MISSION STATEMENT OF CREIGHTON UNIVERSITY

Creighton is a Catholic and Jesuit comprehensive university committed to excellence in its selected undergraduate, graduate, and professional programs.

As Catholic, Creighton is dedicated to the pursuit of truth in all its forms and is guided by the living tradition of the Catholic Church.

As Jesuit, Creighton participates in the tradition of the Society of Jesus, which provides an integrating vision of the world that arises out of a knowledge and love of Jesus Christ.

As comprehensive, Creighton's education embraces several colleges and professional schools and is directed to the intellectual, social, spiritual, physical, and recreational aspects of students' lives and to the promotion of justice.

Creighton exists for students and learning. Members of the Creighton community are challenged to reflect on transcendent values, including their relationship with God, in an atmosphere of freedom of inquiry, belief and religious worship. Service to others, the importance of family life, the inalienable worth of each individual and appreciation of ethnic and cultural diversity are core values of Creighton.

Creighton faculty members conduct research to enhance teaching, to contribute to the betterment of society, and to discover new knowledge. Faculty and staff stimulate critical and creative thinking and provide ethical perspectives for dealing with an increasingly complex world.

CREIGHTON UNIVERSITY STUDENT CREDO

Creighton, a Jesuit, Catholic university, is convinced that the hope of humanity is in the ability of men and women to seek truths and values essential to human Life. Creighton aims to lead all its members in discovering and embracing the challenge of using their intelligence and freedom in a way that values all persons. We therefore profess, and pledge our commitment to, the following creed:

- We believe in God, our loving Creator.
- We believe each person, created in God's image, is called to be God's child, and therefore possesses intrinsic value as a human being. This includes all persons and excludes any form of discrimination.
- We believe that the deepest purpose of each person is to enrich and share Life through love and reverence for the human community. This motivates our open and continuous pursuit of truth. For this reason, we foster reverence for Life in all its human potential.
- We believe in supporting all persons in their responsible contributions to the community through family, social interactions, and all Life endeavors.
- We believe that we must strive for a human community based on justice, mutual respect, and concern. In this context, we must cultivate care for our planet and its resources.
- We believe that laws exist for the benefit and well-being of individual persons, that legal systems must express the common good, and that governments must be respectful and open to thoughtful criticism by intelligent and responsible citizens.
- We believe that the laws of justice and love must regulate the personal, family, economic and global components of our Lives if civilization is to progress.
- We believe in the teachings and example of Jesus Christ.

(Revised August 2017)

STANDARDS OF CONDUCT

The Creighton University community is based on a Catholic, Jesuit tradition and is committed to supporting the intrinsic value of each human being. This tradition involves striving to create a human community influenced by the principles of justice and love, complete with respect and concern for all persons as children of God. The Creighton University community is dedicated to the promotion of values consistent with personal and academic excellence.

Choosing to join this community, whether as a student, faculty or staff obligates you to act in a manner that is consistent with these commitments. Joining the Creighton University community evidences your acceptance of these commitments and agreement to strive for their achievement. Commitment to living by these principles means that you will endeavor to:

1. Act with professional, academic, and personal integrity.

Consistent with this principle is conduct in accord with the academic honesty policy of the University, other University policies that foster a human community of justice, respect, and concern, and the code of ethics of your foreseen profession. This principle challenges you to shape a personal code of positive values, to live a healthy, balanced lifestyle, and to discover and embrace the responsibilities of your freedom, intelligence, and intrinsic worth.

Inconsistent with this principle are all forms of dishonesty, excuse-making, failure to take responsibility for your behavior, infidelity or disloyalty in personal relationships and violations of the code of ethics of your foreseen profession.

2. Respect and promote the dignity of all persons.

Consistent with this principle is growing in understanding of different cultures and groups, resolving conflicts fairly, appreciating peoples' differences, and seeking truths and values essential to human life and community. This principle challenges you to refrain from actions that threaten or discourage the freedom, personal safety, and respect that all individuals deserve.

Inconsistent with this principle are actions that compromise or demean the intrinsic worth of individuals or groups. All forms of racism, sexism, pornography, lewd behavior, harassment, intimidation, taunting, insult, physical harm, and discrimination are inconsistent with this principle.

3. Respect the policies and procedures of the Creighton University community and the rights of its members both on and off campus, as well as the just laws of the civic community and the rights of its members.

Consistent with this principle is the affirmative support for equal rights and opportunities for all members of the Creighton University community, realizing that you are a member of a larger community, with a responsibility to understand diverse societal issues, and being a responsible participant of the civic and Creighton community.

Inconsistent with this principle are actions that are illegal and that violate another's right to move about freely and securely, to live and learn in a community where members are secure in their property and person, to express themselves appropriately, and to enjoy privacy

4. Support the personal, professional, academic, and vocational development of the members of the Creighton University Community.

Consistent with this principle are actions that are compassionate and considerate of the needs and well-being of others and that encourage the development of students' moral, spiritual, intellectual, emotional, personal, and vocational abilities.

Inconsistent with this principle are actions that are insensitive, inhospitable, spiteful, or which unjustly or arbitrarily inhibit another's ability to securely pursue goals in accord with the development of their abilities.

These Standards of Conduct apply to all Creighton University students, student organizations and clubs. All members of the Creighton University community are obligated to promote actions consistent with these principles, and to appropriately confront, challenge, and respond to actions that are inconsistent with these standards both on and off campus.

STUDENT ACCOUNTABILITY

A. Values Statement

The Creighton University community is based on a Catholic, Jesuit tradition and is committed to supporting the intrinsic value of each human being. This tradition involves striving to create a human community influenced by the principles of justice and love, complete with respect and concern for all persons as children of God. The Creighton University community is dedicated to the promotion of values consistent with personal and academic excellence.

Creighton fosters an environment of learning from experience and moving beyond negative choices. The discipline process is built on the foundation that the process should be educational and helpful to the student's development. We aim to support students as they work through the potentially uncomfortable process of making choices that better reflect the personal and communal values articulated by the Jesuit values central to the mission of Creighton University.

B. Purpose of Student Accountability

The education process at Creighton University is founded on Christian ideals and is committed to intellectual growth, the search for truth, and the development of such attributes as integrity, human dignity, and the concern for others. Creighton University is committed to a fundamentally fair process.

The regulations set forth in this handbook and in other official University bulletins are essential to the University's educational purpose and the promotion of community life. The major emphasis of this misconduct system is the education and development of the student and the protection of the rights of other members of the University community.

C. Obligations of a Student

By voluntary entrance into the Creighton University community, the student assumes obligations of performance and behavior, both on and off campus, reasonably imposed by the institution. These obligations are in addition to those imposed on all citizens by the civil and criminal law.

D. Inherent Authority

The standards and procedures set forth in this document are those the University normally applies to disciplinary matters. The University reserves the right to take necessary and appropriate action to protect the safety and well-being of the campus and community. This includes the right to suspend or expel or request the withdrawal of a student at any time, with or without specific charge or hearing subject only to the student's right to request the Provost to review the academic or academic-related disciplinary matters, and the student's right to request the Vice Provost for Student Life to review behavioral disciplinary matters, as the case may be.

E. Behavioral Misconduct Procedures

All University students are members of both a particular school or college and the overall community of the University. The authority for adjudication of student academic and behavioral misconduct matters is delegated in two ways:

First, the Dean of the particular school or college and his or her staff has full authority regarding all academic and academic-related disciplinary matters and penalties with respect thereto. This is subject only to the provisions of this Handbook relating to appeals of such matters after the Dean has imposed a serious penalty (i.e., expulsion from the University, suspension or a request for withdrawal).

Second, the Vice Provost for Student Life has authority regarding behavioral disciplinary matters where it is anticipated that a student infraction may result in behavioral reprimand or behavioral probation, withdrawal, suspension and/or expulsion, except in matters that involve allegations of harassment or discrimination, which are addressed by the [Non-Discrimination Policy](#). For more information regarding academic and behavioral disciplinary procedures and appeal processes of these matters, please see the Academic Disciplinary Procedures, and the Behavioral Disciplinary Procedures sections of the Student Handbook, respectively.

However, social conduct and behavior in certain professional groups may be so closely related to professional suitability as to make them inseparable. Therefore, the Vice Provost for Student Life or their designee may, on a case-by-case basis, delegate to the Academic Dean of the professional school the authority and responsibility for the behavioral misconduct of his or her students. Where such delegation occurs, the Academic Dean shall have full authority respecting behavioral disciplinary matters and outcomes with respect thereto regarding their students, subject only to applicable appeal procedures set forth herein. If a determination is made now, either by the Vice Provost for Student Life or the Academic Dean of the professional school of enrollment, that the misconduct, whether it is behavioral or academic related, could in any way adversely affect patient or client interests, the student's status shall be altered to preclude any contact with patients or clients in the learning experience.

Students are accountable to both civil and University authorities for acts which constitute violations of law and this Handbook. When a student has been apprehended for violations of local, state, or federal law, the University will not request or agree to special consideration for the individual because of his or her status as a student. The University will cooperate fully with law enforcement agencies and other agencies responsible for rehabilitation. On the other hand, because of the severely disruptive nature of many violations of this Handbook, the University will normally not defer its proceedings while civil or criminal proceedings are in process. In addition, the University will not necessarily accept or be bound by the findings of civil or criminal proceedings in its proceedings.

Regarding this Handbook, alleged misconduct by a student organization is handled in a manner like that used in addressing behavioral misconduct by individual students.

Withdrawal of a student from the University does not suspend, terminate, or otherwise affect the prerogative of the University to at any time initiate, resume, or continue any disciplinary action or proceedings against a student for actions or events which occurred prior to the withdrawal.

F. Retention of Disciplinary Record and Record Check

All Disciplinary Records are maintained in the Office of Community Standards and Wellbeing. When an incident report is generated for an alleged violation of Creighton Community Standards, the result is a disciplinary file opened in the name of the respondent student. If the student is found not responsible for the alleged violations, the file will be marked no action, no record, and shall not constitute a disciplinary record. The files of students found responsible for charges against them, with outcomes less than suspension or expulsion, will generally be maintained in the Office of Community Standards and Wellbeing for seven (7) years from the calendar year of record, after which they are destroyed. Records of cases in which suspension or expulsion from the University occur, are kept indefinitely. As a part of FERPA all disciplinary records are confidential and may not be disclosed in whole or in part except as provided by law or by the written authorization of the student, under legal compulsion, or where the safety of other persons may be involved. Disciplinary records are maintained separate from the student's academic record but are part of the student's educational record.

Students with inquiries about their Creighton University discipline history should make a written request to the Office of Community Standards and Wellbeing. A written summary will be provided to the student within ten

(10) business days. Students requesting to view their discipline records must follow the procedures outlined in the [Confidentiality and Privacy of Student Records](#) section of the Handbook. You may also request a summary of your history by visiting the [Office of Community Standards and Wellbeing](#)

G. Academic Honesty Policy

A student who engages in any of the following acts of academic or academic-related misconduct is subject to disciplinary procedures and sanctions as determined by the school or college in which he or she is enrolled. Academic or academic-related misconduct is defined to include but is not limited to:

1. Unauthorized collaboration or use of external information during examinations.
2. Plagiarizing or representing another's ideas as one's own.
3. Furnishing false academic information to the University.
4. Falsely obtaining, distributing, using, or receiving test materials.
5. Falsifying academic records.
6. Falsifying clinical reports or otherwise endangering the well-being of patients involved in the teaching process.
7. Misusing academic resources.
8. Defacing or tampering with library materials.
9. Obtaining or gaining unauthorized access to examinations or academic research materials.
10. Soliciting or offering unauthorized academic information or materials.
11. Improperly altering or inducing another to improperly alter any academic record.
12. Engaging in any conduct which is intended or reasonably likely to confer upon oneself or another unfair advantage or benefit respecting an academic matter.

Academic Misconduct Procedures

The school or college, in which the student is enrolled, in accordance with the procedures of the school or college of enrollment, handles matters of academic misconduct. Academic disciplinary procedures differ from school to school. If the school or college of enrollment imposes a serious penalty (i.e., expulsion from the University, suspension, or a request for withdrawal), the student shall have the right to appeal to the University Provost, subject to the provisions outlined below.

With the consent of the Dean and the student, matters of academic and academic-related misconduct **may be resolved informally and without right of appeal**. Such informal resolution shall be reached by the respondent student and a University administrator or faculty member designated by the Dean.

Pending resolution of the matter and any permitted appeal regarding the matter, the student's status as a student remains unaltered except in cases where there are reasons relating to the physical or emotional welfare of the student or of others, or reasons involving the safety of persons or property.

Sanctions or penalties established by the school or college of enrollment may include but are not limited to reprimand, repetition of an examination or assignment under a different format, reduction of grade for an assignment, examination, or course (including assignment of a failing grade, and/or suspension or expulsion from a course), and probation. Serious penalties are expulsion from the University, suspension, and a request for withdrawal.

In academic or academic-related misconduct disciplinary cases, the following provisions shall govern appeals:

A final appeal shall be allowed if the academic misconduct results in a serious penalty (i.e., **expulsion from the University, suspension, or a request for withdrawal**).

In such cases, the affected student has the right to appeal to the University Provost. If the standards applicable to the accreditation of the school or college of enrollment require that the school or college have final authority for academic or academic related disciplinary matters, the Provost also shall have discretion in whether to hear those appeals.

