PURPOSE

The fully online EMS Instructor Continuing Education course at Creighton University provides EMS instructors like you with access to continuing education necessary to maintain your professional EMS educator credential. EMS instructors in Nebraska are required to complete 12 hours of continuing education within the 24 months preceding your license's expiration. If you are in another state, you may also be able to use these sessions, designed as one-hour modules, for your continuing education requirements.

Creighton University Emergency Medical Services

EMS Instructor Continuing Education course

OBJECTIVES

EMS providers who complete all modules will be prepared to fulfill the roles and responsibilities of an EMS educator, including:

- Discussing educator roles and responsibilities;
- Discussing broad principles of adult learning;
- Explaining factors influencing the learning environment;
- Analyzing various ethical and legal issues affecting educators;
- Developing course goals and objectives;
- Developing course presentation handouts and lecture notes;
- Developing course performance measuring instruments such as written, oral and psychomotor examinations;
- Developing course evaluation instruments;
- Developing valid written examinations, including well constructed multiple choice questions, short answer questions, true-false questions and essay questions; develop valid take-home and long-term assignments; and
- Developing psychomotor teaching scenarios.

TOPICS

The following course options are available for one CE hour each:

- Nebraska HHS Rules and Regulations
- Principles of Adult Education
- Evaluating in EMS
- Testing Design and Validation
- Good and Bad Lecturing
- Teaching Ethics
- Goals and Objectives
- Lesson Plans
- Create Your Own Topic (requires interaction with a Creighton EMS faculty member)

Designed for: EMS instructors
