helped implement high-efficiency, front-loading washer and dryer installation campus-wide as well as implementing a Laundry Alert System (Spring 2012).
- Recommended and helped implement a campus-wide outdoor recycling program, which resulted in recycling receptacles being placed on the mall and near various campus structures (Spring 2010).
• Recommended the establishment of a campus-wide recycling program that remains in place year-to-year, effective in all residence halls, apartment complexes, and the greater campus (Spring 2006, Fall 2007, Spring 2008)

• Sense of the Body Resolution (Spring 2007). IRHG passed the Sense of the Body Resolution, which added the Diversity Statement to the IRHG Constitution. This resolution made IRHG the first ALLIED organization on campus.

• Identity Protection (Spring 2003). IRHG hosted a town hall meeting for students, faculty, and staff to learn of the university’s efforts in protecting students’ identities from theft and how the university was working to modify the system to no longer use the student’s SSN as the primary identifier.

• Library Archives (Spring 2003). IRHG requested that the university make efforts to protect the Library archives and preserve Creighton’s 125 years of history by making this a priority.

• Billy the Bluejay Statue (Fall 2002). IRHG, along with CSU, requested the administration consider the possibility of constructing a mascot statue in front of the new soccer complex. With the efforts of these two organizations, this statue will serve to promote school spirit and foster new traditions on the Creighton campus for students, faculty, staff, and alumni.

• Smoking Prohibited in ALL Residence Halls (Spring 2000). IRHG forwarded a proposal to the University Committee on Student Life and Policy to recommend that ALL residence halls are 100% non-smoking facilities starting with the 2000-2001 academic year. This proposal was accepted and was put in place for the Fall of 2000.

• JayGames was an inter-residence hall competition started by students in the Fall of 1999.

• JavaJay (Fall 1998). The name, the concept, the decorations, and the menu of this uniquely Creighton favorite all came from student feedback and input during the McGloin Hall construction.

• McGloin Residence Hall (Spring 1997). The very name of this hall was dedicated by the work of former Creighton students.

• Current residence hall leaders helped give input to shape the lobby, the need for a coffeehouse and students recommended that the suite-style building MUST include having students “live together” so as to learn from one another.

• Hosted an event called Price is Right Game Show (Fall 1991).

• Christmas Tree Blessing & Mall Lighting (Fall 1986). Students came forward from hall organizations and with residence life staff members to begin an annual tradition to kick off the season.