Both the "Intent to Appeal" form, available from the Dean, and written appeal shall be delivered by the student to the office of the University Provost. The student shall also deliver copies thereof to the office of the Dean of the school or college of enrollment.

In all other respects, such appeals shall be governed by the provisions, time limitations, grounds for appeal, and other conditions, limitations and procedures stated in the "Appeal Process", "Grounds for Appeal", and "Disciplinary Outcomes" sections under "Behavioral Misconduct Procedures."

ACADEMIC INFORMATION

1. Confidentiality and Privacy of Student Records

Creighton complies with the “Family Educational Rights and Privacy Act” (FERPA). Information about students or former students will not be released without the consent of the student other than in the exceptions stated in the Federal Act. FERPA affords students certain rights with respect to their education records. They are:

- a. The right to inspect and review the student’s education records.

Students should submit to the Registrar, Dean, Department Chair, or other appropriate official, a written request that identifies the record(s) they wish to inspect. The University official will make arrangements for access within 45 days of the day the University receives a request for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

- b. The right to request the amendment of the student’s education records that the student believes is inaccurate or misleading.

Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identifying the part of the record they want changed and specify why it is inaccurate or misleading.

Note: The right to challenge grades does not apply under this Act unless the grade assigned was inaccurately reported.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- c. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosures without consent.

One exception that permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including Public Safety personnel and Health Education and Compliance staff), a person or company with whom the University has contracted (such as an attorney, auditor, collection agency, and the National Student Clearinghouse); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill her or his professional responsibilities for the University.

Generally, schools must have written permission from the student in order to release any information from a student’s education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- School officials with legitimate educational interest.

- Other schools to which a student is requesting transfer or enrollment.
- Specified government officials for audit or evaluation purposes.
- Appropriate parties in connection with financial aid to a student.
- Organizations conducting certain studies for or on behalf of the school.
- Accrediting organizations.
- To comply with a judicial order or lawfully issued subpoena.
- To a parent of a student under the age of 21 concerning the student's violation of any law or policy regarding the use or possession of alcohol or a controlled substance.
- Appropriate officials in cases of health and safety emergencies.
- State and local authorities, within a juvenile justice system, pursuant to specific state law.
- To victims of crimes of violence or non-forcible sex offenses.
- Disclosures to the student.

FERPA permits disclosure of education record information to a student's parent or guardian if the student is their dependent for federal tax purposes. To rely on this exception, the University must verify a student's dependent status by asking the parent/guardian to provide a copy of the portion of their tax return showing they claimed the student as a dependent. Students may grant their parents or others access to their academic records by following the procedure on their N.E.S.T. account.

FERPA also allows the University to disclose directory information without the written consent of the student. Directory information is information contained in an education record of a student which generally would not be considered harmful or an invasion of privacy if disclosed. Directory information includes the student's full name, the fact that the student is or has been enrolled, full-time/part-time status, expected date of graduation, local and permanent address(es), e-mail address(es), telephone number(s), date and place of birth, dates of attendance, division (school or college), class, major field(s) of study and/or curriculum, degrees, honors and awards received, participation in officially recognized activities and sports, weight and height of members of athletic teams, photograph(s), and previous educational agency or institution attended by the student. A currently enrolled student may request all directory information not be released by designation as such on their N.E.S.T. account. The restriction shall not apply to directory information already published or in the process of being published. Once the student has designated a confidential classification, it will not be removed until the student submits a signed authorization requesting that it be removed.

Students may file complaints with the University's privacy officer at privacy@creighton.edu.

STUDENT LIFE DEPARTMENTAL POLICIES

The Division of Student Life at Creighton exists to help students become the best possible versions of themselves. We promote learning not just as a classroom experience, but as a lifelong endeavor. Our inclusive campus culture gives all students the confidence to learn, grow and engage in their community with compassion, confidence, and character.

Choosing to join the Creighton community, whether as a student, faculty, or staff, obligates you to act in a manner that is consistent with these commitments. These Standards of Conduct apply to all Creighton University students, registered student organizations, and clubs. All members of the Creighton University community are obligated to promote actions consistent with these principles and to appropriately confront, challenge, and respond to actions that are inconsistent with these standards. Joining the Creighton University community evidences your acceptance of these commitments and agreement to strive for their achievement.

Please visit the Division of Student Life for more information on the departmental policies:

RESIDENTIAL LIFE EXPECTATIONS

We strive to improve the residential experience at Creighton through a class-year living environment that creates opportunities for students to build community, provides a holistic, living-learning experience, and supports Creighton University's Jesuit, Catholic mission and tradition. We strive to be a welcoming community for all residents and guests and encourage students to engage in meaningful conversations to expand their mind and world view. Through dialogue and reflection, we facilitate students' deeper understanding and commitment as agents of change for a global society. We expect that each student meets certain minimum standards of expected behavior and take responsibility for the consequences of their behavior.

As a residence hall student you must abide by the following:

- Federal, state, and local laws
- University policies and rules found in the Student Handbook
- Terms and conditions set forth in your
 - [Residence Hall and Food Service Agreement](#)
- [On Campus Living Policies](#) found on the Residential Life website.
- Roommate agreements

Students are responsible for knowing and following the rules and regulations of their residence hall or apartment community.

COMMUNITY STANDARDS IN THE RESIDENCE HALLS

When you are involved in community standards violation all incident reports and letters from the Resident Director and/or other University officials regarding those incidents are on file in the Office of Community Standards and Wellbeing. See [Retention of Disciplinary Record and Record Check](#)

1. Addressing a Policy Violation

Residential Life staff is responsible for addressing any policy violation that they encounter in any residence hall or apartment. Students are expected to assist staff in creating a positive living environment by addressing each other and/or notifying staff of those people who violate expectations.

It is equally expected that residents, who are involved in incidents, be courteous and cooperative. Failure to cooperate, providing false information, or acting out through verbal or physical abuse to a staff member is a serious violation. It is likewise important to notify the Resident Director or Apartment Coordinator of any incident in which you feel a staff member may have acted inappropriately.

2. Incident Reports

When a resident is involved in a policy violation or an incident, a Residential Life staff member will document the details of the situation in an incident report. Not all incident reports involve policy violations. Some are used to document equipment malfunctions, illness, theft or loss, emergencies, and any of a variety of other situations.

Because the incident report is written objectively, it is important that you give clear details of any situation in which you are involved. The Office of Community Standards and Wellbeing reviews all incident reports and may request to discuss the details of the report.

3. Meeting with a Member of the Student Life Staff

If the details of the report indicate that a student may be in violation of the Student Code of Conduct the report is referred to the Office of Community Standards and Wellbeing and a behavioral misconduct officer is assigned. When a Resident Director or another behavioral misconduct officer meets with a student who may have been involved in a community standard violation, the primary goal is to determine the circumstances of the incident and ascertain which parties are responsible for what specific community standard violations, if any. Cooperation, even if a student believes they were not responsible, is critical to the successful resolution of the incident.

A student can have their side heard in any situation as articulated in the behavioral misconduct process. All the University's behavioral discipline processes are designed to be equally fair and objective for all students. Go to [Office of Community Standards and Wellbeing](#) for more information.

Along with our efforts to give every person a fair hearing based on the circumstances of their situation; we seek to be consistent in dealing with incidents across campus. For this reason, we have some standard guidelines for outcomes from which we work.

4. Disciplinary Outcomes

A Student Life staff member has authority to levy any combination of the outcomes detailed in the Student Discipline section of the Handbook. Failure to comply with any outcome will result in additional action, including but not limited to additional outcomes. See Disciplinary Outcome Section of the Student Handbook.

OFF-CAMPUS LIVING

The Creighton University community is based on a Catholic, Jesuit tradition and is committed to supporting the intrinsic value of each human being. This tradition involves striving to create a human community influenced by the principles of justice and love, complete with respect and concern for all persons as children of God. The Creighton University community is dedicated to the promotion of values consistent with personal and academic excellence.

Consistent with our Standards of Conduct is the affirmative support for equal rights and opportunities for all members of the Creighton University community, realizing that you are a member of a larger community, understanding societal issues, and being a responsible participant in the civic and Creighton community.

Always try to do what is right and fair by treating others as you would expect to be treated yourself. Know that being a good neighbor can be difficult because people hold different beliefs and perceptions.

It is important that all of us respect the rights of others and that we accept the responsibilities, as well as the benefits, of good citizenship. This guidance gives students guidelines and understanding how behavior may affect others. **To see more about the responsibility, we have as members of the greater Omaha community please visit:** [Community and Civic Responsibility](#)

Students must adhere to the Creighton University Community Standards on and off campus. Students who allow or sponsor house parties that disturb the neighborhood and adversely affect surrounding community, will be subject to review by the University and be referred to the Office of Community Standards and Wellbeing.

1. Promote a peaceful and a respectful environment

Protect the environment from noise, litter, and other intrusions. This includes being appropriately quiet during evening and night hours, keeping auto and home stereo systems at acceptable sound levels, and not leaving litter or trash on campus, City of Omaha streets or neighbors' or students' properties.

2. Keep the exterior of your house/apartment tidy

Properly maintain off-campus rooms, apartments, or houses. This includes many of the recommendations stated above plus other vital information, such as keeping rooms, apartments, and houses litter-free and putting trash on the street curb for pick-up once per week. Students who live off-campus can contact the City of Omaha and Deffenbaugh Trash to find out about trash pickups and recycling.

3. Know your rights as a citizen of Omaha

Educate yourself on how to report things to your local precinct, Mayor's hotline (402-444-5555) or your neighborhood association. All tenants and landlords are subject to the zoning and health and safety laws of the city of Omaha. **City of Omaha's Web Page:** www.cityofomaha.org **Mayor's Hotline Web Page:** <https://mayors-office.cityofomaha.org/mayor-s-hotline>

4. Engage in the greater Omaha community

All students are encouraged to join on-campus clubs/organizations, which perform community service by working with such groups as the Sienna Francis House or Lydia House, local parishes such as Sacred Heart and Holy Family and local soup kitchens. Students who live off campus are also encouraged to join civic programs and [neighborhood associations](#)) because membership for these groups are not limited to homeowners. It is rewarding and mutually beneficial to participate in community-service learning and neighborhood activities, such as civic meetings and block parties.

UNIVERSITY POLICIES APPLICABLE TO STUDENTS

The university has many policies, available at [General Counsel](#) page. The following is a sampling of the policies most relevant to students.

A. Abortion Policy

Services for the purpose of abortion are not available to students through Creighton University.

Creighton University, a Jesuit, Catholic University, is convinced that the hope of humanity is the ability of men and women to seek the truths and values essential to human life. We value the dignity of life and the goodness of sexual expression according to the teachings of the Catholic faith. The University must however recognize the privacy of the individual's conscience. We cannot and do not police the domain of private conscience.

B. Alcohol and the Creighton Student

Creighton University recognizes that alcohol is a major influence on today's college campus and that it has a responsibility to educate students and their families on University expectations regarding alcohol. Furthermore, Creighton recognizes that it must go beyond simply informing students and their families about the legal consequences resulting from alcohol use, as Creighton's response must also address the social realities of our students while continuing to promote and educate students about the benefits of living a healthy lifestyle. The following details Creighton's approach to alcohol education, the effects of alcohol on the human body, and the University's alcohol policies.

1. Creighton's Approach to Alcohol Education

Creighton's alcohol policies are straightforward and enforce state and federal law. The University's educational position, however, calls for a response to alcohol education that goes beyond legal consequences. At Creighton, we believe the response to alcohol education must also meet the health and wellbeing needs of our students, while also considering the decisions they may choose to make because of their need to socialize.

Creighton University expects its students to abandon high-risk drinking. "To avoid binge drinking and its consequences, college students (and all people who drink) are advised to track the number of drinks they consume over a given period of time." That is why it is important to know exactly what counts as a drink.

In the United States, a standard drink is one that contains about 14 grams of pure alcohol, which is found in:

- 12 ounces of beer with 5 percent alcohol content
- 5 ounces of wine with 12 percent alcohol content
- 1.5 ounces of distilled spirits with 40 percent alcohol content

Many college alcohol problems are related to binge drinking. Binge drinking is a pattern of drinking that brings blood alcohol concentration (BAC) levels to 0.08 g/dL. This typically occurs after 4 drinks for women and 5 drinks for men—in about 2 hours.

Drinking this way can pose serious health and safety risks, including car crashes, drunk-driving arrests, sexual assaults, and injuries. Over the long term, frequent binge drinking can damage the liver and other organs." [College Fact Sheet](#)

2. Alcohol and the Body

Every person reacts differently to alcohol; some people are affected only slightly and others severely. Alcohol is a central nervous system depressant, which means the brain and spinal cord are affected and react more slowly when there is alcohol in a person's system. The more alcohol in the system, the more depressed is the central nervous system, and the greater effect. There are increased incidences of falls, accidents, vandalism, destruction of property, arguments, fights, sexual assault, other violence, and risk-taking behavior when a person is under the influence of alcohol. There is diminished performance for 24-72 hours after having had too much to drink because of the by-products produced from the metabolism of alcohol.

