

# Lucidpress

## TRAINING

UNIVERSITY COMMUNICATIONS  
AND MARKETING

# *Agenda*

- What is Lucidpress?
- Why Creighton needs Lucidpress?
- Brand elements
- How to use the platform
- Next steps

# *What is Lucidpress?*

A brand templating platform that empowers anyone to easily create professional, on-brand content.

*With  
Lucidpress,  
you can:*

- Create and edit documents
- Access to pre-made Creighton templates
- Update reoccurring projects without any delay
- Have our photos, logos and brand elements at your fingertips
- Download and export final files

Lucidpress *empowers*  
non-designers to create their  
own content, without the fear  
of going off-brand.

When a project does  
not meet the criteria for UCOM's  
Creative Team services,  
*Lucidpress is the preferred solution.*

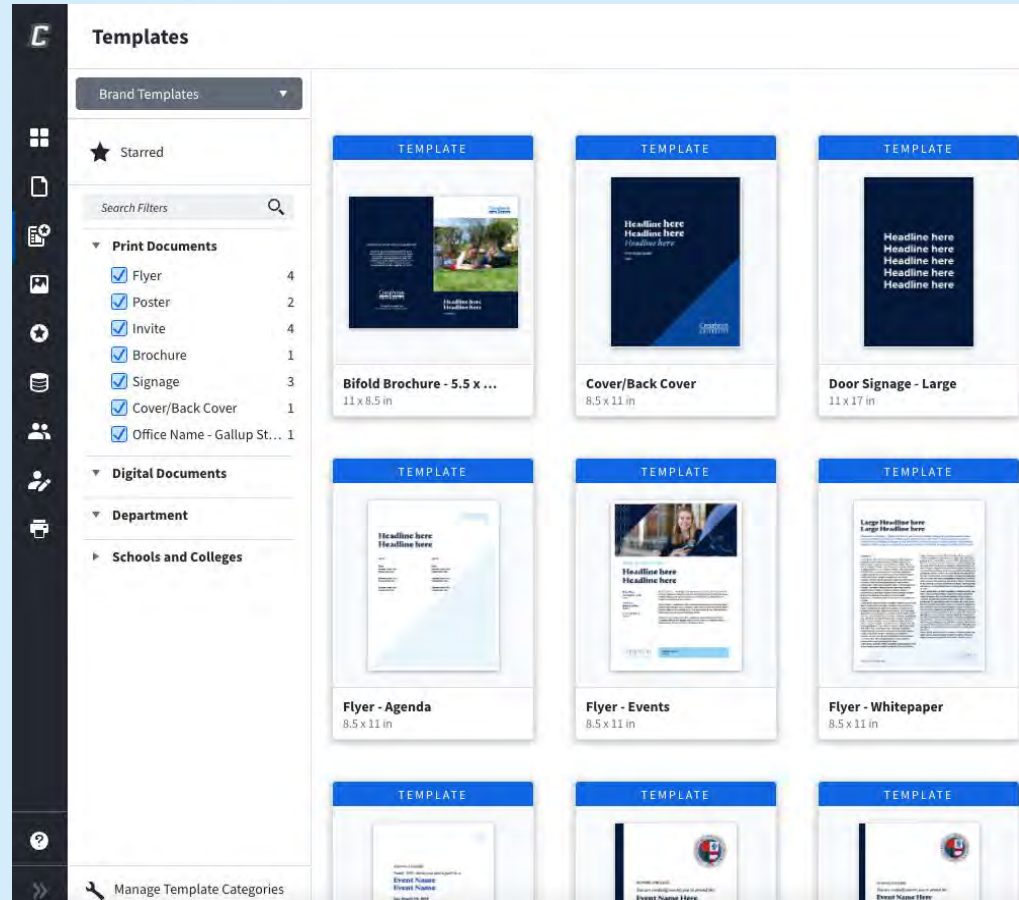

**Two** *options to choose from  
when creating a document:*

1. Customizable brand templates
2. Templates created from  
reoccurring projects

## OPTION 1

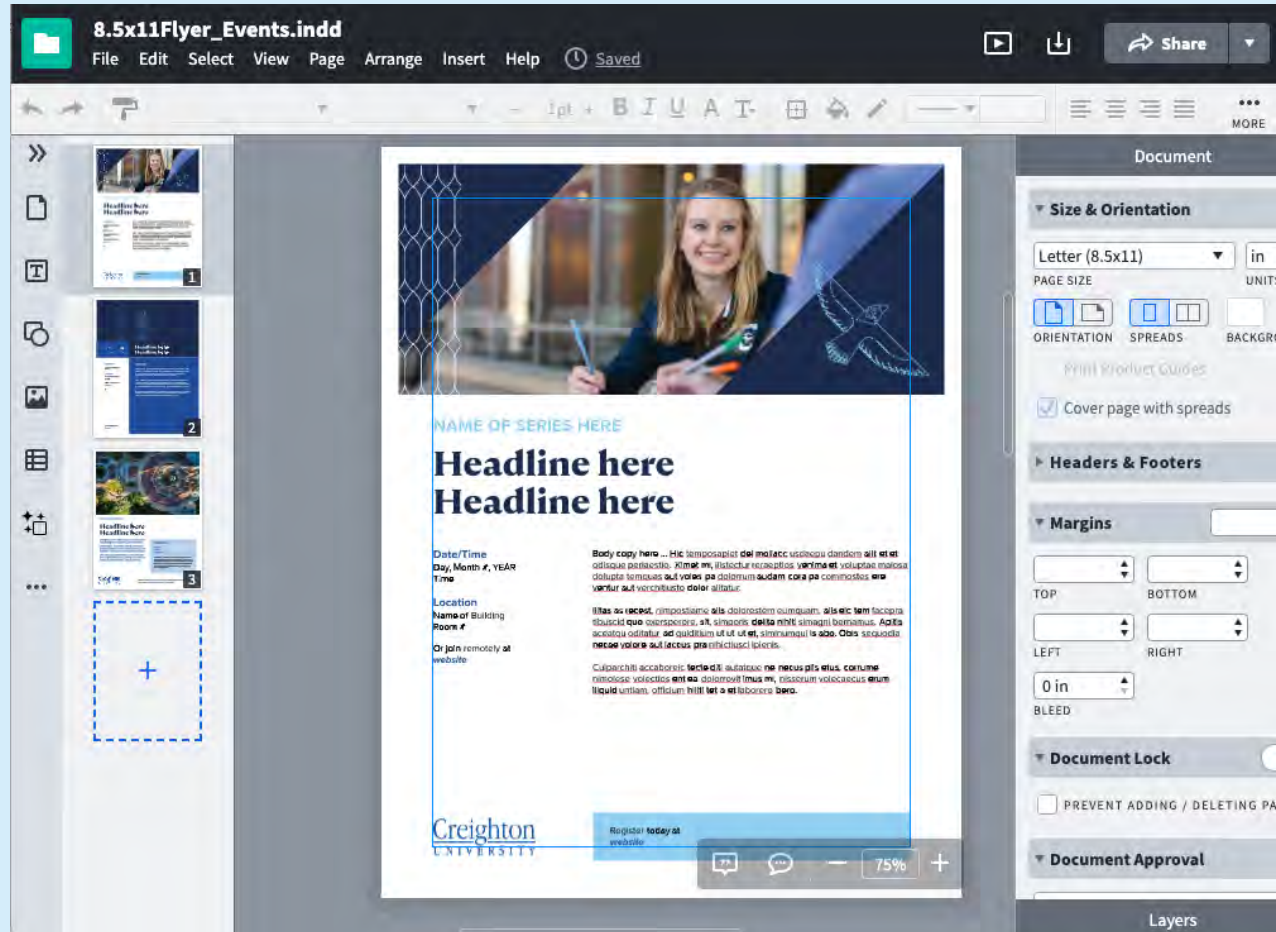

# Customizable brand templates

- All templates are centralized and organized in custom categories.
- **Templates include:**
  - flyers
  - posters
  - invites
  - brochures
  - social media posts
  - digital signage
  - ... and many more

