Volunteers Needed for Diabetes Research

Marc Rendell, MD is conducting a research study at the Creighton Diabetes Center

This study is looking at how type 1 diabetes occurs in families.

We are looking for children or adults who meet the following criteria:

1. Participants between the ages of 8 and 45 who have a sibling, offspring or parent with type 1 diabetes or participants between the ages of 8 and 20 with a niece, nephew, aunt, uncle, cousin, grandparent or half-sibling who has type 1 diabetes.
2. Participants should not have been previously diagnosed with diabetes or be on an anti-diabetic medication.

If you are interested in knowing more about this research study, please call (or e-mail):