Some people are more susceptible to becoming addicted to alcohol than are others. This addiction is more likely to occur if a person drinks alcohol regularly at a young age (before 18) and/or if a parent, grandparent, aunt, uncle, brother, or sister has a history of alcohol abuse. There is, yet no way to know who is most susceptible to developing alcoholism or any other adverse health effects from alcohol.

3. Creighton University's Alcohol Policies

Creighton University defines misuse or abuse of alcohol as:

"Any alcohol or drug-related behavior that adversely affects or strains a person's life in regard to physical health; feelings of self-esteem; personal or family relationships; the campus community and its members; educational and occupational goals; or standing in regard to local, state or federal laws. Students regardless of age are held accountable to this policy if they come to the attention of University officials."

[The National Institute on Alcohol Abuse and Alcoholism](#) defines binge drinking as: "A pattern of drinking that brings a person's blood alcohol concentration (BAC) to 0.08 grams percent or above. This typically happens when men consume 5 or more drinks, and when women consume 4 or more drinks, in about 2 hours.

Most people who binge drink are not [alcohol dependent](#).

The University is committed to developing and sustaining University wide health norms to facilitate preventing problems related to drinking, providing resources for intervention and assistance, and maintaining a safe environment free of coercion for those who choose not to drink.

Thus, it is the position of Creighton University to promote informed choices about the responsible use of alcohol on its campus by all members of the community. Since it is important that people be aware of their responsibilities and University expectations, the following guidelines are set forth.

4. Track to Recovery from Alcohol Abuse at Creighton (TRAAC)

Creighton has developed TRAAC to care for intoxicated students who could be in danger. TRAAC provides students with proper University support and, in cases where students are reasonably at risk, the appropriate medical attention from the University Campus Emergency Department (UCED).

TRAAC Standard procedures pertaining to the Omaha campus:

- a. A student is identified as potentially being intoxicated by demonstrating one or more of the following: impaired judgment, impaired reactions, decreased coordination, or unresponsiveness.
- b. An assessment by Health Education and Compliance and field sobriety tests by Public Safety (PS) are administered. The student is transported by PS to UCED if determined appropriate by the SHS assessment.
 1. A student with a blood alcohol content (BAC) equal to or above 0.15 will be transported to the UCED.

2. A student with a BAC below the 0.15 threshold may also be transported to the UCED because of other medical findings.
- c. Parents are notified.
- d. Student is seen in the UCED to determine if further medical care is needed.
- e. If requested, PS will transport the discharged student from the UCED to their residence hall at Creighton University. PS will not transport the student to any other location.
- f. If the student fails to comply with the TRAAC standard protocol the student may be immediately suspended or expelled from the University.
- g. The incident is documented and referred for a Community Standards meeting (behavioral misconduct), which normally results in a student status of behavioral probation; \$100 alcohol intoxication fine; and additional educational outcomes.

Phoenix Health Science Campus

Students who are found to be under the influence of alcohol will be documented and a referral to the Office of Community Standards and Wellbeing will be made.

Alcohol Intervention Education - In response to concerns that students who have been to the TRAAC face severe and long-lasting disciplinary consequences, the Office of Community Standards and Wellbeing has developed an online module program. This program is an option for students who are compliant with University officials during the documentation of their TRAAC incident. Any student who is in failure to comply during an incident is not eligible for the program. Any student who has previously been to TRAAC is not eligible for the program. For more information, contact the Office of Community Standards and Wellbeing (OCSW).

5. Good Samaritan Provision

As a part of this responsibility to others, students are expected to immediately report conduct or activity which poses a danger to the community or its members. This is most important in medical emergencies due to alcohol use. Students should not hesitate to seek help because of fear of disciplinary action. The welfare of everyone in this community is paramount, and Creighton University encourages students to offer healing and assistance to others in need even under the effects of alcohol. In most cases, the help seeker will not be held responsible with a policy violation under Creighton's Standards of Conduct. The help seeker must actively seek medical assistance, give their name to the university official, and must remain cooperative at the scene.

In such cases where a help seeker would be present, the following actions will take place:

1. The help seeker will be documented and titled with the term "help seeker" next to their name in the report (as reported by RA, RD, Public safety, or other university officials to whom the help seeker sought out).
2. The help seeker will meet with Office of Community Standards and Wellbeing to discuss the situation that occurred. At this point, the Office of Community Standards and Wellbeing staff member will determine the severity of the incident that took place. In most cases the help seeker will not be held responsible, however, in the case of other policy violations (vandalism, sexual assault, violence, etc.) the student may be held to different standards and practices when outside the scope of this policy.

The risks of being a help seeker include:

- 1.) Potential for documentation of policy violation
- 2.) Potential to go through the TRAAC program
- 3.) Potential for other repercussions as deemed appropriate by OCSW when outside the scope of this policy.

The risks of NOT being a help seeker include:

- 1.) Lack of adequate medical assistance when needed
- 2.) Risk for medical emergencies
- 3.) Potential for University violations and documentation
- 4.) Potential for many other risks in relation to severe alcohol intoxication incidents

6. On-Campus Alcohol Use

- a. Prior approval must be obtained from the Vice Provost for Student Life (or their designee) for any activity where alcohol is present. It will be necessary to complete and adhere to an alcohol contract obtainable from the Student Leadership & Involvement Center.

Large amounts of alcoholic beverages are prohibited in the residence halls and at events a reasonable outsider would associate with student organizations. This includes, but is not limited to kegs, handles of liquor, and boxed wine(s), along with beer that contain 7 percentage or more alcohol percentage by volume. Games, behaviors, or devices that promote the rapid consumption of alcohol are similarly prohibited.
- i. Consuming or possessing open containers of alcoholic beverages is prohibited in hallways, bathrooms, stairwells, general lounges, lobbies, study rooms, and all public areas.

7. Off-Campus Alcohol Use

Student organizations holding off-campus events where alcohol is present are responsible for full compliance with the appropriate state law. In cases where a student organization is reportedly in violation of either the Standards of Conduct and/or Student Organizational Guidelines, each case will be referred to the appropriate hearing body. Additionally, individual members, including the organization's officers, may be held accountable for their personal behavior as well as the behavior of their guests.

Fraternity/Sorority organizations, governed by Interfraternity and Panhellenic Councils, have implemented specific alcohol guidelines that must be adhered to by all fraternity and sorority organizations.

C. Children and Vulnerable Adults

In order to ensure that the appropriate supervision of children and vulnerable adults who are involved in University-sponsored programs and programs held at the University, including the housing of children and vulnerable adults in University residence halls, it is necessary to establish certain requirements governing the presence of children and vulnerable adults on the University's campus.

G. Diversity and Inclusion

Creighton University, inspired out of a Catholic and Jesuit tradition, treasures the innate dignity of each member of our community and upholds the sanctity of each human being as a profound gift of God. Finding the resplendence of the divine reflected in the uniqueness of every person, we seek, acknowledge, and celebrate diversity at Creighton because our Catholic and Ignatian heritage inspires and impels us to do so. Diversity in principle is the “service of faith in the promotion of justice”. Diversity enhances our social selves and intellectual lives by exposing all of us to methods, styles and frames of reference that challenge our unexamined assumptions helping us unmask personal, cultural, institutionalized, and organizational discrimination and stigmatization, recognizing that ignorance and stereotypes create and sustain privileges and preference for some, while creating and sustaining marginalization and oppression for others.

In a truly catholic context, diversity at Creighton commends inclusion as a prudential, virtuous, and practical principle. Celebrating diversity at Creighton is an invitation to incarnate our mission to educate lifelong learners who will be agents for change in our local communities and in the world. Diversity at Creighton animates our varied intellectual pursuits and enriches our mission to “seek Truth in all its forms.” To this end, Creighton faculty, staff, students, and administrators seek to foster an environment of awareness, inclusion, and compassion for everyone in our community and our guests, regardless of age, culture, faith, ethnicity, immigrant status, race, gender, sexual orientation, language, physical appearance, physical ability, or social class. Our caring, hospitable community, our attention to those who are underserved, our academic and co-curricular offerings, and our admissions, hiring, and promotion policies all give testimony to our desire to make Creighton a welcoming, inclusive community. We do this by constant vigilance and reassessment of our campus climate, reaching out to those who are marginalized and whose voices are muted by the mainstream.

H. Domestic and International Travel Policy

Travel programs for curricular and co-curricular purposes involving students are focused on student learning and development.

Travel experiences provide opportunities that encourage student development and integration of new knowledge and experiences (e.g., global issues, leadership skills, maturity, and growth in cultural awareness). Depending on the site and program goals, travel programs foster discipline-specific and/or interdisciplinary global learning outcomes appropriate to the curriculum or to the mission of a student organization. Thus, travel opportunities may provide language and intercultural development as appropriate to its programmatic objectives.

Consistent with the Creighton University Catholic mission and Jesuit identity, travel opportunities ideally should provide opportunities for reflection before, during and after the experience. Travel participants should particularly take into consideration the impact the program and its participants may have on the environment and the people of the destination locations.

The student curricular learning outcomes and overall student experience shall be assessed at the conclusion of the program. Please refer to the academic assessment plan available in the College or School granting credit for international courses.

Outcomes of co-curricular travel programs are expected to match those submitted for pre-approval to the Student Leadership and Involvement Center.

Please review the information on the [Global Engagement Office Travel Registration & Insurance](#) web page for policy and guidance on planning travel.

I. Drug Use and Possession

1. Health Effects

Every person reacts differently to drugs; some people are affected only slightly, and others are severely affected. There is no completely safe drug. Illicit drugs can be harmful to health for two reasons: the effect of the drug itself and the effect of by-products, which result from processing the illicit drug.

Almost all illicit drugs are used to change a person's mood, or the way s/he feels. Any drug that changes mood does so by affecting the central nervous system and changing its ability to react normally. For example, stimulants make the central nervous system overactive while narcotics and depressants decrease its ability to react.

Illicit drugs also carry a high risk of psychological or physical dependence, i.e., the user starts to count on the drug to regulate their mood and is unable to perform routine activities without using the drug. When the body develops tolerance for and dependence on a drug, then physical dependence (addiction) is the result. The body is unable to function without an adequate supply of the drug and will have withdrawal symptoms when the supply is not adequate. Withdrawal may be as minor as discomfort (headache, restlessness, and irritability) or result in major symptoms such as grand mal seizures, coma, and death.

There is no certain way to know who is most likely to develop dependence, but it is known that people who have developed dependence on alcohol or have family members who are dependent on alcohol or drugs are at greater risk. Those who are frequently depressed have suicidal thoughts, have hallucinated or delusions should avoid street drugs because using them could make the illness worse, or cause a relapse.

2. Creighton Policy

As an academic institution, Creighton University's goal is to alleviate the problem of illegal drug use, preferably in a manner that educates rather than one that punishes. However, Creighton community members are subject to the same local, state, and federal laws that govern all citizens, including those laws that concern the use, sale, and possession of drugs. Therefore, persons engaging in such illegal actions will be subject to disciplinary procedure up to and including suspension and expulsion. Individuals cannot be protected by the University from the possible additional legal consequences of their acts.

The University policy concerning illegal drugs is as follows:

- a. Creighton University considers the use, possession, cultivation, sale, distribution, or transfer of any unlawful drug, including marijuana, unacceptable behavior that is incompatible with the educational goals of the university.
- b. Students are considered to be responsible adult citizens, and as such, are subject to civil law. In accordance with federal as well as state and local laws, the illegal use, possession, cultivation, sale, distribution or transfer of any drug, narcotic, or hallucinogenic substance including marijuana is strictly prohibited on University property.
- c. Knowledgeable association in an environment where illegal substances are being used constitutes grounds for disciplinary action.
- d. Misconduct resulting from the illegal possession, consumption, sale or transfer of drugs or narcotics renders the person subject to action ranging from rehabilitation, probation, dismissal from the residence halls, up to and including suspension or dismissal from the University.

- e. The University's disposition of individual cases does not preclude criminal prosecution in accordance with federal and/or state laws. Due process guaranteeing fundamental fairness, as determined by the University community, shall be adhered to in the treatment of these matters.
- f. See also: [Creighton University Policy 2.2.15 on Drug and Alcohol Use](#) which complies with the Drug-Free Schools and Communities Act.
- g. Felony-level controlled substances include cocaine, heroin, and other "hard" drugs, as well as THC wax/oil in any quantity and prescription drugs that are not prescribed to the person possessing or using them; Public Safety will take custody of these substances and contact the Omaha Police Department.
 - 1. For documentation purposes, Public Safety will photograph any items that are destroyed and will document property destruction using two witnesses.
 - 2. If a student does not wish an item to be destroyed and/or disputes the identity or use of the item in question, Public Safety must be notified at the time of confiscation and will hold the item until it can be identified; otherwise, items in the "Destroyed or Disposed" category will be destroyed immediately and may not be reclaimed.
 - 3. Students wishing to reclaim other confiscated items must submit a written request to the office holding the item within 5 business days of the confiscation. After this time, items may be destroyed or disposed with two witnesses.

Marijuana 101: Drug Use/Possession Course - In response to concerns that students who have been through the Community Standards process for drug use multiple times without effective outcomes, the Office of Community Standards and Wellbeing has researched and found a course to continue the education of students and foster critical thinking skills. In alignment with the Jesuit values and tenants of Cura Personalis, Magis, and the Creighton Student Credo, this program was researched with the intent of growth of the whole person. After an incident involving the possession/use of illegal substances, it is important to see the students as individuals, and this process aims to lead all its members in discovering and embracing the challenging responsibilities of their intelligence, choices, and future. We believe this program is a valuable tool to combat attitudes and choices concerning drug use, and more specifically marijuana use.