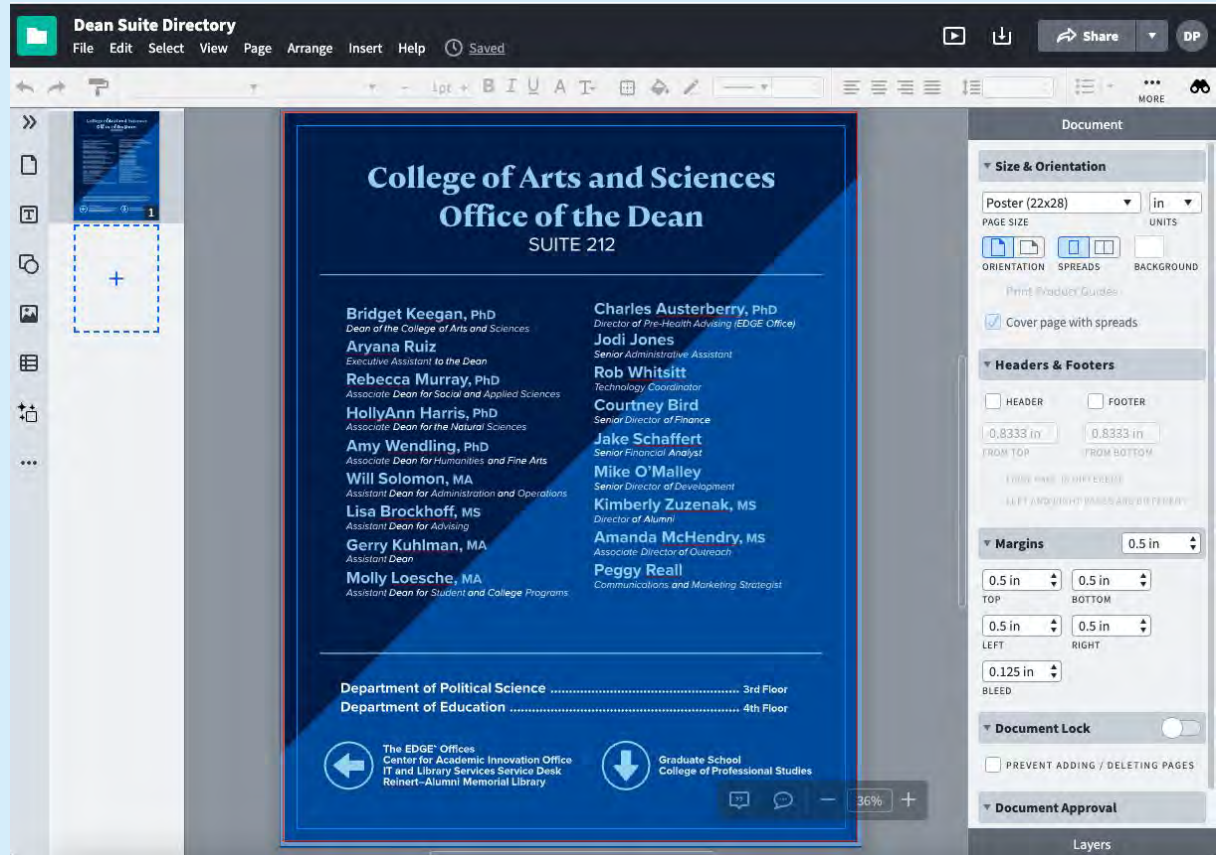

# Easy to customize

- Locked settings make it easy to know what is customizable.
- Images and text can be edited in real time.

# Reoccurring project templates

- We welcome project requests asking to convert an existing project into a Lucidpress template.*

