

Distance Pharmacy Summer Session 2023 – Tasks before you come to campus

Tasks before you arrive in Omaha

Carefully read the instructions below regarding contact information and accommodations if you are seeking them while in Omaha for your respective summer session.

- Verify and update your contact information in [NEST](#), including emergency contacts, so if we need to reach someone, we have the most current information.
- For dietary needs regarding meals that are provided, please contact [Bobbi Applegate](#)
- For lactation facilities or have any other special needs, please contact [Joann Crinklaw](#).
- Pack to bring with you and ensure you always have your Creighton student ID with you while on-campus. You will need it to access buildings while on-campus in Omaha. If you need a new ID, [contact Card Services](#).

Creighton On-Campus Housing Information (Pharmacy Students):

Creighton University Housing is excited to offer on-campus housing options to those participating in the Distance Pathway! Website for summer housing: <https://www.creighton.edu/living/summer-housing>

Applications for summer housing will be available in early April. All current Creighton students will be able to apply via the [Housing Portal](#) and can direct any specific questions to living@creighton.edu.

Please note that Creighton's undergraduate Commencement ceremony is Saturday, May 13, 2023, which will hinder Housing's ability to offer accommodations prior to that date. A limited number of housing options will be available beginning Sunday, May 14, and will be assigned based on room availability and application date.

Pharmacy students stay in Heider Hall, primarily in double occupancy, two-bedroom apartments. Two students are assigned to each apartment, and share a bathroom, kitchen, and living space.

A limited number of one-bedroom or efficiency apartments may be available to students who are seeking private accommodations. Guests will be permitted this summer as space allows, except for the first group.

If a student wants to bring a guest, they will indicate so on their application. Those desiring to bring more than one guest have the option of an entire Heider Suite for their privacy (when available). This housing option would only be offered to those bringing numerous guests, but we would not assign that space to an individual seeking private accommodations by themselves.

Private Heider Suite: \$65.00/person/night

Specific questions should be directed to Residence Hall Housing Services, summerhousing@creighton.edu.

If you would like to rent linens (flat sheet, fitted sheet, blanket, pillow, pillowcase, two towels and one washcloth) for the duration of your stay, they will be available at check in. An additional \$10 will be added to your student account for use of linens. To wash/dry laundry there is no charge.

Pharmacy students may designate their own roommates or have Summer Housing assign roommates for them.

The rate for Summer 2023 varies based on room space:

- Kenefick/Heider Private One Bedroom: \$44.00/person/night
- Kenefick/Heider Private Efficiency \$41.00/person/night
- Heider Suite Double (Private Bedroom, Shared Bath): \$33.00/person/night

Additional charges due to room damages, services, or other requests made by program participants will be the responsibility of the individual participant.

Check in begins at **3 PM on the date of arrival. Check out is at **9 AM** on the date of departure.** Students will be allowed to check-in the day before lab begins and the day after the last scheduled day of lab requirements.

Students are billed according to the dates of stay requested in this application. Changes to dates of stay must be submitted to summerhousing@creighton.edu no less than 7 days prior to your arrival.

Meal plans are not required for Pharmacy, though may be purchased if desired. Meal rate for 7 meals /week is \$66.50. More information on how to access a meal plan will be in the Housing Application.

Summer Housing Application Sign Up – <https://studentlife.creighton.edu/living/housing-process/summer-housing>

CPR Certification for Class of 2025 - DEADLINE to register is June 1, 2023

Dress & Behavior

Students must dress in a professional manner. Each student must have a clean white lab coat in the laboratory. T-shirts, shorts, jeans, and open-toed shoes are specifically prohibited. Other clothes that would be inappropriate in a direct patient care setting are also prohibited. Non-compliance with these polices will result in loss of points assigned to that dispensing lab session. All students are encouraged to follow the [recommended student dress code](#) for all other sessions. See [attendance policy](#) for information regarding requirements for summer sessions. Specific dress-code instructions for laboratory requirements will be provided by the IOR's prior to your summer session.

Parking On-Campus Information

Parking Services will offer short-term printable permits for anyone who has a short-term need not covered by other categories of parking permits. Short-term printable permits are available on [JayPark](#). All students parking on-campus are required to park in designated students lots. **Do not attempt to complete the form in NEST.** Online payment by credit card will be accepted. Visit the [Parking website](#) for more information or contact Jessica Weaver at parking@creighton.edu with any questions.

Dates of Program