3. Douglas County (Omaha) and Nebraska State Laws Regarding Controlled Substances

- a. It is unlawful to knowingly or intentionally: (a) Manufacture distribute, deliver, dispense, or possess with intent to manufacture, distribute, deliver, or dispense a controlled substance; or (b) to create, distribute, or possess with intent to distribute a counterfeit controlled substance
- b. Any person who violates subsection (1) with respect to cocaine or any mixture or substance containing a detectable amount of cocaine in a quantity of:
 - i. At least 28 grams but less than 140 grams shall be guilty of a Class IC felony.
 - ii. At least 10 grams but less than 28 grams shall be guilty of a Class ID felony.
- c. Any person knowingly or intentionally possessing marijuana weighing more than one ounce but not more than one pound shall be guilty of a Class III misdemeanor.
- d. Any person knowingly or intentionally possessing marijuana weighing more than one pound shall be guilty of a Class IV felony.
- e. Any person knowingly or intentionally possessing marijuana weighing one ounce or less shall:
 - i. For the first offense, be guilty of an infraction, receive a citation, be fined \$300, and may be assigned to a drug abuse course.
 - ii. For the second offense, be guilty of a Class IV misdemeanor, receive a citation, and be fined \$400 and may be imprisoned not to exceed 5 days.
 - iii. For the third and all subsequent offenses, be guilty of a Class IIIA misdemeanor, receive a citation, be fined \$500, and be imprisoned for not more than 7 days.

- f. Concentrated cannabis is a highly potent extract of tetrahydrocannabinol, or THC. This deviation of traditional marijuana is considered a controlled substance and is treated differently than marijuana.
- h. It is unlawful for any person to be under the influence of any controlled substance for a purpose other than the treatment of a sickness or injury as prescribed or administered by a person duly authorized by law to treat sick and injured human beings. In a prosecution under Nebraska's controlled substance laws, it is not necessary for the state to prove that the respondent was under the influence of any specific controlled substance, but it shall be sufficient for a conviction for the state to prove that the respondent was under the influence of some controlled substance by proving that the respondent manifested physical and physiological symptoms or reactions caused by the use of any controlled substance. Any person who violates this section shall be guilty of a Class III misdemeanor.

4. Off-Campus Drug Use

Student organizations holding off-campus events are responsible for full compliance with the appropriate state law. If illegal drugs are present at the event, the organization will be referred to the appropriate hearing body for review of the reported violations of the Standards of Conduct and/or Student Organization Guidelines. Additionally, individual members, including the organization's officers, may be held accountable for their personal behavior as well as the behavior of their guests.

Violations

Violations of the Drug Policy will be referred to the Office of Community Standards and Wellbeing for the appropriate action. Violations of the policy will be subject but not limited to:

- i. fines.
- ii. suspension of University approval for the sponsoring organization or group.
- iii. other University disciplinary action.

5. Use and Possession of Mind-Altering Substances

It is a violation to use or possess mind altering substances that may be intended to create a hallucinogenic affect, as such substances represent a potential risk to the health and safety of students. Anyone found to use or possess hallucinogenic substances not otherwise covered by this policy will be reported and referred to the Office of Community Standards and Wellbeing for discipline.

6. Maricopa County (Phoenix) and Arizona State Laws Regarding Controlled Substances

Possession, use, administration, acquisition, sale, manufacture, or transportation of narcotic drugs is a crime. A person shall not knowingly:

- a. Possess or use a narcotic drug.
- b. Possess a narcotic drug for sale.
- c. Possess equipment or chemicals, or both, for the purpose of manufacturing a narcotic drug.
- d. Manufacture a narcotic drug.
- e. Administer a narcotic drug to another person.
- f. Obtain or procure the administration of a narcotic drug by fraud, deceit, misrepresentation, or subterfuge.
- g. Transport for sale, import into this state, offer to transport for sale or import into this state, sell, transfer, or offer to sell or transfer a narcotic drug.

It is unlawful for a person to drive or be in actual physical control of a vehicle in this state while there is any drug defined in Section 13-3401 or its metabolite in the person's body.

According to Arizona Revised Statutes § 13.3408, drug possession offenses can involve any of the following:

- a. Possess or use a narcotic drug – Punishable as a class 4 felony, 2.5 years in jail and/or at least \$750 in fines
- b. Possess a narcotic drug for sale - Punishable as a class 2 felony, 5 years and/or at least \$750 in fines
- c. Possess equipment or chemicals, or both, for the purpose of manufacturing a narcotic drug - class 3 felony, 3.5 years and/or at least \$750 in fines
- d. Manufacture a narcotic drug - Punishable as a class 2 felony, 5 years and/or at least \$750 in fines
- e. Administer a narcotic drug to another person - Punishable as a class 2 felony, 5 years and/or at least \$750 in fines
- f. Obtain or procure the administration of a narcotic drug by fraud, deceit, misrepresentation, or subterfuge - Punishable as a class 3 felony, 3.5 years and/or at least \$750 in fines
- g. Transport for sale, import into this state, offer to transport for sale or import into this state, sell, transfer, or offer to sell or transfer a narcotic drug - Punishable as a class 2 felony, 5 years and/or at least \$750 in fines

Anything related to having “intent to sell” can result in harsher felony charges. The lower the class number of felonies, the tougher the sentence. This means a class 1 or class 2 felony will generally lead to much more severe penalties than class 3 or 4 felonies. A drug possession with intent to sell criminal offense will almost always be punishable as a class 2 felony, which can result in the following penalties, depending on how many prior offenses the alleged offender may have on their record:

- a. No Prior Record – Minimum 4 years, Maximum 10 years in prison; probation eligible
- b. One Prior Conviction – Minimum 6 years, Maximum – 18.5 years in prison; probation eligible in special cases
- c. Two Prior Convictions – Minimum 14 years, Maximum 28 years in prison; not eligible for probation

People who are 21 or older may legally possess up to one ounce of marijuana, five grams of concentrated marijuana, or six plants under [ARS 36-2852](#).

The following amount restrictions apply:

- a. If you possess between one and 2.5 ounces of marijuana as a first offense, it is a civil offense under [ARS 36-2853](#) that is punishable by a \$100 fine.
- b. A second offense is a petty offense for which you could be ordered to attend eight hours of drug education.
- c. Finally, a third offense is a class 1 misdemeanor.
- d. The rules are more relaxed for medical marijuana.
- e. Legally grown marijuana must be kept in an enclosed, locked area out of the public's view. If there is more than one adult over age 21 in a home, they can grow a maximum of 12 plants inside.

Arizona has the Good Samaritan law, which prohibits an individual who has sought medical assistance related to an overdose from being charged or prosecuted for possession of a controlled substance if the evidence for the charge or prosecution of the drug-related crime resulted solely from seeking medical assistance; however, individuals can be prosecuted for other non-drug related crimes at the scene and arrested.

J. Electioneering

Signs are prohibited on the outside of buildings. The CSU Election Commissioner should be consulted before any campaign signs are posted. For additional information, please refer to [the Posting Policy](#).

K. Fair, Responsible, and Acceptable Use Policy for Electronic Resources Scope

This policy applies to all users of computer resources owned or managed by Creighton University, including, but not limited to, CU faculty and visiting faculty, staff, students, external persons or organizations and individuals using CU resources to access network services, such as the Internet and Intranet.

All users of Creighton University electronic resources are expected to utilize such resources in a responsible, ethical, and legal manner consistent with the Creighton University mission and policies.

Violations/Enforcement

Any known violations of this policy should be reported to the University's Information Security Officer at (402) 280-2386 or via e-mail to infosec@creighton.edu.

If University network resources and privileges are threatened by improperly maintained computing devices, Information Security and IT may act on behalf of the University to eliminate the threat by working with the relevant system administrator to quickly patch security holes. In circumstances where there is an urgent situation requiring immediate action, the device may be disconnected from the Network by Information Security or IT. To view the complete policy, click [here](#). Please see other Information Technology policies [here](#).

L. Fleeing Student Policy

Students who are at the scene of an incident where there is concern for students' safety or where conduct violations may have occurred are expected to remain at the scene of the incident until they are released by responding University staff. If a student leaves (flees) the scene of an incident without permission, the staff member will contact the student via any means possible in order to request the student's return to the scene. This includes, but is not limited to, phone, text message, or contacting the student's parent/emergency contact. Failure to return to the scene could result in disciplinary action.

M. Food on Campus

All food and beverage provided on campus must be purchased from Creighton Dining on the Omaha campus.

The University recognizes the importance of food menus to the success of certain educational and culturally diverse programs. Therefore, in the following cases the sponsoring registered organization or university department **MAY** be eligible for a waiver of catering exclusivity:

- Ethnic food banquets when Creighton Dining is not capable of providing authentic ethnic foods.
- Fundraisers (only registered student organizations are eligible).
- Promotional activities (only registered student organizations are eligible)

Individuals or organizations requesting exceptions to this policy should fill out a request form found on [CUInvolved](#). The Senior Director of Housing & Auxiliary Services will determine if the organization is eligible for an exception. If approved, guidelines will be provided on the safe procurement and distribution of food items for sale. Questions about this policy can be sent to cateringexclusivity@creighton.edu.

Phoenix Health Science Campus has different contracted food service within the City of Phoenix, but partners with Sodexo for the Market.

N. Freedom of Expression and Active Dialogue

This [policy](#) provides guidance in reconciling possible or perceived conflicts between Creighton's commitments as a Jesuit, Catholic institution and its commitments as a university when events, activities and demonstrations are hosted, sponsored, or funded by any Creighton University entity, while ensuring the orderly functioning of the University and a safe learning environment.

Creighton University strives to be a community that is dedicated to the pursuit of truth in all its forms and to the betterment of society. As a University, Creighton is committed to its role as an academic institution in which the widest possible freedom of expression and openness to diverse ideas should be responsibly presented and examined. It is because of these commitments that we embrace freedom of thought and expression. Essential elements in the Ignatian tradition offer emphases on encouragement of active dialogue and on the innate dignity of each member of our community.

As Catholic, Creighton is committed to identification with a specific religious tradition and all of its essential values. This includes critical examination of ideas and perspectives which may be or may appear to be incompatible with its Catholic tradition and mission.

Non-members of the University community who participate in demonstrations and similar activities, which violate the above guidelines, render themselves liable to legal action.

O. Fundraising

Creighton recognizes that fundraising activities are often utilized by student organizations. However, no student may use University facilities (without charge) for personal gain. All student organizations wishing to hold a fundraiser must have a completed and approved fundraising form on file in the Student Leadership & Involvement Center prior to securing room or mall reservations and prior to the event.

P. Gambling Policy

Students are expected to abide by the federal laws and applicable state laws prohibiting illegal gambling, including online gaming. Gambling for money or other things of value on campus or at University-sponsored activities is prohibited except as permitted by law. Such prohibited activity includes, but is not limited to: betting on, wagering on, or selling pools on any University athletic event; possessing on one's person or premises (e.g., room, residence unit, car) any card, book or other device for registering bets; knowingly permitting the use of one's premises or one's phone or other electronic communications device for illegal gambling; knowingly receiving or delivering a letter, package or parcel related to illegal gambling; offering, soliciting or accepting a bribe to influence the outcome of an athletic event; and involvement in bookmaking or wagering pools with respect to athletic events.

Q. Group Activity / Demonstrations

Creighton University is an academic community founded upon a belief in rational dialogue and mutual respect among its members. The opportunities for communication with the University are many and varied and the University welcomes suggestions for enlarging or improving them. The nature of the academic community demands that all members strive to maintain the rational dialogue which is the cornerstone of the University. There is no issue, be it a question of academic and administrative policy or of student rights and freedoms that cannot be approached within the framework of free discussion. The University also acknowledges the rights of members to express their views by way of individual or collective activity.

For reason of general information, assistance, and courtesy, as well as good order, the University requires that those contemplating demonstrations and similar activity make their intentions known in advance to the Vice Provost for Student Life or their designee for approval.

- Students who participate in demonstrations and similar activities which interfere with the rights of others, or the orderly functioning of the University or civic community are subject to disciplinary action.

- Additionally, students who continue to disrupt the institution after being requested to disperse by the University, subject themselves to legal action. Non-members of the University community who participate in demonstrations and similar **activities, which violate the above guidelines, render themselves liable to legal action.**

For more information and details, please see: [Freedom of Expression and Active Dialogue](#)

as well as [Freedom of Expression site on the Student Life Community](#) page

R. Harassment

Any form of harassment or discrimination is a violation of human dignity. The University strongly condemns any such harassment or discrimination. Whether verbal or physical, conduct of this sort violates another person's rights and can create an intimidating, hostile, or offensive working or learning environment.

Definition of Bullying

Harassment can include bullying, stalking, slurs, comments, rumors, jokes, innuendoes, cartoons, pranks, and other verbal or physical conduct and any other conduct or behavior deemed inappropriate by Creighton University. Allegations of harassment that are not acts of discriminatory harassment will be investigated according to the [Behavioral Misconduct Procedures](#).