## OPTION 2

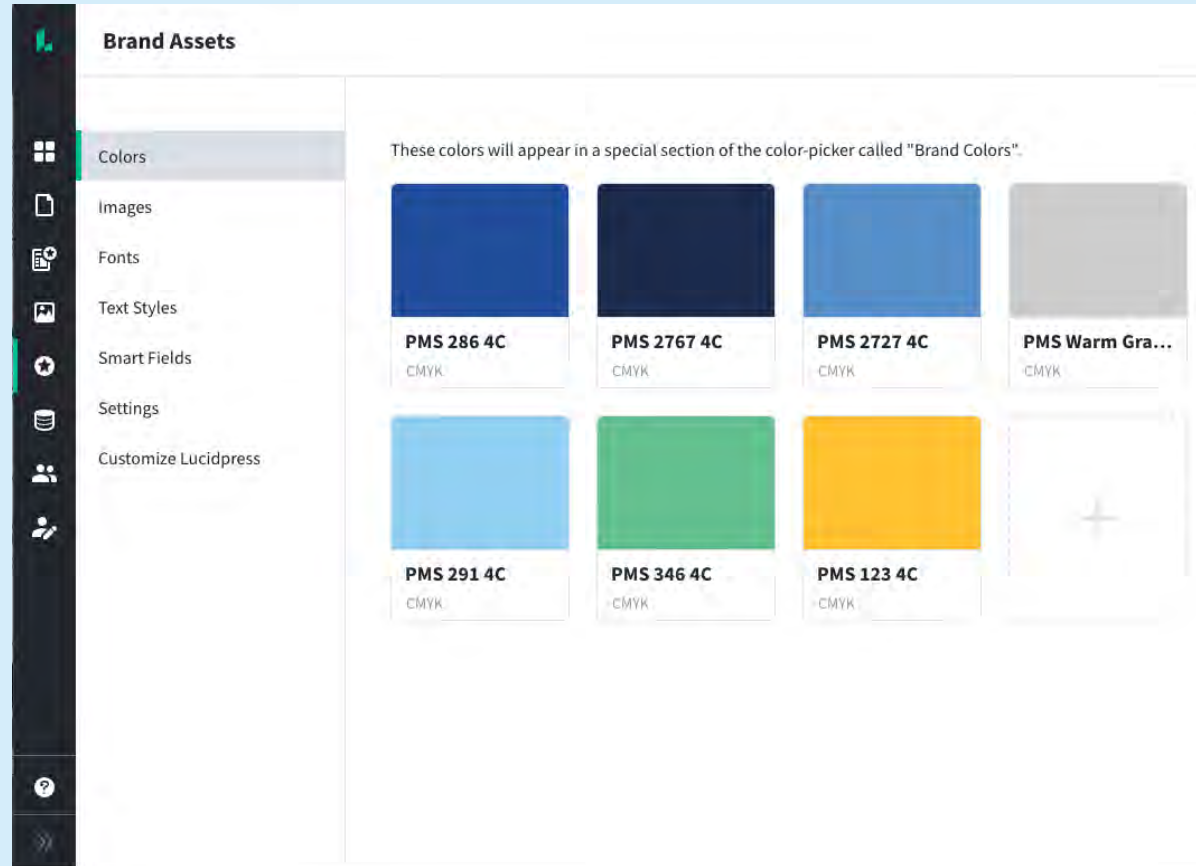

# Reoccurring project templates

# Tools to stay within brand guidelines

- Colors, logos, fonts and images are easy for you to access.

Fonts

Text Styles

Smart Fields

Settings

These fonts will appear in a special section of the font dropdown called "Brand Fonts." If you have a team, these fonts will be shared with the entire team. The font file needs to be in TTF or OTF and cannot be a right-to-left font.

▸ Nocturne Serif (8 files)

▸ Proxima Nova (10 files)

# *Access to Lucidpress*

Everyone participating in this presentation is part of our pilot program.

Lucidpress access will be granted to groups on campus via a shared email and password.

Username: [Lucidpress.Nursing@creighton.edu](mailto:Lucidpress.Nursing@creighton.edu)

*Password: Will be provided to you and is unique to each group.*

This allows you access to the work of others in your group, which assists in collaboration and efficiency.

*Let's dig in!*

### What would you like to do?

Some of the most common things are editing and organizing current documents or creating a new document from a Brand Template.

**Edit or organize your current documents and folders.**

My Documents

**Start designing by selecting a Brand Template.**

[Lucidpress.com](https://lucidpress.com)

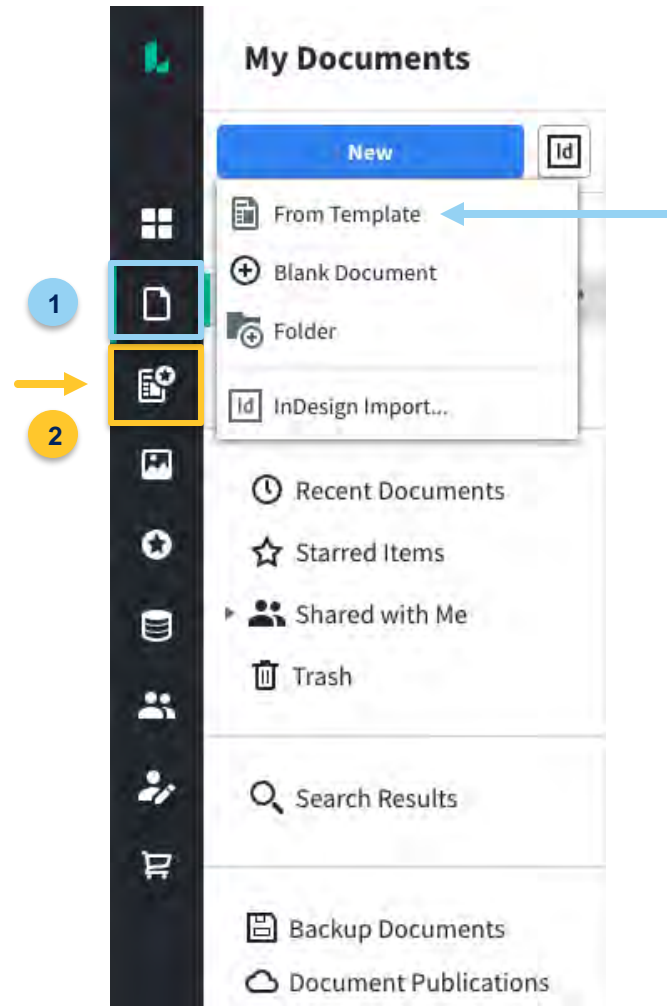

## STEP ONE:

# Find a template

- All templates are located on the left-hand side of your account home page.
- You can navigate to templates in 2 ways:
  1. Go to documents and choose “New” and then “From Template”.
  2. Choose template from the side editor

**NOTE:** In many cases the template you choose will have various design options and you can delete the design that doesn't apply.

