

Global Advances in Alzheimer's and Dementia Research and Treatment

Join us as Dr Sexton presents statistics on the global prevalence of Alzheimer's and dementia. She will discuss the latest research advances into risk reduction, early diagnosis and treatment for Alzheimer's and other dementia. Her talk will also highlight the role of the Alzheimer's Association in accelerating research globally through both its funding and convening of researchers.

Claire Sexton, DPhil

Senior director, Scientific Programs and Outreach at the Alzheimer's Association