Bullying

Being bullied or harassed means that someone is subjected to deliberate behavior which is hurtful, threatening or frightening and this behavior may be an isolated incident or repeated over time. Any behavior, which sets out to cause other people pain or unhappiness, may be regarded as bullying.

Bullying is not in the intention (e.g., just joking around) but in the perception of the behavior against another party. Bullying or harassment can take many forms, and without limiting its forms may include:

- **Physical Bullying:** any intentional and unwelcome use of physical contact or deliberate property damage. It includes fighting, pushing, interfering with another's property by stealing, hiding, damaging, or destroying.
- **Verbal Bullying:** use of language to threaten or hurt. This includes name-calling, offensive language, putting people down, backstabbing, and making degrading comments about another's family, religious, social, or racial background.
- **Exclusion Bullying:** leaving someone out on purpose to cause feelings of non-acceptance. It includes spreading malicious rumors, writing on posters/walls/books etc.
- **Extortion Bullying:** use of threat or power to obtain favor or goods, e.g., bullying others to provide food, money, or schoolwork.
- **Gesture Bullying:** use of non-verbal signals to cause intimidation or fear.
- **Electronic Bullying:** use of language or images to threaten and hurt by electronic means. (SMS text, emails, web sites, video, or other electronic means) (See Fair, Responsible, and Acceptable Use for Electronic Resources).
- **Psychological Bullying:** spreading rumors, excluding, stalking, dirty looks, hiding or damaging possessions.

Any other conduct that is intimidating, unwelcome or uninvited – e.g. “Just Joking” which can cause discomfort to others.

S. Hazing and Initiation

The University strictly prohibits [hazing](#) - in any form, at any time - including hazing in connection with training, indoctrination, qualification for membership, functions or activities, or initiations conducted or sponsored by any student organization, athletic team, or group of students. Hazing includes any action taken or situation created, whether on or off campus, intended to produce or which may foreseeably produce unusual or unnecessary mental or physical discomfort or pain, embarrassment, harassment, ridicule, or risk of physical, mental, or emotional harm or injury.

[Hazing](#) also includes any action or situation which is intended to be or which may foreseeably be morally, physically, emotionally or mentally degrading to any individual, or which unnecessarily exposes any individual to any risk of physical, mental or emotional harm, injury or distress beyond the risks encountered in ordinary daily life, or which is intended to intimidate or has the effect of intimidating any individual to unwillingly or reluctantly engage in any activity, or which unreasonably interferes with scholastic activities or pursuits of any individual.

As examples, hazing includes, but is not limited to, any conduct or method of initiation into or participation in **any student organization, athletic team, or other student group** which willfully or recklessly endangers the physical or mental health of any student or other person, including, but again not limited to: whipping, beating, or branding; forced, coerced or required calisthenics or physically exerting activities; exposure to weather or the elements; forced, coerced or required consumption of any food, liquor, beverage, drug or other substance; any brutal or cruel treatment; and any activity which subjects any student or other person to extreme mental stress, including any extended deprivation of sleep or rest or extended isolation.

Any form of [hazing](#) is contrary to the Student Credo of Creighton. Any individual, who believes she or he has been subjected to or has knowledge of hazing, should report the violation as soon as possible to the Office of Community Standards and Wellbeing at (402) 280-2775.

The University fully reserves to University officials the authority to interpret this policy, and to apply the policy as so interpreted, to the actions of University students and organizations, as University officials in their discretion deem appropriate under the circumstances.

[Serious disciplinary action](#) will be imposed by the University upon any student or student organization, athletic team, or group of students found in violation of this policy, up to and including revocation of the charter of, and/or withdrawal of University privileges from, a student organization, athletic team or student group and suspension or dismissal from the University of individual students determined to have violated this [policy](#).

T. Immunization Requirements

Full-time Creighton University students enrolled in in-person academic programs and/or health sciences and other programs with an experiential component are required to comply with the University's immunization requirements. Students receive approval for course registration upon the completion and verification of their immunization records as coordinated by the Student Health Education and Compliance (SHEC) office. The SHEC office is the official record keeper for Creighton University regarding student immunizations and University immunization requirements. Failure to meet these requirements will result in a registration hold. International students, health science students and residential students (living in campus housing) have additional requirements.

- Residential Students:
 - Students must have all immunization requirements completed, submitted and records verified by the SHEC office prior to registering for classes and prior to receiving a housing assignment. Students who are in the process of completing immunization

requirements (i.e., have started a series for the first time) may be granted class registration and/or housing assignment privileges at the discretion of the SHEC office.

- Health Sciences and Other Experiential Program Students:
 - Students in health sciences and other programs with an experiential component must meet immunization requirements for the respective programs and third-party sites. Exemptions granted by the University may not satisfy program and third-party site requirements. Failure to meet program or third-party site requirements may affect experiential placement and progress towards graduation.
 - Students in health sciences and other programs with an experiential component may be required to excuse themselves from a clinical assignment if they do not have immunity to a vaccine preventable disease and said disease begins to circulate in the community where their clinical rotation is scheduled. In the event students are not able to complete clinical assignments as scheduled, their program of study may need to be modified and their expected graduation date may be delayed.
- Student Travel Approved Through the Global Engagement Office:
 - Any student travel approved by the Global Engagement Office (GEO) requires compliance with GEO immunization requirements. Students must have all immunization requirements completed, submitted and records verified by the SHEC office prior by the deadlines established by GEO. Proof of immunization may be required for travel. Information on requirements is available from GEO and is subject to change based on requirements of the host country and host site. Students will be advised of any available exemptions.
- Immunization Exemptions:
 - Medical exemptions to the University immunization requirements are considered for students who have a documented medical contraindication to an immunization. For consideration, a medical exemption request, along with supporting documentation, must be submitted to immunizations@creighton.edu.
 - Religious exemptions to the University immunization requirements are considered for students who demonstrate religious or personal belief, practice, observance in conflict with an immunization requirement. For consideration, a completed religious exemption request must be submitted to immunizations@creighton.edu.
 - SHEC will normally communicate decisions within seven business days.
 - Students that receive either a medical or religious exemption are responsible for taking necessary and prescribed precautions to prevent the spread of communicable diseases.

U. Indebtedness to the University

A student in debt to the University will not be permitted to register for the following semester: nor will they be entitled to receive a transcript of their credits until this indebtedness has been settled. This regulation applies to student indebtedness to the University only and not indebtedness to student organizations. Failure to pay any balance on your student account when due may result in the cancellation or administrative withdrawal of a student's registration for the current term.

V. Insurance Requirement

All full-time, degree seeking Creighton University students are required to have Comprehensive Health Insurance. This requirement must include the following:

- National Coverage for inpatient and outpatient **medical** care.
- National Coverage for inpatient and outpatient **mental** health care.
- Coverage is currently active and maintained for the entire school year, including summers.
- Offers an unlimited lifetime maximum.

(Emergency and urgent care only coverage does not satisfy this requirement.)

Part-time students are **not** eligible for the University's endorsed Health Insurance Plan but are strongly encouraged to have coverage while attending Creighton. Any student in need is encouraged to contact Student Health Education and Compliance for assistance in determining options for coverage.

Enrollment in the University endorsed Health Insurance Plan is **automatic** for all full-time students. Once coverage is established for 31 days, it will be maintained through the end of the plan term. The Student Health Education and Compliance is the official record-keeper for the University regarding the insurance requirement.

***NOTE:** The premium for the University-endorsed Health Insurance Plan will remain on the student's account unless the waiver process is properly completed before the deadline. **This information is required on an annual basis.**

When The Student Health Education and Compliance becomes aware that the student's insurance coverage is not compliant with university requirements, the following will occur:

- Automatic enrollment into the University endorsed plan
- The tuition statement will reflect a charge for the entire premium

Creighton University Student Health Insurance Plan

As a service to students, the University endorses a comprehensive health insurance plan. This plan is available at a reasonable group rate and provides year-round coverage, with access to a robust national provider network as long as the semi-annual premium is paid.

W. Mandatory Reporters

The University requires all faculty and staff to report incidents of harassment, discrimination, sexual and/or relationship misconduct to the Title IX and Civil Rights Compliance Office. This includes employees who may have a professional license requiring confidentiality if they are not employed by the University in that professional role. Student employees, in the administration of their job duties, are also considered mandatory reporters of harassment, discrimination, sexual and/or relationship misconduct.

Individuals at Creighton University who are not considered mandatory reporters of harassment, discrimination, sexual and/or relationship misconduct (i.e., confidential staff or faculty):

- Counseling staff at Student Counseling Services
- Violence Intervention and Prevention (VIP) Center staff (Associate and Assistant Directors)

- Reports of concerning and disruptive faculty or staff behaviors must be reported to Human Resources
- Any behaviors by students, faculty, or staff that are immediate and are an emergency must be reported to the Department of Public Safety

All employees of Creighton University, including students in the administration of their job duties, are required to report suspected child abuse and neglect and suspected vulnerable adult abuse and neglect. This requirement may be more extensive than the law in an individual's state of residence.

- Under Nebraska law, all adults are mandatory reporters of suspected child abuse and neglect, and certain individuals are required to report suspected vulnerable adult abuse and neglect.
- Under Arizona law, certain individuals are required to report suspected child abuse and neglect, including individuals who have reasonable knowledge to suspect child abuse or neglect. Certain individuals are required to report suspected vulnerable adult abuse and neglect.

Additional information on the Mandatory Reporters Policy is available [here](#).

X. Missing Students Notification Policy

All institutions that receive federal funding and have a housing program must have a policy regarding missing student notification for students who reside in on-campus housing facilities, as well as procedures for notifying a person of the resident student's choice should that resident student go missing. This notification must be made within 24 hours of the institution learning that the student is missing.

All students who live in on-campus housing are affected by this policy. Certain additional conditions apply for those residential students who are under the age of 19 and not emancipated at the time they are believed to be missing.

- On-campus housing means a residential facility for students that are located on the University's campus.
- Campus means any building or property owned or controlled by the University within the same reasonably contiguous geographic area and used by the University in direct support of, or in a manner related to the University's educational purposes, including residence halls.

Designation of Confidential Missing Person Contact

The contact does not have to be a parent or guardian. The student may opt out of this provision.

Students are advised that confidential missing person contact information will be registered confidentially and retained in a confidential database. Therefore, the One Bed, One Body policy exists to assist students in their travel planning.

BEHAVIORAL MISCONDUCT PROCEDURES

1. **Preliminary Conferences** - Where there is evidence that a student is in violation of a University Community Standard (except when there is evidence that a student is in violation of the [Non-Discrimination Policy](#), the [Title IX Sexual Harassment Policy](#) or other policies outlined in this handbook. The student will be given the opportunity to discuss the matter with the Office of Community Standards and Wellbeing before the case is either decided with a private decision or referred to a Community Standards Board, a Standards Panel, or the University Committee on Student Discipline.

A student will receive written notification of the alleged violation(s) and a date by which the Preliminary Conference must be held. If a student fails to schedule or attend their Preliminary Conference meeting, an administrative decision will be held in the student's absence.

2. **Hearings** – In cases where a mutually agreeable decision cannot be made, the student will have their case referred and decided by the appropriate hearing board. The behavioral hearing officer reserves that right to refer a student's case to either the University Committee on Student Discipline or a Standards Panel.
 - a. **Right to Private Decision** - The student may have their case decided by an appropriate administrator (including but not limited to the Associate or Assistant Vice Provost for Student Life, Senior Director, Assistant Director of the Office of Community Standards and Wellbeing or Resident Director) when there is mutual consent between the student and the assigned behavioral hearing officer. There is no appeal for this type of decision.
 - b. **University Committee on Student Discipline** typically hears cases where a student status with the University is in jeopardy and could result in suspension or expulsion from the University.
 - c. **Standards Panels** typically hear cases where a student's status could result in Behavioral Probation, Behavioral Reprimand, and other outcomes.
 - d. **Community Standards Board** provide appropriate outcomes in matters involving behavioral disciplinary matters where it is anticipated that a student/student organization infraction may result in a warning or behavioral reprimand.
 - e. **Fraternity and Sorority Standards Board** may be granted authority to adjudicate specific types of cases involving Fraternity and Sorority Life organizations. The board may hear certain disciplinary cases involving Fraternity and Sorority Life organizations at the request of the Advisor(s) and with the approval of the Senior Director of the Office of Community Standards and Wellbeing in lieu of a Private Decision. (See Outcomes for Student Organizations on p. 126)
3. **Advisor-** The student or student organization has the right to the assistance of an Advisor, from within the University community, both in the preliminary conference and at the hearing of the University Committee on Student Discipline or a Standards Panel.