## STEP TWO:

# Name your document

- When you start a new document from a template, you are asked to name your document.
- You can change the document name at any time on the upper-left of the editor.

**NOTE:** This document will automatically be saved in your “Documents” to be referenced at anytime.

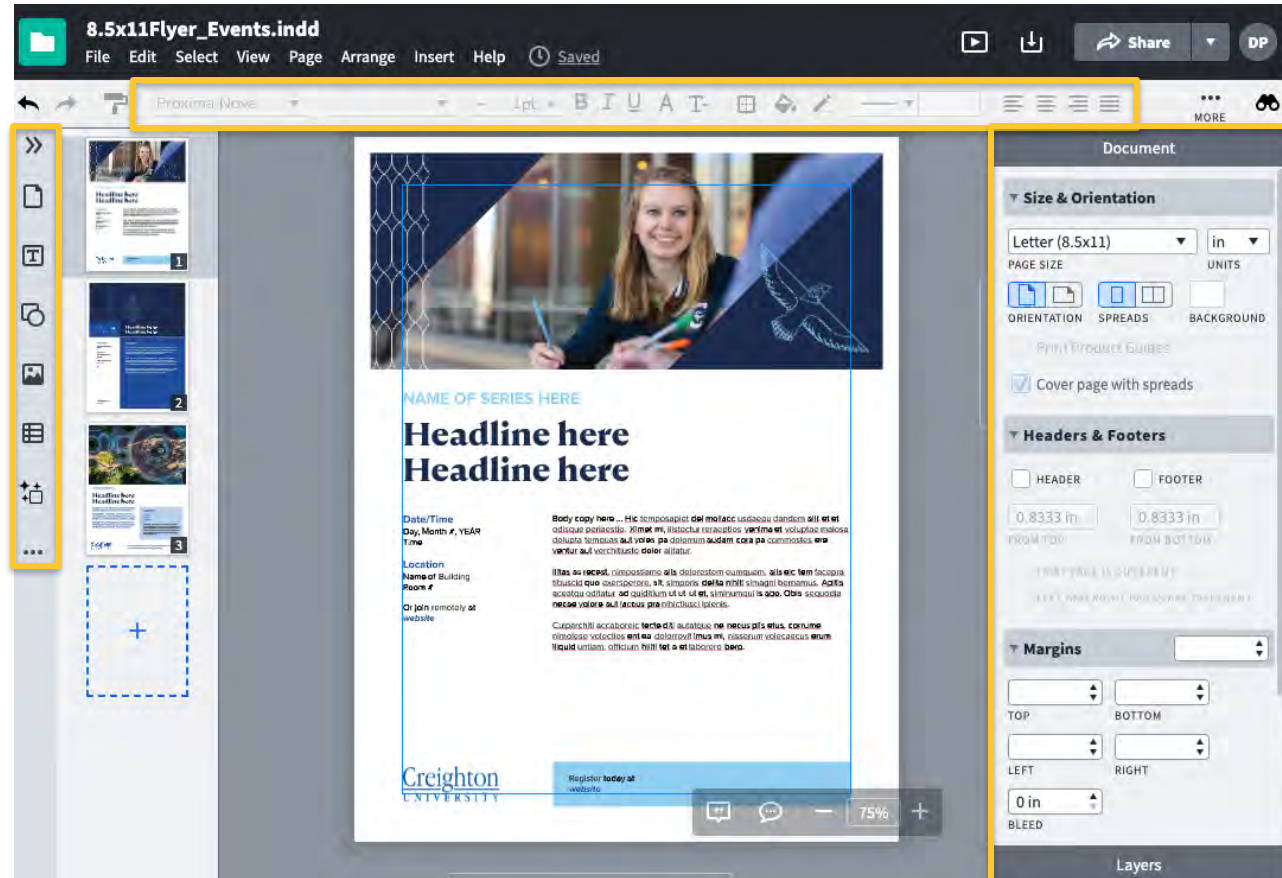

## STEP THREE:

# Edit your document

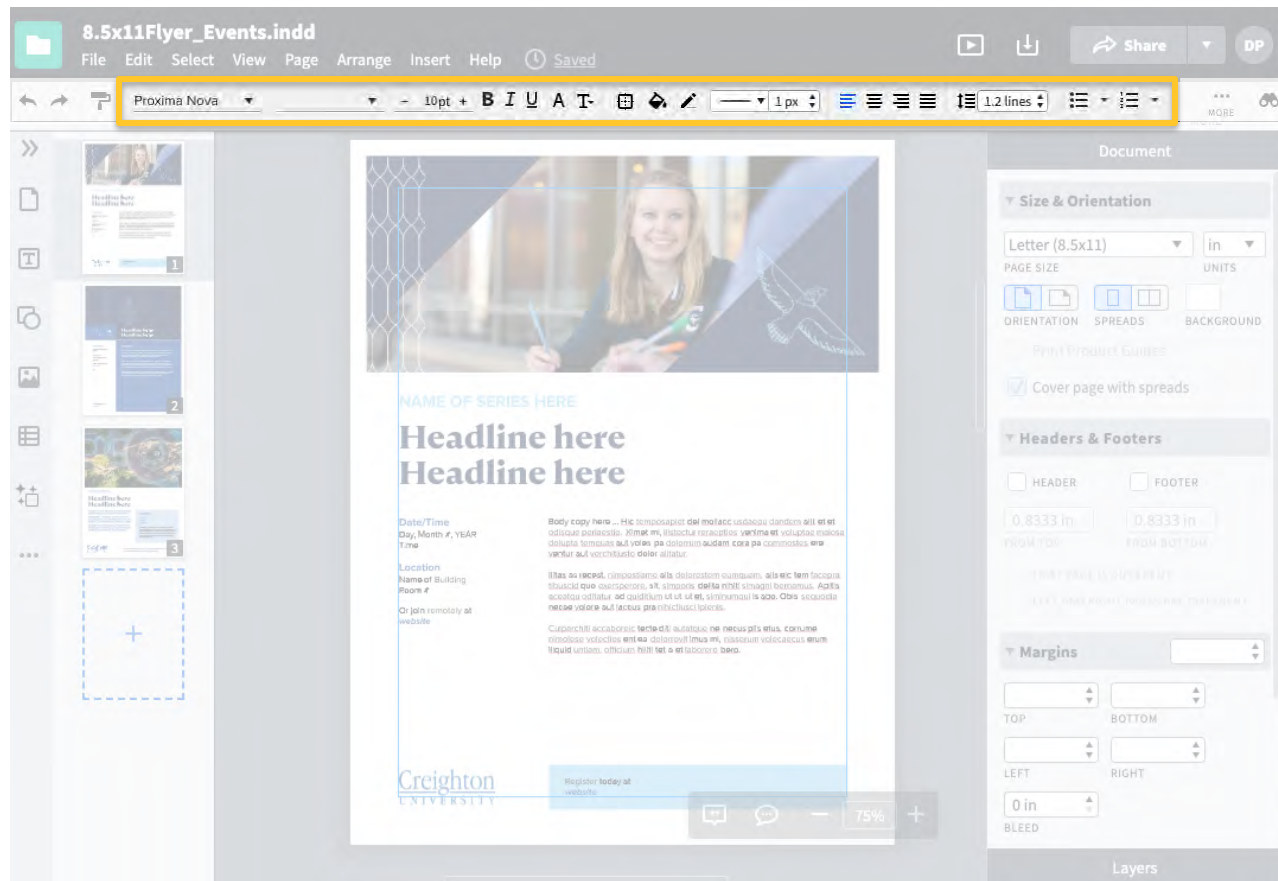

- There are three primary toolbars that are used for editing.

