

Faculty Opening Pre-announcement

Please look for an upcoming announcement from the Department of Biomedical Sciences in the School of Medicine at Creighton University. We will be seeking applications for a tenure-track Assistant Professor position opening on August 1, 2022.

We are strengthening existing research directions in the [Translational Hearing Center](#) by establishing new laboratories in auditory and vestibular neuroscience. Special consideration will be given to those utilizing **translational** approaches to auditory and vestibular disorders, including development of othotherapeutics, genomic predisposition to, or non-genomic etiologies of, hearing loss, research audiology and clinical applications. Generous laboratory space with equipment, competitive start-up funding, and state-of-the-art research core facilities will be available.

Eligible applicants will have a Ph.D., M.D., or M.D./Ph.D. degree; postdoctoral training with significant research accomplishments and scholarly promise. Please prepare application materials to submit after August 1st 2022, including a CV, a 2-3 page summary of research plans for the next 5 years, a personal mission statement on how research and teaching activities will reflect Creighton's Catholic, Jesuit mission (see <https://www.creighton.edu/about/mission>), and the names of **three** referees who can write letters of recommendation (at least one outside the applicant's home institution). Please submit complete applications by October 15th, 2022.

Creighton University is located on 139 beautiful acres near downtown Omaha. Founded in 1878, Creighton University is a Catholic, Jesuit institution with approximately 7,000 students. Neighboring Boys Town National Research Hospital, University of Nebraska Medical Center and CHI Health Medical Center provide ample collaborative opportunities. Creighton University is an equal opportunity, affirmative action educational institution and employer, and title IX University. Applications from minorities, women, and persons with disabilities are especially welcomed.
