

Creighton University School of Pharmacy and Health Professions Orthopedic Physical Therapy Residency

The program provides a post-professional clinical residency experience in the specialty area of orthopedic physical therapy. The experience includes clinical practice, clinical mentoring, teaching in the area of orthopedics, and opportunities for research and scholarly productivity. The resident will graduate with advanced clinical practice and teaching skills and will be eligible for the American Board of Physical Therapy Specialties orthopedic specialty exam.

MISSION STATEMENT OF ORTHOPEDIC RESIDENCY

The program is committed to developing specialization in advanced orthopedic clinical practice, teaching, and advocacy by providing focused, ongoing mentorship in preparation of residents who will become leaders in orthopedic physical therapy practice.

ORTHOPEDIC RESIDENCY PROGRAM AREAS OF FOCUS

1. The program will exemplify excellence in clinical practice through development of clinical expertise and attainment of specialist recognition.
2. The program will be recognized for advocacy, leadership, and service in the community.
3. All clinical practice sites utilized for education of residents will provide outstanding access to patients with orthopedic diagnoses and mentors with expertise in orthopedic physical therapy.
4. The program will provide an innovative curriculum emphasizing clinical reasoning and excellence in teaching.

THE CREIGHTON DIFFERENCE

Faculty expertise; curricular innovation: common core and IPE; foundations in clinical reasoning; leadership and scholarship.

All residents gain teaching experience in the following areas: classroom, laboratories, and clinics.

Our residents have a 100% first-time pass rate on the ABPTS specialty certification exam.*

**During the past 5 years.*

PROGRAM DETAILS

- Resident year is August 1–July 31.
- Resident is a Creighton University employee and receives benefits per Creighton University programs.
- Residents complete 28–30 hours per week of clinical practice and 12–14 hours of experiences that include teaching, labs, didactic training and a common curriculum with other residency (PT and OT) programs.
- Professional licensure in the state of Nebraska is required.
