

Creighton University TRIO Talent Search Program 2025-2026
Consent to Release Student Records
Omaha Public Schools

The Omaha Public Schools (OPS) seeks to support students and families and to remove barriers to success in school. OPS works with Omaha area community organizations to provide district identified needs and student and family support programs. Organizations working with OPS are required to monitor and report student progress toward program goals.

Program staff requests information for student recruitment and monitoring progress toward program goals. End of year data is provided and the program uses the information to monitor and evaluate their services. OPS must approve any research to study the impact of participation in this community program using the student information. An additional consent will be required for any such research or evaluation including, but not limited to, surveys, interviews, and questionnaires.

The consent of a parent or a legal guardian of the student is required for OPS to release the requested student information from your child's education records. Eligible students aged eighteen or older may consent to the release of their own student records.

By signing this form, I give consent to the Omaha Public Schools to release all of the student information in the categories/examples listed below. I give consent to the Omaha Public Schools to release any additional student information approved by OPS in the future to the program. (Signature and date required below).
