Volunteers Needed for type 1 Diabetes Research

Marc Rendell, MD is conducting a research study at the Creighton Diabetes Center

This study is comparing Mylan's insulin glargine to Lantus.

We are looking for people who meet the following criteria:

1. People who have type 1 diabetes and are between 19 and 65 years old, both ages inclusive.
2. People who began insulin treatment within 6 months of type 1 diabetes diagnosis.
3. People who have been on a stable once daily dose of Lantus for at least 3 months.

If you are interested in knowing more about this research study, please call (or e-mail):
