

SAC Feedback Submissions - February 2018

I was hired as a faculty member in January 2017. At new employee orientation, I received a SAC brochure that said I would receive discounts at Creighton Pediatric Therapy Clinic. When I inquired about this discount at this facility, they said they were not able to offer this discount. Could you please clarify?

[This submission did have a contact email address but it has been removed for posting on this website.]

SACsational Discounts like the one referenced above are no longer available. The Staff Advisory Council worked with HR to identify the incorrect/outdated information being distributed to new employees. The brochure mentioned is no longer part of the welcome information. We apologize for the oversight.