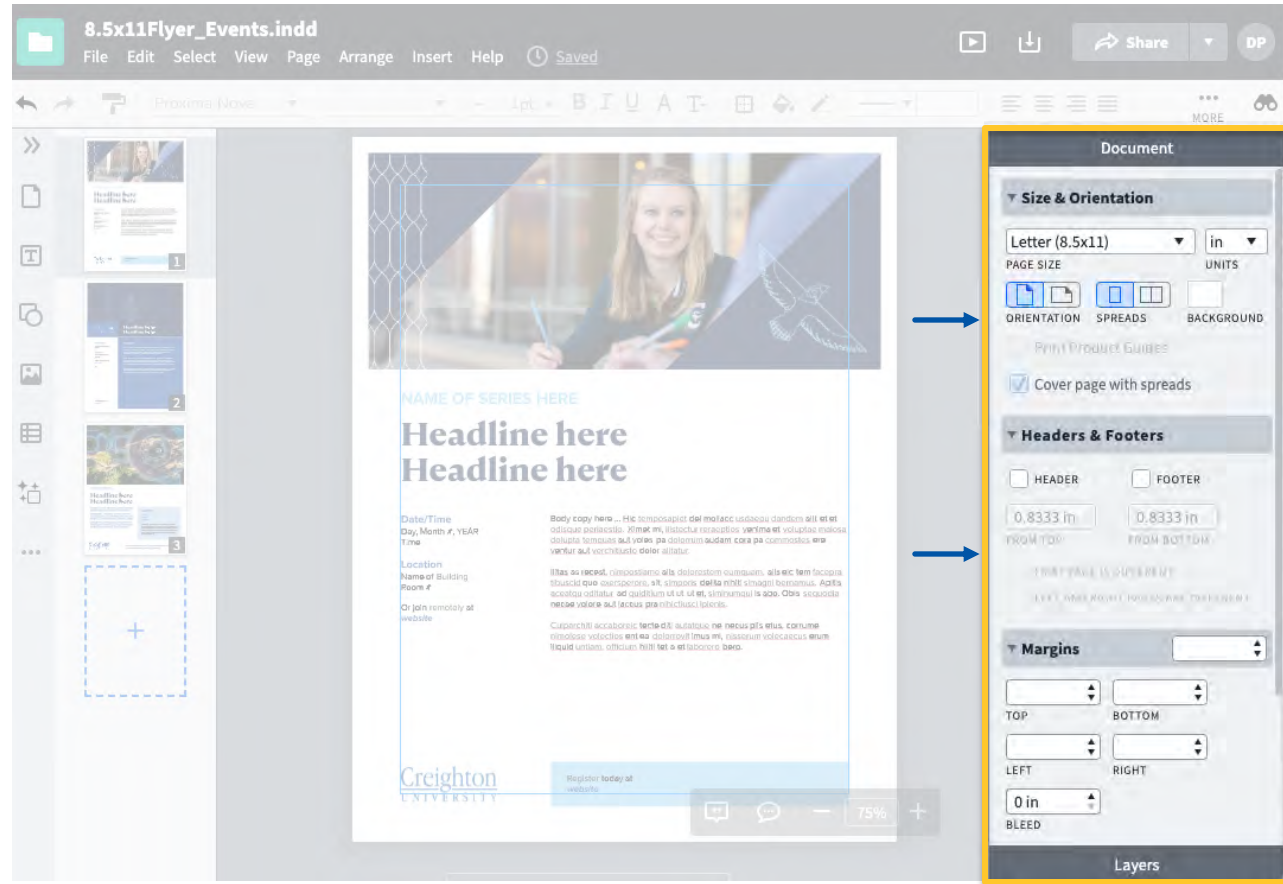

The icons on this side of the screen are used for adding pages, text, shapes, images, and tables to your document.

The top row contains your quick edits tool bar. Useful for changing text size, bolding, underlining and other useful tools.

The right side of the editor is where you will make adjustments to text boxes, shapes, images and change layout features.