- a. Obtaining an Advisor is the student's or student organization's responsibility.
 - b. The student's or student organization's Advisor may not be an attorney, as our process is educational in nature and not based on a litigious or criminal process.
 - An exception to this would be a law student asking for an Advisor from the Creighton Law School, which may be an attorney.
 - An exception to this would be when a student's or student organization's status with the University is in jeopardy (i.e., Behavioral Suspension and Behavioral Expulsion), is subject to an Inherent Authority suspension by the Vice Provost of Student Life or is subject to a referral to the University Committee on Student Discipline. In these circumstances, the student's or student organization's Advisor may be an attorney. The role of the Advisor is to be a support for the student. They assist the student or student organization in navigating and understanding the student behavioral misconduct process.
 - During the hearing, the Advisor may not speak on behalf of the student or speak directly to the panel/committee.
 - If the student or student organization would like to consult their Advisor during the hearing, they may request a break or be placed in a breakout room if the hearing is held via Zoom or another remote platform.
 - Where the Advisor is an attorney, communication with the student's or student organization attorney will be by and through the Office of General Counsel. The Office of the General Counsel will be present during any proceeding where the student's and student organization's attorney is present.
 - d. Additionally, because of the potential of a conflict of interest, the Vice Provost for Student Life or their designee must approve any Division of Student Life staff (including student staff) serving as an Advisor to a student or student organization prior to the Division of Student Life staff member's involvement in the discipline process.
4. **Parent Notification** - If it is anticipated that a student infraction may result in behavioral probation, withdrawal, suspension and/or expulsion, the student's parent(s) may be notified if the student is a dependent of their parent (as defined by the federal government for income tax purposes).
 - a. A student's parent(s) may also be notified if it has been determined that a student under the age of 21 has committed a violation of the University policy on drugs and/or alcohol.
 5. **Temporary Disposition** - Pending resolution of the matter and any permitted appeal regarding the matter, the student's status as a student remains unaltered except in cases where there are reasons relating to the physical or emotional welfare of the student or of others, or reasons involving the safety of persons or property.
 6. **Referral for Prosecution** - Where reasonable cause exists to believe a student has violated local, state, or federal criminal laws — and especially where violations of laws relating to unlawful possession, use or distribution of illicit drugs or alcohol occurred on university property or in the course of any University activities — the matter may be referred to authorities for prosecution.
 7. **Anonymity within Hearings** - Anonymity will be granted when:
 - there is reasonable cause to believe that the physical or psychological welfare of the witness is in jeopardy; or
 - the witness would be subject to harassment

Upon request of the witness, the behavioral hearing officer will thoroughly investigate the incident and make a recommendation on the granting of anonymity to the chairperson of the specific hearing board.

Any statements of an anonymous witness will be given to the respondent student prior to the hearing. The respondent student may then challenge the statement and present questions to be answered by the anonymous person in a manner to be determined by the chairperson of the Committee.

Any statements of an anonymous witness will be given to the respondent student prior to the hearing. The respondent student may then challenge the statement and present questions to be answered by the anonymous person in a manner to be determined by the chairperson of the Committee.

Appeal Process for Decisions of the University Committee on Student Discipline

A decision reached by the University Committee on Student Discipline may be appealed by the respondent to the Vice Provost for Student Life. An appeal consists of a review of the written record and supporting documents based only on the grounds set forth below. Any written appeal that does not meet the grounds for appeal will not be considered. It is not the intent or purpose of the appeal process for the Vice Provost for Student Life to rehear the information that was presented to the University Committee on Student Discipline.

The appeal process described in the preceding paragraph, and the grounds for appeal described in the following paragraphs, shall also apply to behavioral misconduct disciplinary matters initially handled by the Academic Dean of a professional school pursuant to delegation to such Dean by the Vice Provost for Student Life.

Appealing party

The appealing party is responsible for proving one or more of the grounds for appeal:

Grounds for Appeal

The student may appeal on the following grounds:

- If the disciplinary outcome imposed is disproportionate to the violation(s) committed, considering the relevant aggravating and/or mitigating factors.
- If the decision is clearly unsubstantiated by the evidence, or
- If new information is presented that was not available during the investigation.
- If the procedures stated within this policy were not followed, which may have affected the outcome of the hearing.

The appeal must state the grounds of appeal and concrete facts and statements supportive of the stated grounds of appeal.

Appeal Deadlines and Expectations

1. After receiving the decision of the University Committee on Student Discipline, the appellant will then be permitted up to five (5) working days to prepare and submit a written appeal. The written appeal must cite the specific ground(s) for appeal that the appellant would like the Vice Provost for Student Life to consider and provide an explanation of why, based on these grounds, the decision of the Committee should be reviewed. Any supporting evidence or documentation that was not available at the time of the Committee hearing must be attached to the written appeal. The appeal must be in writing, signed and submitted to the Vice Provost for Student Life in person, by facsimile, or attached to an e-mail from the student's official Creighton e-mail address.
2. **Student Status during Appeal**
Pending the response to the appeal, the appellant's status as a student will remain unaltered except in cases where there are reasons relating to the emotional or physical welfare of the student or of others, or reasons involving the safety of persons or property. Appellants are not required to complete the outcomes given by the University Committee on Student Discipline until a final decision on the appeal is made by the Vice Provost for Student Life. Outcomes implemented before a student's University Committee on Student Discipline hearing including, but not limited to inherent authority suspension, contact restrictions, and counseling recommendations are in effect between the decision of the University Committee on Student Discipline and the appeal period.

Considerations and Determination of the Appeal

- Additionally, the Vice Provost for Student Life may consider an impact statement from the complainant. If the complainant submitted an impact statement to the Office of Community Standards and Wellbeing at the time the complaint was initiated, the impact statement will be provided to the Vice Provost for Student Life.
 - If the complainant has previously submitted an impact statement, the Office of Community Standards and Wellbeing will notify the complainant of the opportunity to submit a supplemental impact statement for consideration.
 - If the complainant has not previously submitted an impact statement, the Office of Community Standards and Wellbeing will notify the complainant of the opportunity to submit an impact statement for consideration.
 - The impact statement or supplemental statement must be submitted within in five (5) working days upon notification of the opportunity.
 - Complainant's statement must be in writing, signed and delivered to the Vice Provost for Student Life in person, by facsimile or by e mail using the complainant's official Creighton e-mail address.

The Vice Provost for Student Life will review and consider all materials submitted as soon as reasonably possible.

Burden of Proof

The following actions may be taken by the Vice Provost for Student Life:

- Affirm the finding of responsibility and the outcome imposed by the University Committee on Student Discipline.

- OR
- Determine if the process up to and including the University Committee on Student Discipline hearing was flawed and return the matter to the appropriate stage.

The Vice Provost for Student Life will typically make a determination within five working days upon receiving the written appeal. The Vice Provost for Student Life will provide a written notification of their determination to the appellant. The decision of the Vice Provost for Student Life is final.

B. STANDARDS PANELS

Purpose

The purpose of this process shall be to conduct hearings on alleged infractions of University rules and provide appropriate outcomes in matters involving behavioral disciplinary matters where it is anticipated that a student infraction may result in any outcome up to and including behavioral probation. The Standards Panel is not a formal process, such as a civil or criminal trial, but an educational endeavor which deals with alleged behavioral misconduct. Discipline in a university, by the very nature of the institution, is educational, for that reason, formal rules of evidence shall not apply in disciplinary hearings.

Standards Panels will occur when a mutually agreeable decision cannot be made between the student and a behavioral hearing officer, but also in cases when the Senior Director of Office of Community Standards determines that a Standards Panel is the best for the student and/or the community.

Membership

The Standards Panel will be composed of one to three staff members (usually from the Division of Student Life) that have been trained to handle student conduct matters. At least one staff member in the Standards Panel must be a member of the Office of Community Standards and Wellbeing. The Senior Director of the Office of Community Standards and Wellbeing will appoint the members of each Standards Panel.

Complainant and respondent rights and responsibilities

If there is a complainant associated with the incident, they will be given the same rights as a respondent in the incident, except for any FERPA protected information being sent to them. The following will be detailed to them during the investigation and Standards Panel process.

- They will be able to review materials and evidence that will be presented to the Standards Panel the hearing 48 hours in advance.
- They must review the materials and evidence in the Student Life Suite.
- The materials and evidence must stay in the Student Life Suite and may not be photocopied or taken outside of the suite.

The complainant and respondent are advised prior to the hearing that they may bring another member of the University community with them as an advisor (see Advisor responsibilities), but that each student is expected to present themselves in the hearing.

- The complainant and respondent must notify the behavioral hearing officer or the chairperson of the Standards Panel at least 24 hours prior to the hearing date if they will be accompanied by an advisor at the hearing.
- Attendance at disciplinary hearings will be limited to the student(s), their advisor, the behavioral hearing officer investigating the alleged misconduct, chairperson, and appointed members of the Standards Panel.
- The complainant and respondent may bring one of their parents or a legal guardian to the hearing. They must notify the behavioral hearing officer or chairperson of the hearing at least 24 hours prior to the hearing date if they will be accompanied by a parent or a legal guardian at the hearing.
 - The parent or legal guardian may only observe at the hearing.
 - They are not allowed to ask questions or make any comments.
 - They are not permitted to act as the complainant or respondent's advisor, nor are they permitted to act as a witness for them.
- Only Standards Panel members should be present during deliberations.
- The behavioral hearing officer may be consulted by the Standards Panel when considering outcome(s).

The complainant and respondent have the right to ask questions of each other, but the questions will be written in advance and reviewed by the behavioral hearing officer and chairperson of the Standards Panel at least 24 hours in advance prior to the hearing date.

- If the respondent or complainant have additional questions, it is up the discretion of the chairperson if further questions will be allowed during the hearing.

The complainant or respondent may request the privilege of presenting witnesses.

- It is the responsibility of the complainant and respondent to contact their witnesses and request their attendance at the hearing and notify the behavioral hearing officer or the chairperson at least 24 hours prior to the hearing date of the witnesses who will appear.
- The chairperson may also contact witnesses to appear before the Standards Panel.

The Standards Panel may ask questions of any witness.

The respondent has the right to know the names and hear the statements of complainants and witnesses made to the Standards Panel except in situations as described in Procedures Pertaining to Anonymity.

Written or oral statements regarding the alleged violation(s) may be submitted in advance or at the hearing by the respondent, complainant, or witnesses about the circumstances or seriousness of the alleged violation(s).

Written or oral recommendations for outcome(s) regarding the alleged violation(s) may be submitted in advance or at the hearing by the respondent or the complainant.

A recording will be made of each hearing solely for the Standards Panel's use during deliberations and for a possible appeal. No other recordings of the hearing are permitted.

Any decision made by the Standards Panel that includes the outcome of suspension are subject to the approval of the Vice Provost for Student Life. Once approved, the behavioral hearing officer or an administrative officer of the University will give the written decision to the student.

***** As stated above - the student or student organization will receive written notification of the alleged violation(s) and a date when the Standards Panel hearing is scheduled. If a student fails to schedule or attend the Standards Panel hearing, the Panel will make a decision in the student's/student organization's absence. If an absence by the student or student organization occurs the decision will be final and will not be eligible for an appeal to the Vice Provost for Student Life.**

Procedures Pertaining to Anonymity

Anonymity of witnesses will be granted a) when there is reasonable cause to believe that the physical or psychological welfare of the witness is in jeopardy; or b) the witness would be subject to harassment. Upon request of the witness, the Office of Community Standards and Wellbeing behavioral hearing officer will thoroughly investigate the incident and make a recommendation on the granting of anonymity, subject to the concurrence and approval of the Senior Director of the Office of Community Standards and Wellbeing. Any statements of an anonymous witness will be given to the respondent student prior to the hearing. The respondent student may then challenge the statement and present questions to be answered by the anonymous person in a manner to be determined by the Office of Community Standards and Wellbeing.

Grounds for Appeal

The student may appeal on the following grounds:

- If the disciplinary outcome imposed is disproportionate to the violation(s) committed, considering the relevant aggravating and/or mitigating factors.
- If the decision is clearly unsubstantiated by the evidence, or
- If new information is presented that was not available during the investigation.
- If the procedures stated within this policy were not followed, which may have affected the outcome of the hearing.

Filing the Appeal

An appeal shall not be considered to have been filed properly or timely unless it is specific. Letters must be complete enough so that a personal appearance will not be necessary. A letter, which merely lists the grounds of appeal without concern for the individual case at hand, may be dismissed as frivolous.

Appeal Deadlines and Expectations

- a. After receiving a decision from the Standards Panel, the student will then be permitted up to five (5) working days to prepare and submit a written appeal. The written appeal must cite the specific ground(s) for appeal that the respondent would like the Vice Provost for Student Life or their designee to consider and provide an explanation of why, based on these grounds, the decision of the Standards Panel should be reviewed. Any supporting evidence or documentation that was not available at the time of the Standards Panel must be attached to the written appeal. The appeal must be in writing, signed and submitted to the Vice Provost for Student Life or their designee in person, by facsimile, or attached to an e mail from the student's official Creighton e-mail address.
- b. Student Status during Appeal: Pending the response to the appeal, the student's status as a student will remain unaltered except in cases where there are reasons relating to the emotional or physical welfare of the student or of others, or reasons involving the safety of persons or property. Students are not required to complete the outcomes given by the Standards Panel until a final decision on the appeal is made by the Vice Provost for Student Life or their designee.

Considerations and Determination of the Appeal

The Vice Provost for Student Life or their designee will make a determination within five (5) working days upon receiving the written appeal. The Vice Provost for Student Life or their designee will provide a written notification of their determination to the appellant. The decision of the Vice Provost for Student Life or their designee is final.

Burden of Proof

The burden of proof rests on the appellant who must establish by presenting clear and convincing evidence that the original process or decision was substantially flawed.

