

ACS Committee
Professional Training

July 31, 2026
Creighton University
Department of Chemistry and Biochemistry

Dear Dr. Oshin,

Thank you for your request for verification of your status as an American Chemical Society approved program. The chemistry program within the Department of Chemistry and Biochemistry at Creighton University is currently in good standing and has been approved by the ACS.

Creighton University first received ACS Approval in 1981 and submitted their most recent periodic report in 2021. Approved programs are asked to submit reports every 6 years to reaffirm their approval status. Your program's next report is due in June of 2027, at which point the program will be re-reviewed for continued certification.

Please let me know if you have any questions or concerns.

Sincerely,

Michelle M. Brooks, Ph.D.
Assistant Director, Office of Higher Education
Staff Liaison, Committee on Professional Training