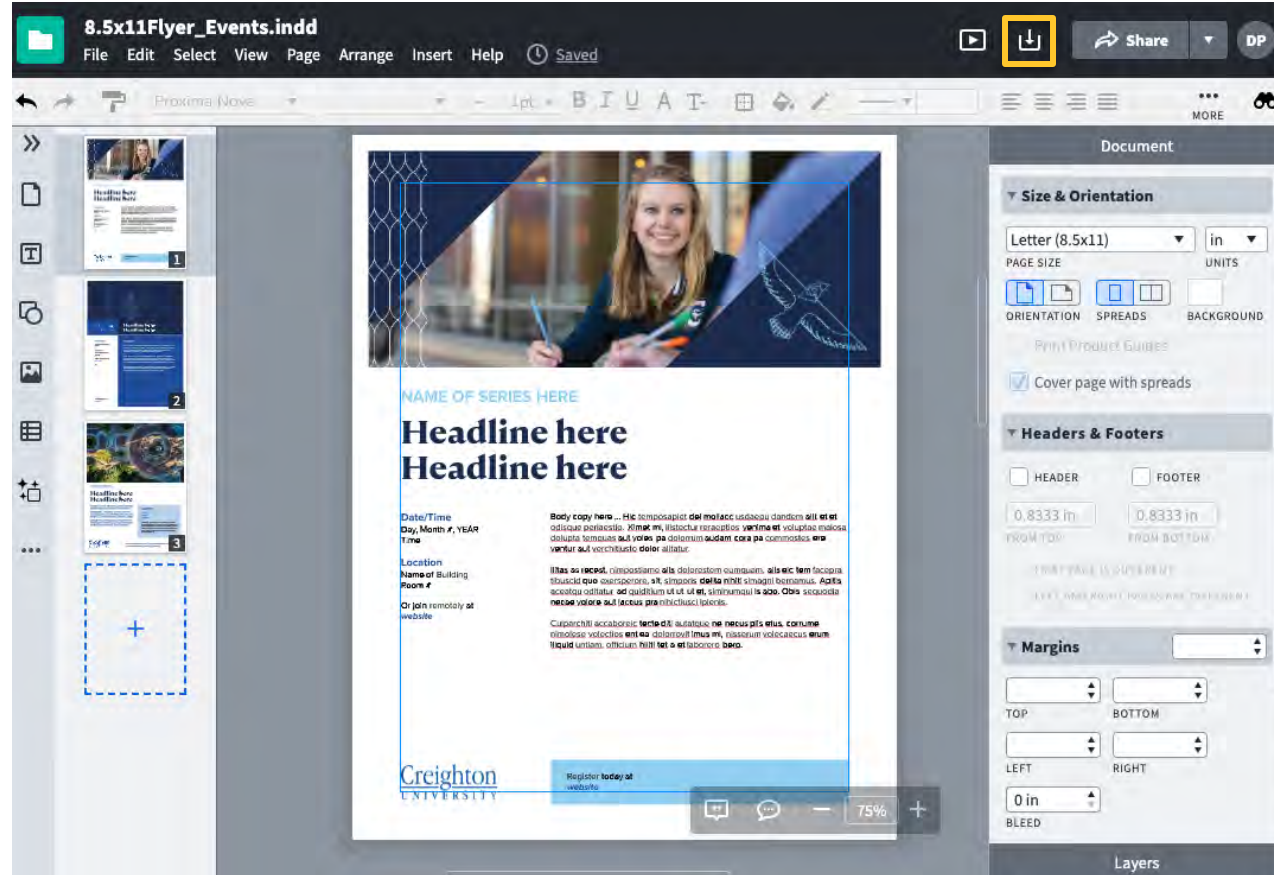

## STEP FOUR:

# Export your document for print or the web

- First click on the download arrow on top right

1. You have the option to create the following formats: pdf, png (*white background*), png (*with transparent background*) or a jpeg
2. Choose the pages you would like to export
3. Choose the resolution needed for your project.
  - Screen (72 dpi) – ideal for web graphics
  - Retina (150 dpi) – higher quality image, display signage, web-based pdfs
  - Print (300 dpi) – this option is **required** for all printed materials

**Options**

**Format** 1

PDF

**Pages** 2

☒ All

☐ Page Range e.g. 1-5,8,11-13

☐ Current Page

**Resolution** 3

Screen Retina **Print**

72 DPI 150 DPI 300 DPI

**Color** ?

None (default)

Embed Color Profile

**Advanced** ?

☐ Bleed Marks

☐ Standard PDF

☐ Print-friendly PDF ?

☒ Accessible PDF ?

[Accessibility Settings](#)

Cancel Next

4. Color can remain at “None (default)”.  
Do not change this setting.
5. If you are printing your document, please check “Crop Marks”.
6. Choose the pdf option that fits your project needs:
  - Standard PDF – for print pdfs (high resolution)
  - Print-friendly PDF – for print pdfs (high resolution)  
(*This setting will remove any searchable text or links which often causes issues with printing*)
  - Accessible PDF – for interactive, web-based pdfs which include hyperlinks

# Two great ways to learn more:

- Lucidpress video library  
<https://info.lucidpress.com/training-videos>
- Lucidpress courses  
[info.lucidpress.com/courses](https://info.lucidpress.com/courses)

## *Homework:*

1. Log into the Lucidpress platform.
2. Try it out and familiarize yourself with the tools we shared in today's meeting.
3. Watch a few tutorial videos and/or take a course in the Help Center

*Our next meeting is Friday, March 18,  
in Skutt Room 104 or on zoom, and we'll:*

- Hear from Tyson Mickelsen, our Lucidpress representative, on helpful platform tools.
- Answer any questions you may have.
- If you plan to join in person, please feel free to bring your laptop.

**Questions about Lucidpress?**

**Lucidpress.Service@creighton.edu**

## *Pilot Program Commitment*

- Initial Launch Presentation – March 14
- Try out the Lucidpress Platform
- Lucidpress User Training Session 2 – March 18
- Create projects in Lucidpress and share them with UCOM, along with your feedback/insights
- Feedback/insight sharing meeting — Date TBD

We can't *thank you* enough for being part  
of the Power User Pilot Program.

We ask that you offer your feedback and  
suggestions throughout this process!

The University Communications and Marketing  
Department *remains committed to supporting  
our campus partners* in their communication  
needs through Lucidpress.