Actions

The Vice Provost for Student Life or their designee may act specific to individual findings or outcomes

The following actions may be taken by the Vice Provost for Student Life or their designee:

- Affirm the finding of responsibility and the outcome imposed by the Standards Panel Hearing Board.
- Affirm the finding of responsibility and amend the outcome(s)
- Overturn the finding of responsibility
- Determine if the investigation was flawed and send it back for review to the investigator.
 - If no further evidence or information is gathered it will return to the Vice Provost for Student Life for a decision on the appeal
 - Any further evidence or new information gathered will be reviewed by the Standards Panel Hearing Board.

OR

- Determine if the process up to and including the Standards Panel hearing was flawed and return the matter to the appropriate stage.

The Vice Provost for Student Life will typically make a determination within five working days upon receiving the written appeal. The Vice Provost for Student Life will provide a written notification of their determination to the appellant. The decision of the Vice Provost for Student Life is final.

C. COMMUNITY STANDARDS BOARD

Purpose - The purpose of this Board shall be to conduct hearings on alleged infractions of University rules and provide appropriate outcomes in matters involving behavioral disciplinary matters where it is anticipated that a student/student organization infraction may result in a warning or behavioral reprimand. The hearing is not a formal process, such as a civil or criminal trial, but an educational endeavor, which deals with alleged behavioral misconduct. Discipline in a university, by the very nature of the institution is educational, for that reason, formal rules of evidence shall not apply in disciplinary hearings. In addition, members of the Board will function as a programming board for the Office of Community Standards and Wellbeing. As a programming entity, they will work to promote the Office of Community Standards and Wellbeing's four pillars: Integrity, Dignity, Community, and Development.

Membership on the Community Standards Board— All students in good academic and disciplinary standing are eligible to apply to be a member of the board. Members of the Board must be full-time, matriculated students. The general body of the Community Standards Board may consist of up to twelve (12) members selected by the Office of Community Standards and Wellbeing. Members of the Board will be trained in Creighton University disciplinary processes by the Office of Community Standards and Wellbeing. The Office of Community Standards and Wellbeing will appoint and train one member of the Board to serve as the Community Standards Board Adviser. The Board Advisor will work with the Office of Community Standards and Wellbeing to ensure accuracy and fairness in the administration of the disciplinary processes during hearings and will act as a non-voting member of the Community Standards Board.

Voting - A quorum of three (3) Board members, and the Board Advisor, is required to hear cases. All issues, findings, and outcome in a case will be decided by majority vote of the quorum. The Board's determination shall be made based on the preponderance of the evidence, or whether it is more likely than not that the accused is responsible for violating the alleged standard of conduct.

Procedures of Board Hearings

The Community Standards Board will adjudicate low-level, behavioral misconduct of the Creighton University Standards of Conduct, at the discretion of the Office of Community Standards and Wellbeing. The Community Standards Board will determine both responsibility and outcomes for students/student organizations accused of violating Creighton Community Standards. The Community Standards Board cannot suspend or expel students/student organizations. The Community Standards Board can place students/student organizations on Behavioral Reprimand along with other responsibility outcomes. ([See p.73 for outcomes](#))

The responding student(s)/student organization will receive advance written notice of the alleged violation(s) time, date, and place of the hearing. The responding student(s)/student organization and their advisor will be allowed the opportunity to review and respond to any materials or evidence that will be presented at the hearing.

The complainant may review materials, or evidence that will be presented at the hearing 48 hours in advance and must review the materials in the Student Life Suite, Creighton Hall, Room 224. The materials and evidence must stay in the Student Life Suite and may not be photocopied or taken outside of the Suite.

The responding student(s)/student organization is advised prior to the hearing that they may bring another member of the University community with them as an advisor, but that the responding student(s)/student organization is expected to present the case in their own words. The student(s)/student organization must advise the chairperson of the Board at least 24 hours prior to the hearing date and time if they will be accompanied by an advisor at the hearing.

Attendance at disciplinary hearings will be limited to the student(s)/student organization president, their advisor, the Community Standards and Wellbeing conduct officer investigating the alleged misconduct, chairperson, and appointed members of the Community Standards Board. The student may bring one (1) of their parents or a legal guardian to the hearing, and the student should advise the chairperson of the Board at least 24 hours prior to the hearing date if they will be accompanied by a parent or a legal guardian at the hearing. The parent or legal guardian may only observe at the hearing. They are not allowed to ask questions or make any comments. They are not permitted to act as the student's advisor, nor are they permitted to act as a witness for the student. Only Board members, and the Board Adviser are allowed to be present during the Community Standards Board deliberations.

The complainant and respondent have the right to ask questions of each other, but the questions will be written in advance and reviewed by the Conduct officer at least 24 hours in advance prior to the hearing date. If the respondent or accuser has additional questions, it is up to the discretion of the Conduct officer if further questions will be allowed during the hearing.

Any party to the proceedings may request the privilege of presenting witnesses. It is the responsibility of the complainant and responding student(s)/student organization to contact their witnesses and request their attendance at the hearing. The complainant and responding student(s)/student organization must also notify the chairperson of the Committee at least 24 hours prior to the hearing date of the witnesses who will appear, for approval. The chairperson may also contact witnesses to appear before the Board.

***** As stated above - the student or student organization will receive written notification of the alleged violation(s) and a date when the Community Standards Board hearing is scheduled. If a student fails to schedule or attend the CSB hearing, the Board will make a decision in the student's/student organization's absence. If an absence by the student or student organization occurs the decision will be final and will not be eligible for an appeal to the Senior Director of Community Standards and Wellbeing.**

Procedures Pertaining to Anonymity

Anonymity of witnesses will be granted a) when there is reasonable cause to believe that the physical or psychological welfare of the witness is in jeopardy; or b) the witness would be subject to harassment. Upon request of the witness, the Office of Community Standards and Wellbeing will thoroughly investigate the incident and make a recommendation on the granting of anonymity, subject to the concurrence and approval of the Senior Director for Community Standards and Wellbeing. Any statements of an anonymous witness will be given to the responding student(s) student prior to the hearing. The responding student(s) student may then challenge the statement and present questions in advance to be answered by the anonymous person in a manner to be determined by Office of Community Standards and Wellbeing.

Appealing party

The appealing party is responsible for proving one or more of the grounds for appeal:

Grounds for Appeal

The student may appeal on the following grounds:

- If the disciplinary outcome imposed is disproportionate to the violation(s) committed, considering the relevant aggravating and/or mitigating factors.
- If the decision is clearly unsubstantiated by the evidence, or

- If new information is presented that was not available during the investigation.
- If the procedures stated within this policy were not followed, which may have affected the outcome of the hearing.

Filing the Appeal - An appeal shall not be considered to have been filed properly or timely unless it is specific. Letters must be complete enough so that a personal appearance will not be necessary. A letter, which merely lists the grounds of appeal without concern for the individual case at hand, may be dismissed as frivolous.

Appeal Deadlines and Expectations

- a. **Deadline for Intent to Appeal:** If a student chooses to appeal a Community Standards Board decision, they must submit Intent to Appeal within one (1) working day from the date of receiving the Community Standards Board Decision Letter.
- b. **Deadline for Written Appeal:** The student will then be permitted up to five (5) working days to prepare and deliver a written appeal. The written appeal must cite the specific ground(s) for appeal that the responding student(s) would like the Senior Director for Community Standards and Wellbeing to consider and provide an explanation of why, based on these grounds, the decision of the Community Standards Board should be reviewed. Any supporting evidence or documentation that was not available at the time of Community Standards Board hearing must be attached to the written appeal. The written and signed appeal must be submitted to the Senior Director for Community Standards and Wellbeing in person by facsimile or attached to an e-mail from the student's official Creighton e-mail address.
- c. **Student Status during Appeal:** Pending the response to the appeal, the responding student(s)'s status as a student will remain unaltered except in cases where there are reasons relating to the emotional or physical welfare of the student or of others, or reasons involving the safety of persons or property. Students are not required to complete the outcomes given by the Community Standards Board until a final decision on the appeal is made by the Senior Director for Community Standards and Wellbeing.

Considerations and Determination of the Appeal

Upon receiving a written appeal from a student, the Senior Director for Community Standards and Wellbeing will review all materials available to the Community Standards Board. The staff of the Office of Community Standards and Wellbeing will provide the Senior Director for Community Standards and Wellbeing with the case file which includes the investigative report, a copy of the Integrity Council investigative document, work product of University representatives (including memoranda and notes that they might generate) and correspondence between University representatives.

The Senior Director for Community Standards and Wellbeing will review and consider all materials submitted to them as soon as reasonably possible.

Burden: The burden of proof rests on the responding student(s) who must establish, by presenting clear and convincing evidence, that the original process or decision was substantially flawed.

Action: The following actions may be taken by the Senior Director for Community Standards and Wellbeing, or their designee may act specific to individual findings or outcomes

The following actions may be taken by the Senior Director for Community Standards and Wellbeing or their designee:

- Affirm the finding of responsibility and the outcome imposed by the Community Standards Board Discipline.
- Affirm the finding of responsibility and amend the outcome(s)
- Overturn the finding of responsibility
- Determine if the investigation was flawed and send it back for review to the investigator.

- If no further evidence or information is gathered it will return to the Vice Provost for Student Life for a decision on the appeal
 - Any further evidence or new information gathered will be reviewed by the Community Standards Board
- OR
- Determine if the process up to and including the Community Standards Board hearing was flawed and return the matter to the appropriate stage.

The Senior Director for Community Standards and Wellbeing will provide a written notification of their determination to the appellant. The decision of the Senior Director for Community Standards and Wellbeing is final.

***** As stated above - the student or student organization will receive written notification of the alleged violation(s) and a date when the Community Standards Board hearing is scheduled. If a student fails to schedule or attend the CSB hearing, the Board will make a decision in the student's/student organization's absence. If an absence by the student or student organization occurs the decision will be final and will not be eligible for an appeal to the Senior Director of Community Standards and Wellbeing.**

DISCIPLINARY OUTCOMES FOR INDIVIDUAL STUDENTS CAN INCLUDE, BUT ARE NOT LIMITED TO THE FOLLOWING:

ACCOUNTABILITY OUTCOMES:

1. **Expulsion** - The permanent separation of the student from the University. The student will be barred from University premises.
2. **Suspension** - The separation of the student from the University for a specified period of time. The student may not participate in any University sponsored activity and may be barred from University premises. Reinstatement after disciplinary suspension requires the approval of the Vice Provost for Student Life.
3. **Behavioral Probation** - The student will be served notice that their behavior violates the University's Community Standards. The student may be barred from participation in all or designated co-curricular activities and may be subject to other outcomes. The student will be notified that any further violations of University Community Standards will in all likelihood result in suspension or expulsion.
4. **Behavioral Reprimand** - The student is warned that their conduct is in violation of University Community Standards and that further misconduct may be treated more severely.

RESPONSIBILITY OUTCOMES:

5. **Restitution** - The student is required to make payment to the University, other persons, groups, or organizations for damages that result from violations of standards.
6. **Fines** - The student will be required to pay a specified monetary fine to the University within a specified period of time.
7. **Denial of Access or Restriction of Access to a University Building or Facility** - The student will be denied access or allowed only restricted access to a specific building or facility for a stated period of time.
8. **Other Outcomes** - Other outcomes which are intended to engage the student in a positive learning experience related to their inappropriate behavior may be imposed by the University Committee on Student Discipline, Community Standards Board, Fraternity and Sorority Standards Board, or a behavioral hearing officer. These outcomes may include, but are not limited to, engaging in a campus or community service project, attending, or presenting a program related to the misconduct.

In determining outcomes for violations of University Community Standards, the person or entity providing outcomes will consider such factors as attitude of the student; past record, both positive and negative; the severity of the damage, injury, harm, or disruption done or the potential for such; the student's honesty, cooperation, and willingness to make amends; and other factors deemed material. An outcome or a combination of outcomes from among those stated above may be imposed.

D. CLUB/ORGANIZATION BEHAVIORAL MISCONDUCT PROCEDURES

Notice to the University

The University may receive notice of an allegation or potential violation of the Club or Organization Community Standards or other related policies in a number of ways, including, but not limited to:

- The filing of an incident report, Tell Someone report, or EthicsPoint report with the appropriate University department or official, including self-reporting.
- Any Campus Security Authority (CSA) made aware of any potential violation of this or other related policies.
- Any CSA observes any potential violation of this or other related policies.
- Any CSA is aware of a club/organization's climate or culture that may indicate a probability of violations of this or any other related policies.

Reporting of Serious Misconduct

Club/organization leadership is expected to report any violations committed by members of the club/organization that violate the Organization Community Standards or other University policies to the Office of Community Standards and Wellbeing (OCSW) or the Office of Title IX and Civil Right Compliance. Reportable issues include but are not limited to:

- Arrest
- Dating Violence
- Discrimination/Bias Related Incidents
- Drug Use
- Hazing
- Physical Assault
- Retaliation
- Sexual Assault
- Sexual Harassment
- Stalking

This report should provide any information known at the time of the report including:

- A detailed description of the events that transpired
- The names of known parties involved
- If any other advisors, national offices, or administrators have been notified of the incident
- The report should be made within 24 hours of identification of an incident of misconduct

Creighton University is responsible for investigating cases of serious misconduct. Clubs/Orgs should not investigate or adjudicate these matters through their own club or national process. Club/Org officers should partner with OCSW or Title IX and Civil Right Compliance to discuss membership concerns or interim options/steps that can be taken by the club/org.

