Welcome to Creighton University! Student Health Services (SHS) provides immunotherapy (allergy injections) to our students. We work closely with your allergist to manage your treatment. Allergy extract will be stored at SHS and will be reordered as needed by our allergy nurse.

SHS is a full-service medical clinic staffed with physicians, nurse practitioners, physician assistants, registered nurses, licensed practical nurses and certified medical assistants. We are conveniently located in the Harper Center.

Allergy appointments are available Monday/Wednesday/Friday from 9:00 to 4:00 pm and Tuesday from 10:00 to 4:00 pm.

Cost: $21.00 for 1 injection; $29.00 for 2 or more injections. Injection cost is subject to change.

An initial visit with an SHS medical provider is required before we can provide immunotherapy. Allergy injections are only administered when a medical provider (MD, DO, PA, or NP) is present in the clinic. Patients are monitored by our allergy nurse for a minimum of 30 minutes following an injection.

To begin the process of immunotherapy in our office, please contact Angela Maynard, RN, BSN (402-280-2598; angelamaynard@creighton.edu).

Sincerely,

Creighton University Student Health Services