Self-Reporting of Individual Misconduct and Amnesty

Club/organization leadership is encouraged to immediately report any violations committed by members of the club/organization of the Club and Organization Community Standards or other University policies to the Office of Community Standards and Wellbeing (OCSW) or the Student Leadership and Involvement Center (SLIC). This report should provide a detailed description of the events that transpired, the names of any individuals involved, and a description of any internal disciplinary actions taken by the club/organization.

If the club/organization chooses to self-report behavior in this manner, OCSW will only investigate the individual(s) implicated in the report. Unless information discovered in the investigation suggests that the incident was aided, abetted, sanctioned, or organized by the club/organization, the investigation will be limited to the individuals implicated in the self-report and not the club/organization. However, if information is uncovered in the investigation that suggests that the club/organization aided, abetted, sanctioned, or organized the event, OCSW may launch a formal investigation of the club/organization.

Students who make a complaint under this policy or who participate in an investigation related to this policy will not be charged with other minor University policy violations that are brought to light in the course of the investigation that arose out of, or were committed as a direct result of, the incident(s) under investigation (i.e. students forced to consume alcohol as part of a hazing incident will not be charged with violations of the University's alcohol policy) as long as those behaviors do not represent a threat to the health, safety or well-being of others. The University reserves the right to follow up with students related to those issues as appropriate in a non-disciplinary fashion.

Resolution Options

Upon notice of a potential violation, the Office of Community Standards and Wellbeing will conduct an initial review of the allegations to determine the legitimacy of the allegations and the applicable resolution options available to address the alleged policy violations. The determination of resolution will include consideration of the following:

- the severity of the alleged violations
- the risk of harm to other persons
- the conduct history of the club/organization
- status of the club/organization
- any other relevant factors

There are four levels of process associated with resolving alleged violations of this Code: SLIC Decision, Private Decision, Non-hearing board/panel decision, or Hearing Board/Panel Decision. A Preliminary Conference Meeting will be used when the Private Decision, Non-hearing Board/panel Decision, and Hearing Board/panel Decision are utilized. OCSW may, at any time, determine that a case should be moved from a lower tier to a board/panel decision.

1. SLIC Decision Process

In certain cases, the Office of Community Standards and Wellbeing, in reviewing the allegations, may determine that the allegations constitute a violation of policy(ies), and these violations fall under SLIC-specific violations. In these cases, SLIC or OCSW may send an outcomes letter to the club/organization representative and any other appropriate parties outlining the determination, the outcomes, and the rationale for both.

Upon receipt of this letter, the club/organization may do one of the following:

- Accept the determinations and outcomes – in this case, the club/organization will follow the directives outlined in the outcomes letter and the matter will be considered closed once the outcomes are completed. Failure to complete the outcomes may result in additional disciplinary action; or
- Decline to accept the determinations and outcomes – in this case, the matter will be forwarded for formal investigation and adjudication.

The club/organization must notify OCSW of their choice from the above within two (2) business days of receipt of the letter.

In certain cases that might otherwise constitute a SLIC decision, OCSW may determine that a different resolution option is warranted. This determination may be based upon the prior history of the club/organization or its members, the club/organization's status, any patterns of behavior, or other factors as deemed relevant.

2. Preliminary Conference Meeting and Investigation

Upon receiving notice of an alleged violation of the Club and Organization Community Standards or other University Policies involving a club/organization, OCSW, in consultation with the appropriate University departments, will conduct a preliminary assessment to determine if there is a reasonable basis for conducting an investigation into the alleged violations of University Policies. This initial assessment will include a review of the information reported. This may include, but is not limited to:

- interview(s) with the person(s) who made the report.
- review prior conduct history of the club/organization and relevant members.
- gather information that would corroborate elements of the report.
- review of any materials related to the report.

Once a determination has been made that there is evidence that a club/organization is in violation of a University Community Standard (except when there is evidence that a student is in violation of the Harassment, Discrimination, Sexual and Relationship Misconduct Policy #2.1.25) the club/organization representative will be given the opportunity to discuss the matter with the Office of Community Standards and Wellbeing before the case is either decided with a private decision or referred to a Standards Panel, Fraternity or Sorority Standards Board, or the University Committee.

The club/organization will receive written notification of the alleged violation(s) and a date by which the Preliminary Conference must be held. This notification will also be sent to club/organization Advisor(s), any relevant University departments, and if applicable, the club/organizations inter/national governing body. If the student organization representative fails to schedule or attend their Preliminary Conference meeting, a private decision may be made in the organization's absence.

If OCSW determines that no investigation is necessary, the report will be documented, and the case closed. OCSW may, at their discretion, notify the club/organization of the information received and that the matter is closed. In these cases, OCSW may choose, at their discretion, to maintain the confidentiality of any reporting party(ies).

3. Hearings

In cases where a mutually agreeable decision cannot be made, the Club or Organization will have their case referred and decided by the appropriate hearing board. The behavioral hearing officer reserves that right to refer a student organization's case to either the University Committee on Student Discipline or a Standards Panel.

- Private Decision** - The student organization may have their case decided by an appropriate administrator (including but not limited to the Associate Vice Provost for Student Life, the Senior Director, or the Assistant Director of the Office of Community Standards and Wellbeing) when there is mutual consent between the club/organization and the assigned behavioral hearing officer. There is no appeal for this type of decision.
- University Committee on Student Discipline** typically hears cases where a club/organization's status with the University is in jeopardy and could result in suspension or expulsion from the University.
- Standards Panels** typically hear cases where a club/organization's status could result in Behavioral Probation, Behavioral Reprimand, Social Probation, and other organizational outcomes.
- Fraternity and Sorority Standards Board** may be granted authority to adjudicate specific types of cases involving Fraternity and Sorority Life organizations. The board may hear certain disciplinary cases involving Fraternity and Sorority Life organizations at the request of the Advisor(s) and with the approval of the Senior Director of the Office of Community Standards and Wellbeing in lieu of a Private Decision. ([See Outcomes for Student Organizations on p. 73](#))

4. Formal Investigations and Board/Panel Decision Procedures

If OCSW determines at any point that a formal investigation is necessary, OCSW may assign the case to an investigator(s) [The Vice Provost of the Division of Student Life/Designee may serve as the investigator; however, this would preclude them from serving as a board/panel chair, voting member, or appeal officer.] for a formal

investigation. OCSW will notify the club/organization, the club/organization advisor, and other appropriate parties that a formal investigation is being initiated.

During the course of the investigation, the club/organization may request to enter information into the record and may recommend specific witnesses to the investigator. Ultimately, determinations of relevance of information or witnesses will be determined by the investigator.

In completing the investigation, the investigator(s) may:

- Make contact (if possible) with the individual(s) who submitted the initial report.
- Interview any individuals with relevant information.
- Request relevant information from club/organization members (i.e., screenshots of text messages or pictures/videos) and note whether club/organization members were compliant in sharing requested information.
- Provide relevant information at any point during the investigation to OCSW related to interim measures.
- Require club/organization members, or a select group of club/organization members (i.e., all new members of the club/organization) to participate in an interview and may restrict communication between club/organization members during the interview (for example, sequestering club/organization members in a room and prohibiting interview participants from using their cell phone or other devices during the interview/sequestration).
- Request students to undergo a physical examination by a campus health center staff member or other appropriate medical professional of the University's choosing and to sign a waiver allowing that medical professional to share a summary of the relevant results of that examination (e.g., physical abuse, BAC, drug usage, etc.). When possible, personally identifying information will be limited or redacted.

Students participating in a formal investigation process are expected to participate in an active, cooperative, and truthful manner. Failing to participate in any fashion, including failure to provide requested information or testimony, may constitute a violation(s) of the Standards of Conduct. Additionally, the investigators will document these failures and the Hearing Officer(s) may make any inferences based on these failures.

At the completion of the investigation, the investigator(s) will provide either a digital or printed copy of the investigation report (with necessary redactions) to the club/organization representative, club/organization advisor, and any other appropriate parties for review and comment. The club/organization must provide any comments related to the investigative report in writing to OCSW within two (2) business days. Upon receipt of these comments (if applicable) OCSW will generate the final report and re-share it with the club/organization representative, advisor, and any other appropriate parties in advance of the hearing. OCSW will make the final determination of the relevance of any information gathered during the investigation.

Upon completion and distribution of the final report, OCSW will schedule a meeting with the appropriate club/organization representatives to explain next steps in the adjudication process.

- **Non-Hearing Board Resolution** – The board/panel will review the investigative report in advance, determine findings of responsibility, and determine appropriate outcomes. The club/organization may accept the findings of the investigation and determinations of the board/panel based on the investigation report. If this occurs, the incident will be considered resolved and will not require a board/panel hearing.
 - The board/panel will meet and review the investigation report. During this time, they will deliberate, make a finding of responsibility, and assign appropriate outcomes.
 - The board/panel will make determination of responsibility using the preponderance of evidence (more likely than not) standard.
 - The board/panel will notify the club/organization representative of their findings in writing. The club/organization will have three (3) business days to decide whether to accept or reject the proposed findings and outcomes.

- If the club/organization does not provide a response within 3 business days, it is assumed that they are agreeing with the findings/outcomes.
- The board/panel will send a formal outcome letter to the club/organization and the case will be closed.
- **Hearing Board Resolution** – The club/organization may choose to not accept the findings of the board/panel and/or assigned outcomes made by the board/panel. If this occurs, the club/organization may choose to go through a formal hearing process in front of the board/panel. Regardless of the hearing body, the club/organization will be given a notice of the time, date, and location of the hearing at least three (3) days in advance of the hearing.
 - **Formal Hearing before appropriate hearing board/panel**

Advisors in OCSW Processes

Clubs and organizations have the right to the assistance of an advisor, from within the University community or their designated advisor, both in the preliminary conference and at the hearing of the University Committee on Student Discipline, Standards Panel, or Fraternity and Sorority Standards Board.

- a. Obtaining an advisor is the club/organization's responsibility.
- b. The club/organization's advisor may not be an attorney, as our process is educational in nature and not based on a litigious or criminal process.
 - An exception to this would be a law club/organization asking for an advisor from the Creighton Law School, which may be an attorney.
- c. The role of the Advisor is to be a support for the club/organization. They assist the club/organization in navigating and understanding the student conduct process.
 - During the hearing, the Advisor may not speak on behalf of the club/organization or speak directly to the panel/committee.
 - If the club/organization would like to consult their Advisor during the hearing, they may request a break or be placed in a breakout room if the hearing is held via Zoom or another remote platform.
- d. Additionally, because of the potential of a conflict of interest, the Vice Provost for Student Life or their designee must approve any Division of Student Life staff (including student staff) serving as an advisor to a club/organization prior to the Division of Student Life staff member's involvement in the discipline process.

International/National Organization Notification – If it is anticipated that a club/organization's infraction may result in behavioral probation, withdrawal, suspension and/or expulsion, the club/organization's international or national organization may be notified.

Temporary Disposition – Pending resolution of the matter and any permitted appeal regarding the matter, the club/organization's status as a club/organization remains unaltered except in cases where there are reasons relating to the physical or emotional welfare of the student or of others, or reasons involving the safety of persons or property.

Inherent Authority- Interim Measures – In cases where it is determined that certain continued operations of a club/organization constitute a reasonable threat of harm to individuals, damage of University premises, or disruption to the educational mission of the University, The Vice Provost for the Division of Student Life or designee may issue interim measures, up to and including an interim suspension of all club/organization activities, pending final resolution of the matter. Upon issuance of an interim measure, the Vice Provost or designee will notify the club/organization representative and other appropriate parties in writing.

Referral for Prosecution – Where reasonable cause exists to believe a club/organization has violated local, state, or federal law — and especially where violations of laws relating to unlawful possession, use or distribution of illicit drugs or alcohol occurred on University property or in the course of any University activities — the matter may be referred to authorities for prosecution.

The materials and evidence must stay in the Student Life Office and may not be photocopied or taken outside of the Office.

The responding organization is advised prior to the hearing that they may bring another member of the University community with them as an advisor but that the organization is expected to present the case in their own words.

1. The organization should advise the chairperson of the Committee at least 24 hours prior to the hearing date if they will be accompanied by an advisor at the hearing. The organization's advisor may not be a lawyer and must be on file with the Student Leadership & Involvement Center.

6. Written or oral recommendations for outcome(s) regarding the alleged violation(s) may be submitted in advance or at the hearing by the responding organization or the complainant.

Upon request of the witness, the Office of Community Standards and Wellbeing behavioral misconduct officer will thoroughly investigate the incident and make a recommendation on the granting of anonymity, subject to the concurrence and approval of the Vice Provost for Student Life. Any statements of an anonymous witness will be given to the respondent student prior to the hearing. The respondent student may then challenge the statement and present questions to be answered by the anonymous person in a manner to be determined by the Office of Community Standards and Wellbeing.

Filing the Appeal - An appeal shall not be considered to have been filed properly or timely unless it is specific. Letters must be complete enough so that a personal appearance will not be necessary. Organizations are not required to complete the outcomes given by the Fraternity and Sorority Life Standards Board until a final decision on the appeal is made by the Vice Provost for Student Life.

Considerations and Determination of the Appeal
